WANT LONDON PASTOR.

The Vancouver World of Aug. 4 con-
tains the following reference to a popu-
lar London pastor:

"Although the pulpit of St. An-
drew's Presbyterian Church has only
been officially and technically vac-
ant for one week—having been
duly declared to be vacant last night—
hardly eight days ago—it is be-
lieved that the selection of a new
pastor may have been already ac-
complished, and that at the present
meeting on Wednesday evening of
this week the officers of the church
may extend a call. The choice is un-
derstood to be Rev. W. J. Clark of
London, Ont., an earnest and vig-
orous young minister, who is spoken of
in terms of the highest appreciation
in his own province. He has enjoyed
very good opinion of the General As-
sembly. The Rev. Mr. Clark visited
British Columbia last summer and
preached at Nanaimo during July and
August. In the latter month he also
occupied the pulpit of St. Andrew's
Church and preached to a large con-
gregation, making a very favorable
impression. His charge at the pre-
sent time is the First Presbyterian
Church of London, Ont."

Was Tortured by Eczema 30 Years

A Dreadful Case Itching Almost
Unbearable The Flies Raw
and Flaming.

Dr. Chase's Ointment.

Mr. G. H. McConnell, engineer in
Pleury's foundry, Aurora, Ont., states:
"I believe that Dr. Chase's Ointment
is worth its weight in gold. For about
thirty years I was troubled with eczema,
and could not obtain any relief. It was
so unfortunate as to have blood
poison, and this developed in eczema,
the most dreadful of skin diseases.
It was so bad that I would get up at
night and scratch myself until flesh
was raw and flaming. The torture I
endured is almost beyond description,
and now I cannot say anything too
good for Dr. Chase's Ointment. It has
cured me and I recommend it because
I know there is nothing so good for
itching skin."
Few people realize the suffering caused
by eczema and other itching skin
diseases. This is an example of what
Dr. Chase's Ointment is doing in the
way of relieving suffering mankind.
Many of the cures it brings about are
more like miracles than anything else.

Forty-Eighth Annual Convention in
Session at Cincinnati.

Cincinnati, Aug. 12.—The forty-
eighth annual convention of the inter-
national Typographical Union began
its session of four days here yester-
day with 365 delegates present. Presi-
dent James T. Lynch responded to
Mayor Christie's address of welcome.
Among those in attendance were many
women, here for the first convention
of the ladies' auxiliary.

A resolution of sympathy and sup-
port of the United Mine Workers in
their anthracite strike was adopted.

The report of Secretary-Treasurer
Branwood showed that the receipts
from June 1, 1901, to May 31, 1902, were
\$181,141, and the expenditures \$145,760.
The present membership is 39,711—typo-
graphical, English and German, 27-
986; photo-engravers, 476; mailers, 739;
type foundry, 497; newspaper writers, 73.

There were 20 strikes in all during
the year, nine resulting in victory for
the union, three being lost, and eight
in progress.

The Stereotypers' and Electrotypers'
Union is also in session here as an
independent body, though closely
affiliated with the Typographical
Union.

ACTED LIKE MAGIC

A French Gentleman's Opinion of
Dodd's Kidney Pills and What
They Did for Him.

St. Urbain, Que., Aug. 11.—(Special).
—Narcisse Barrette, of this place, says:
"For more than 15 years I suffered
with a severe malady of the back and
kidneys, which caused me horrible
pains."
"I tried many doctors but the relief
I could get was only temporary and
the disease returned. I was treated
almost beyond endurance."
"I had Rheumatism as well as Back-
ache, and I would rather die than
suffer again the way I did."
"After trying the best treatment
and almost everything else without
any good result, I began to use Dodd's
Kidney Pills. They acted almost like
magic. I am now in perfect health
and work every day."

Insured for \$150,000.

Detroit, Aug. 12.—Insurance men
flocked to the office of the late Sena-
tor McMillan yesterday morning,
eager to adjust the policies on his life.
The late Senator had about \$150,000 in-
surance on his life.

Shock Felt for Miles.

Pateron, N. J., Aug. 12.—A tremen-
dous explosion occurred yesterday
in the works of the Laidlaw and
Powell Company at Wanaque.
The building in which the blast was put
on the powder blew up, and the shock was
felt for many miles. There was no
injury to the building, but three men
were in the building at the time, and
they were hit by flying splinters. It is be-
lieved their injuries are not fatal.

Made a Lake of Petroleum.

Mass City, Mich., Aug. 12.—While
digging for water on his homestead
near here, John Pearson uncovered a
vein of oil which gushed out in large
volume. The petroleum covered sev-
eral acres some inches deep, and a
lake rapidly formed, no apparatus
being at hand to stop the flow. The
oil is of excellent quality and appears
to be inexhaustible in quantity.

Boy Charged With Murder.

St. John, N. B., Aug. 12.—In a crowd-
ed court room last night, when
Corner Dryden presented the inquest
into the death of Willie Doherty, the
17-year-old lad, found dead near Rock-
wood Park, on Aug. 4, Friday, was
aged 14, told a terrible story of youth-
ful crime. He swore that on Aug. 1
he saw Frank Higgins, aged 16, firing
four shots at Doherty and then pound-
ing him on the head with the revolver
butt. Both Higgins and Goodspeed have
been under arrest for several days. The
 motive for the crime was robbery, as
Doherty had some money hid, which
he had stolen. The jury brought in a
verdict of murder, charging Hig-
gins with the crime.

MICHIGAN MINERS START IN TO WORK

More Are Reporting Than
Went on Strike.

COST OF MILITIA TO TORONTO

Chicago Threatened With a Street
Railway Strike—Situation in
Pennsylvania.

MINERS GO TO WORK.

Saginaw, Mich., Aug. 12.—Reports re-
ceived at the operators' general office
here show that all the mines opened
for work yesterday morning. In
many cases more miners reported than
had been employed when the strike
was declared. General Manager Ham-
dall, of the Saginaw mines, says the
entire week will be required to place
the mines in workable condition. At
present more men are on hand than
are needed.

CHICAGO IN CHICAGO.

Chicago, Aug. 12.—An attempt is to
be made to call out all the employees
of the Union Traction, the Consoli-
dated Traction, and the Chicago City
railway companies—5,000 men. Last
night at a joint meeting of the execu-
tive boards of the various locals of the
union, a strike programme was pre-
sented for ratification. The time
named for calling out the men is Fri-
day of this week.

COUNTING THE COST.

Toronto, Aug. 12.—The Dominion
Government has billed the city for the
services of the militiamen here dur-
ing the progress of the street car men's
strike. Contrary to expectations, the
bill amounts to considerably under
\$5,000, the estimate at the time the
volunteers were called out. The total
of the bill rendered today amounts to
only \$1,875.88, but this does not in-
clude transportation of the troops from
Niagara to the city, which will in all
probability bring the total amount due
up to \$3,000 or \$3,500.

AT SHENANDOAH.

Shenandoah, Pa., Aug. 11.—No col-
leries started in this vicinity to-
day. This is the beginning of the
fourteenth week of the strike. The
mine workers in several of the small
settlements today to take up
matters pertaining to the relief of
members. Officials of the union say
there is very little distress, and this
is being looked after promptly by the
relief committee.

In speaking of the conditions in this
immediate vicinity, Col. Hoffman, of
the Eighth Regiment, said today that
many barefooted women and children
come to the camp daily who take
away with them the scraps of food
thrown out of the mess tents. He
said they are not all foreigners, but a
good percentage belong to the English-
speaking classes.

RAIDING THE COUNTRY.

Complaint was made by brigade head-
quarters today that strikers are for-
aging in the rich agricultural district
of the Catawissa Valley. The life of
one farmer has been threatened be-
cause he attempted to protect his prop-
erty, and the raids have reached such
serious proportions that the farmers
are preparing to take some concerted
action to stop further depredations.
One farmer has several men patrolling
his farm day and night. The foragers
do not confine themselves to stealing
crops, but also take poultry.

The soldiers in camp are daily feed-
ing several hundred women and chil-
dren. They come there saying they
are hungry, and as there is more food
in the camp to supply the wants of
the men, the officers permit the
soldiers to give something to the
needy applicants.

A DENIAL.

The officials of the mine workers'
union deny there is any actual want.
They maintain the local unions are
well able at this time to take care of
all cases of distress.

SOME PERSONS have periodical at-
tacks of Canadian cholera, dysentery
or diarrhea, and have to use great pre-
cautions to avoid the disease. Change of
water, cooking and green fruit is sure to
bring on the attacks. To such persons we
recommend Dr. D. Kellogg's
Dysentery Cordial as being the best
medicine in the market for all summer
travellers. A few drops taken in wa-
ter when the symptoms are noticed,
no further trouble will be experienced.

The nutritive value of 13 cents' worth
of 2 per cent milk is equal to 25 cents'
worth of round beefsteak.

Mrs. Winslow's Soothing Syrup.

Has been used for over FIFTY YEARS
BY MILLIONS OF MOTHERS FOR THEIR
CHILDREN WHILE TEething, with
CERTAIN SUCCESS. IT SOOTHES THE
CHILD, STRENGTHENS THE GUMS, ALLAYS

mining on a large scale on the Rand
is not likely to last much more than a
quarter of a century.

A Cold Bath on a Hot Day.

A cold bath on a hot day is refreshing.
Every pore of your body is more open in
hot weather and requires more frequent
cleansing than in cold weather. The pores
in hot weather absorb more freely than in
cold weather; it is therefore most unde-
sirable, after taking a morning bath, to
cover the body with underclothing that
has been washed with adulterated common
soap. For comfort, cleanliness, and free-
dom from skin disease, the clothing worn
next the skin should be washed with a
pure and well-made soap. If Sunlight
Soap be used in the laundry your pores
absorb purity.
