Forty-Three Years in the Public Service—The Evening Telegram.

Genoa Conference Opened Yesterday.

Nations of Four Continents Represented—
Soviet Foreign Minister Made First Attack—De Valera Still in Command of Republicans.

GENOA CONFERENCE OPENED YESTERDAY.

GENOA, April 10. The nations of four continents today began efforts to restore the world to normal conditions. All plans had been completed today for the great economic Conference generally regarded by competent judges the most important and significant assembly since the Versailles Peace Conference. The Conference is particularly to be concerned with plans for rehabilitating Central Europe and the rehabilitation of Russia. The formal opening of the sessions took place at 3 o'clock this afternoon in the historic palace of St. George.

FIRST CLASH AT CONFERENCE.

GENOA, April 10. A clash over the disarmament proposal by George Chitchein, Russian Soviet Foreign Minister, and M. Barthou, of France, threatened to disrupt the Conference. Barthou said France categorically refused to discuss disarmament at Genoa. Chitchein said she ought to be ready to do so because Briand at Washington said the Russians made disarmament impossible. It is reported Lloyd George insisted the Conference would be a failure unless it led ultimately to disarmament, but urged that before disarmament came up there must be a peace basis. He then urged the Soviet Minister to confine himself to the agenda lest he wreck the Conference. The matters on the agenda, Lloyd George said, were of enormous importance, and it would be criminal to destroy the hopes of millions by endeavouring to solve more problems than could be managed. President Facta of Italy seconded Lloyd George's appeal and the incident closed though not very satisfactorily.

GERMANY'S REPLY.

PARIS, April 10. The German reply to the Reparation Commission note which fixed the conditions of a partial moratorium of reparations payments says the German Government cannot consent to control of its revenues or expenses, and is unable to impose additional taxes of 60 billion marks.

INCORRECT.

DUBLIN, April 10. A statement issued by the Irish Republic publicity department today contradicts the rumors that Eamonn De Valera had been deposed as leader of the Republicans at a secret meeting of the Irish Republican army in Dublin yesterday.

24 KILLED.

BERLIN, April 10. Twenty-three French soldiers and one German foreman were reported killed and ten wounded by an explosion yesterday at the Huetton Smelting Works near Gliwicz, Upper Silesia. Latest accounts declare the explosion took place in the family vault of Count Elmsfeld, one of the founders of the Royal Smelting Works in the cemetery connected with the works. Unofficial reports assert a hidden mine detonated during a search for concealed arms.

NEW STEEL DISCOVERY

LONDON, April 10. The construction of telephones and

the making of motor car and aeroplane engines is likely to be revolutionized by a Sheffield discovery of Cobalt Magnet Steel, according to experts. The new steel, the invention of J. Kuehnrich of the Cobalt Steel Company, contains fifteen percent Cobalt which is said to be enormously superior to Tungsten Steel for making Magneto.

CANADA TO RAISE NEW LOAN.

OTTAWA, April 10. The Canadian Government is contemplating new loan but the amount is not determined. Tax free bonds to the amount \$182,834,600 matured December 1st. The Government does not intend to issue further tax free bonds, the Finance Minister said.

LONGSHOREMEN REFUSE.

MONTREAL, April 10. The Longshoremen have refused to accept wage cuts running from ten to thirty percent, but have not yet declared war.

COOK DISQUALIFIED.

LONDON, April 10. George Cook, Australian, was disqualified in the sixth round of the scheduled 20 round bout here tonight with Joe Beckett, champion of the Empire.

SHOOTING IN DUBLIN.

DUBLIN, April 10. A sensation was caused here tonight by the shooting of Michael Sweeney, 21 years old, who was fatally wounded. It was reported he was trying to escape from an Irish Republican army lorry.

He Tells You They
Will Build You Up.

A. McDONALD GIVES HIS EXPERIENCE WITH DODD'S KIDNEY PILLS.

He tried them for Rheumatism, backache and other troubles, and now advises his friends to use Dodd's Kidney Pills.

Stillwater, Guysboro Co., N.S., April 10th—Special—"I believe that Dodd's Kidney Pills will build up a person that is run down from whatever cause."

So says Mr. A. McDonald, a well-known and respected resident here. And Mr. McDonald gives a reason:

"I suffered from kidney complaint for ten years," he states. "I was also troubled with rheumatism, cramps in the muscles, backache and fitful appetite. I had a bitter taste in my mouth in the mornings. 'Some months ago I decided to try Dodd's Kidney Pills. I found them beneficial and suited to my case. I am still using them.' Mr. McDonald's troubles were all symptoms of Kidney Trouble. Any medical work will tell you that. And anyone who has used Dodd's Kidney Pills will tell you that Dodd's Kidney Pills are the best remedy for kidney trouble.

A Child's Guide to the Professions.

III.
THE LAWYER.

The law profession is not one which I would recommend, my son. For you to try. For lawyers very often must make all their meals upon a crust that may be dry.

A lawyer's work is dull of course and consequently is the source of language bad. I've never heard a trooper swear who could with barristers compare. Heed that, my lad.

He deals in every sort of crime from murders down to writing rhyme and things more raw. For he's a member of the Bar. No prohibitionists there are within the law.

A lawyer may stay up all night and strain his patience and his sight. This is not one. In helping clients win a case and yet these men have not the face his bill to pay.

So now, my children, you plainly see that of the things that you may be true to my word.

For though some lawyers may appear to do quite well. You must take care you don't, my son.

Claims Many Victims in Canada and should be Guarded Against.

Minard's Liniment
Is a Great Remedy, being one of the oldest remedies used. Minard's Liniment has relieved thousands of cases of Grippe, Bronchitis, Sore Throat, Asthma and similar diseases. It is an Enemy to Germs. Thousands of bottles being used every day. For sale by all druggists and general dealers.

Minard's Liniment Co. Ltd., Yarmouth, N.S.

PETER AND PAUL.

Peter's the fellow I go to whenever Paul crosses his claim. Peter is easy to deal with, Peter's not ready with blame; Paul has a way of insisting I shall be true to my word. And hints of a final accounting whenever a debt is incurred.

Peter is pleasant and smiling and ready to learn when he can. Paul offers counsel and caution and talks of the ways of a man. And whenever Paul's debts must be settled and I must return what I owe.

And haven't the money I promised, to borrow from Peter I go.

But the more that I think about Peter, the greater my fancy for Paul. I know he'd be the first to defend me if ever disaster should fall. For Peter thinks only of money and smilingly reckons his fee.

While Paul, when he whispers of caution, thinks not of himself but of me.

Paul would defend me from trouble, would shield and protect my renown. But Peter would add to my burdens and smilingly let me go down. Yes, Peter the pleasant would wreck me and gloat when I rode to my fall.

So the more that I learn about Peter, the greater my fondness for Paul.

The First Church Organ.

April 11 is a memorable date for ecclesiastical musicians, who claim on that day, in A.D. 787, King Pepin placed the first organ—which he had procured from the Byzantine Emperor—in the church of St. Cornelius at Compeigne. It was a pneumatic organ, with leaden pipes, played by an Italian priest, who had taken lessons at Constantinople. But about that time the "King of Instruments" was quite familiar to our Saxon ancestors, who had some clever organ builders, notably St. Dunstan, who erected an organ "with brass pipes," made by himself at Malmesbury Abbey, and presented other churches or convents with similar instruments.

Cut Your Fuel Bills 1/3

You should know how important it is to weather strip your house and buildings. Weatherstrips keep out cold and actually save one third of your fuel expense. Fuel is as high as ever and there is very little chance that its cost will come down soon. It is too expensive to waste. Not only can you keep out cold by installing Ceco Metal Weatherstrips, but your house is kept free from dust, dirt and soot, and the disturbance of street noises.

Ceco Metal Weatherstrips are economically installed, they last as long as the building. They are cheaper than storm sash and are far more effective. No matter whether your house is in the process of construction or old as the hills, let us show you without obligation the convenience and effectiveness of this most practical weatherstrip on the market.
