SATURDAY NICHT HOPS.

Trains will leave Port Stanley Saturday nights only, at 10 p.m., instead of

Hon. David Mills. If it turns out, eventually, that

the Hon. David Mills is offered, and to accept, a position as judge in the Supreme Court of Canada, the place will be filled by the is the strongest questions of Federal jurisprudence, and international law. It is of the utmost importance that just interpretations and large-minded views should prevail in

But while this is true, it would have been a matter of still greater importance, in our judgment, to have had Mr. Mills in the new Government, at all events for the first year or two of its career. In many respects Mr. Mills is the ablest man in Canada. Principal Grant once said the public was never properly scized of any large Canadian subject until it had been discussed by Mr. Mills. To Western Ontario, Mr. Mills has long been the principal statesman, Mr. Mills has doubtless "hustling" than others; but permanent national regard and influence seldom go to public men of the "hustling" type; and we make bold to say that today no sesses more of the statesman's hold reading, thinking public than the Hon. David Mills. No man would have contributed more to the mental resources of the new Administration. Public opinion will not be satisfied unless the great gifts are turned to account in the service of his country at the earliest possible moment.

Children's Day Draws a Multitude to Springbank.

Hundreds Spent the Day There-Band Concerts Afternoon and Evening.

Cheap fares caught the crowd yesterday, and Springbank had its biggest patronage since the Queen's birth-

day. There was a great outpouring of pleasure-seekers from all parts of the city. With its usual enterprise, the street railway company inaugurated children's day, and it was so successful that it may become a permanent feature of the summer season. Children are carried both ways for 5 cents each, and adults for 10 cents, and there is a big pile of nickels and dimes in the street railway offices.

Hundreds went down in the morning, and stayed all day. They carried lunches in shawl straps, market baskets, hand satchels, paper boxes and newspapers of all sizes and shapes, containing every picnic concomitant, from the festive sandwich to raspberry jam. They took enough to load a pro vision train; they ate enough to feed a small town; and they left enough on the grass to fill the city poor with three square meals. The children had a great time. The dear little creatures rolled down the embankments, filled themselves up to the neck with sulphur water, spilled the pickles all over the table cloth, and did a hundred other cute things that make childhood so endearing. At suppertime the green sward was dotted with tea parties, eating in picnic style, with picnic appetites. The Seventh Band gave concerts, afternoon and night. In the evening there was a double at-traction. The Salvation Army Brass Band came down on the boat, took up open from 7:30 until 9 o'clock on a position about 50 feet from the Seventh, and struck up an army tune. The hallelujah strains did not blend very well with a lively two-step, which the Seventh were working off at the time, but the audience wasn't critical and enjoyed the mixture. The street railway company handled the crowd admirably. The steamer also profited and was filled on the home trip in the evening, about 30 bicyclists also returning on her.

THE CLERICALS WIN. Brussels, July 14.—Complete returns from the election for members of the Chambers of Representatives shows that there were 105 Clericals, 18 Liberals, and 29 Socialists chosen. This gives the Clericals in the chamber a najority of 58 votes.

AT LAST!

London, July 14.-The Government of Zanzibar has at last yielded to British opinion, and has decided to abolish the legal status of slavery throughout the Zanzibar dominions in the near future. This removes the scandal of being recognized under the British flag.

BIMETALLISM IN BRITAIN. London, July 14.—The Bimetallic League of Great Britain held its annual meeting Monday in the Canon Street Hotel. The annual report declares that the cause of international bimetallism has made substantial progress during the year, both in Great Britain and abroad.

A FRIENDLY PULL. Berlin, July 14.-While the Imperial yacht Hohenzollern, having Emperor William on board, and the German cruiser Gefion, were lying at anchor in the Lysterfjord, Norway, on Saturday, the French steamer General Chanzy went aground off Floro. The Emperor sent the Gefion to pull off the French vessel, which she succeeded in doing today.

STOPPED THE GOOD WORK. Constantinople, July 14.-The Vali Crete recently consented that the British consul at Canea, assisted by the commodore of the British fleet there, should be allowed to distribute the British subscriptions for the relief of the Cretan sufferers, regardless of creed. The German, Russian, French, Austrian and Italian diplomats at Constantinople objected to the distribution, and Lord Salisbury has instructed the consul to

abandon the work of relief. MAUD'S GARDEN PARTY. London, July 14.-The Prince and Princess of Wales, in behalf of the Queen, gave a garden party at Buckingham Palace yesterday afternoon in honor of Princess Maud of Wales, who is to be married to Prince Charles of Denmark tomorrow. The state rooms of the palace were thrown open to the guests, of whom there were about 5,000, including the usual number of representatives of the English aristocracy, besides distinguished peo-

ple from the various colonies and from East India. STANLEY'S CONDITION BETTER. London, July 14.-Henry M. Stanley. after a long and exhausting struggle, is said really to have turned the corner of his grave illness, and to be on the road to recover. Unhappily, there is in his case the uncertain element of jungle fever lurking always in the background. That fever never quite leaves a man who has once been its victim, but Mr. Stanley friends are at last genuinely hopeful.

HAD ENOUGH OF SOUTH AFRICA. London, July 14.-Mr. John Hays Hammond, the American mining engineer, whose connection with the Johannesburg reform committee brought upon him sentence of death, but was for modification of the amendments pardoned by President Kruger, is in this city, and has been interviewed by a London newspaper correspondent. Mr. Hammond says that he will not return to Johannesburg, and will try to divert British capital to the United States. Being questioned on the subject of the raid, Mr. Hammond said: "I shall not testify at the trial of Dr. Jameson unless Jameson should make the statement that it was the wish of the people of Johannesburg that he should come to rescue them. We of the reform committee repeatedly told Dr. Jameson not to make the experiment, as the reform movement did not want him. But I must decline to discuss the political situa-

tion in South Africa." SUITS THE SOCIALISTS.

Berlin, July 14.-The Socialists have arranged to send thirty delegates to the coming International Socialist Congress in London, and the Polish Socialists and Anarchists will send special delegates with instructions to demand admisison to the congress. The triumph of the Populists in the Chicago convention was hailed by the Socialists here as a victory for the red flag.

A resolution will be proposed in the London congress congratulating the co-workers of the European Socialists in the United States upon the coming victory of the cause of dynamite.

REPORT ON THE JAMESON RAID. London, July 14 .- A Cape Town dispatch to the Daily News says that the select committee on the Jameson raid into the Transvaal has concluded its labors. London, July 14.-It is learned from Tromsoe, Norway, that Arnold Pike's steamer Victoria has arrived there after having visited the Swedish aeronaut, Herr 'Andree, at Dan's Island. Andree expected to be ready to start on his aerial voyage towards the North Pole early in the present month. Be-fore starting, however, it was the intention of the aeronaut to test his balloon thoroughly by sending it up attached to ropes and by telephone to the steamer Virgo, which vessel conveyed Andree and his companions and their outfit. On the way from Spitzbergen the steamer Victoria called at Advent Bay, on June 29, where it was learned that the members of the Martin-Conway party and of the Swedish Gooring-Knooring expedition were at that time at Advent Bay, which was full of ice.

Buluwayo.

Buluwayo, July 14.-News of the utmost gravity has reached this place from the Mangwe and Tati districts. It is to the effect that a rebel impi has taken up a position on the Tati road, about 25 miles south of Buluwayo. Faka, one of the most noted of the native chiefs, has joined the rebels, with reinforcements, and ordered the construction of forts on the Tati road. The Makalagas are already in great force in the northwestern part of the Tati concession.

Fighting is expected to take place immediately. Salonica, July 14.-Twenty battalions of Redifs have been called out, and ordered to join the third army corps. Six battalions, it is stated. will proceed at once to the Greek frontier, and the remainder of the levy will be distributed along the Macedonian frontier. The Salisbury Government Showing Marked Feebleness.

Its Leading Measures Being Modified or Abandoned.

London, July 14 .- The political situation has been only partially relieved by the yielding of Mr. Gerald Balfour, Chief Secretary for Ireland, to the pressure directed by Mr. T. W. Russell, member for the south division of Tyrone, and Mr. Jos. Chamberlain. to the Irish Land Bill. There is a continuance today of the demands of Mr. Russell and others for further modifications of the measure, while the press and people generally are giving expression to sentiments of extreme disgust at the feebleness displayed by the Government. Many Conservatives admit that if it were not for the divisions that exist between the Liberals and Radicals, the Government would be in a serious plight, as the Land Bill is the second Government measure of supreme importance introduced at this session of Parliament, which is now being wrecked on lines faid down by the Government. A few more bills like the Educational Bill and the Irish Land Bill, if wrecked by pressure within the party, will be sure to bring the Conservative party to such a difficult pass as will necessitate the reconstruction of the Ministry, an end to which Mr. Chamberlain, who supplies the real force of the present pressure, would not object.

Mr. T. P. O'Connor, discussing the subject in his paper, the Sun, writes: The plain truth is that, though Mr. Russell was the outward agent of this collapse, the whole affair was a personal triumph for Mr. Chamberlain and the landlord ring. The Cabinet would have paid little attention to Russell's protests, as with their large majority in the House of Commons they could easily afford to disregard the clamor of a few Ulster men. But Russell is Joe's protege and follower, and Balfour, who would smile at the idea of being disconcerted by Russell, retires from the lists before a salaried official. As Joe cannot afford to lose a supporter, he has cunningly seized the chance to as-
