H. W. BURNETT & CO., City Warehouses-9 and 11 Queen Street East, Toronto. 80n

TELEGRAPHIC BRIEFS.

Rev. Prof. Elliott's 8-year-old daughter was fatally burned at Montreal.

Archibald Peppers, a Hamilton hotel-keeper took a dose of strychnine with fatal effect.

Mrs. Edgward Yon, of Montreal, lost her life in a fire that destroyed the family dwelling.

A speed of one mile in a minute and twenty seconds is claimed for Mr. C. R. Hudson's steam yacht in a test on the Hudson River.

The issue of new stock of \$1,030,000 of the Nova Scotia Steel and Coal Company offered to shareholders at par has been subscribed for in its entirety.

George Thompson, a Hamilton man convicted on Tuesday of an indecent assault on Myrtle Mitchell at the Toronto Exhibition grounds, was given two years, less one day in the Central Prison.

The French Government has stopped payment of the salaries of eighteen priests, belonging to various parishes of Brittany, who took prominent parts in the recent troubles accompanying the closing of the unauthorized schools.

Fire destroyed the plant of the Independent Brewery Company, Cincinnati, when Charles Jennings and Charles Hollis were caught under a falling wall and were severely injured. Jennings probably fatally. The loss is estimated at \$100,000; fully insured.

Vacant Seat in Quebec.

Montreal, Sept. 8.-At St. Scholastica Justice Taschereau gave judgment in the Two Mountains contested election case.

For Two Mountains, was unseated, and his election was annulled for corrupt practices. Mr. Ethier thereupon tendered his resignation, and a new election will shortly be held.

W. J. Stanley, one of the telephone construction gang, was killed on Monday morning. He was working at the top of a 25-foot telegraph pole, removing the wires, when the pole, which was rotten at the base, fell to the ground, throwing Stanley on a pile of steel rails. Luckily, he was not badly injured.

THERE SEEMS VER LITTLE HOPE OF HAVING CHEAP COAL

Consumers Must Expect to Pay High Prices.

Lines are tightly drawn

Strike Has Entered Upon Its Eighteenth Week-Operators Look for a Break.

Philadelphia, Pa., Sept. 8.-The anthracite mine workers' strike enters upon its eighteenth week today, with the lines between the operator and the miner drawn almost as tightly as when the suspension was inaugurated on May 12. There were many predictions that the contest would be over by the first week in September, but if the officials of the Mine Workers' Union are to be believed, the struggle will continue for months. The coal trade, that the strike will be ended this month. President Mitchell, of the union, maintains he knows nothing of any meetings on foot looking to that end.

EXTRA LEGISLATURE SESSION.

The only move now in contemplation is the suggestion that Gov. Stone call an extra session of the Legislature for the purpose of passing a law that would have the effect of amicably and speedily ending the deadlock. Gov. Stone has given the matter considerable thought, and has announced that if a bill can be framed that will have the desired effect he will immediately convene the Legislature.

Last week's meeting of the mining region than in any previous week since the strike began. Statements have been

made by mining officials that the shipments for the last six working days aggregated 100,000 tons. The normal weekly output is a little more than 1,000,000 tons.

CURT OF STRIKE.

Indianapolis, Ind., Sept. 8.-Secretary Wilson of the United Mine Workers, on Saturday gave out this statement on the strike situation which completed its seventeenth week.

Approximate loss, \$100,000,000.

Length of strike, seventeen weeks.

Number of miners involved, 147,000.

Miners' average weekly wages, \$7.

Average weekly output of mines, 1,000,000 tons.

Normal price of anthracite coal, \$4.50 per ton.

Normal cost of producing coal, \$1.50 per ton.

Had mines been operated 21,500,000 tons would have been mined in the period covered by the strike.

Market value of this coal would have been \$32,625,000.

Total cost of producing coal ready for market would have been \$31,875,000.

Operators profit would have been \$750,000.

Loss to mining property during idleness, \$2,000,000.

Operators have spent \$1,000,000 in policing and protecting property.

Loss to Pennsylvania has spent \$300,000 to keep troops in the field.

COAL HELD BY THE RAILROADS.

All the fuel that is leaving the coal fields is not reaching the markets.

Considerable quantity is being taken by the railroads for their own use.

The coal companies say they have long lists of names of men who are ready to return to work, but are unwilling to take the chance because they fear violence.

With the coming of cooler weather the companies look for a break.

Company officials do not look for a rapid decline in the price of coal after the strike is over, because the demand will be greater than the supply. It is estimated that not more than 75 per cent of the mines will be in condition for immediate operation when the strike is ended.

than would have been the case had they placed orders on the continent."

THE BOER CONFERENCE.

What transpired at Friday's conference little more than a desire to secure when one member of the cabinet receives a trade or other delegation in support of its particular views.

No topic really so far as their relations to the outside world are concerned, could be admitted to discussion; such points are irreconcilably settled when the terms of peace were signed.

The concessions which the Boer generals urged Mr. Chamberlain to make were virtually impossible for the British Government to accept.

Boers, especially to land owners, but of comparatively small importance to the rank and file in England, except to those who have invested in the Boer bonds, are directly concerned in South Africa.

The British Government will give the Boers all it can, in a desire to gain their co-operation in the establishment of the new regime, but already there is a good-sized storm brewing among the Boers of Cape Colony, Natal and Rhodesia, and among the British residents of the South African colonies over what is termed "the Boer Government's anxiety to reward disloyalty and aggression."

One of the colonial premiers recently said to a representative of the Associated Press: "Mr. Chamberlain is more scared now by the South African loyalists than he ever was by the Boers. With such conditions prevailing it is obviously impossible for Mr. Chamberlain immediately to secure any important concessions for the Boers, even though he may recognize the justice of their claims."

DUKES FAMOUS STABLE.

The Duke and Duchess of Fife, who are now at Mar Lodge, Scotland, have been exciting much admiration by the magnificent stud of horses they have acquired. They are remarkable for their style and speed. The stud numbers about 20 riding and carriage horses.

CANADIAN LANE BOOM.

The Investors' Review, in an article on the Canadian land boom, refers to the rapid rise of certain shares, and says newspapers have done their utmost to help on the boom by statements and interviews when the facts are very largely untrue.

There are part and parcel of the game, and the whole thing is very largely a nature of a fake originated by unscrupulous financiers, who thus agree to enrich themselves and who are not to be trusted farthing for the misery their schemes are certain to bring on their victims.

PUT TACKS ON RACE TRACK.

The frequenters of trotting meetings round Paris are interested in an affair which the principal owner concerned in which is a wealthy bookmaker, Paul Blain, who placed a green board studded with nails upon the track, and he stated that his purpose was to puncture the pneumatic of the sulkes and trotters and thus win money.

Many officers used the track for riding exercise, increasing the gravity of the matter. Further proceedings were postponed.

NEW IDEAS OF RELIGION.

Rev. Wilson Carlisle, honorary chief secretary of the Church Army, which he founded in the slums of 1882, is introducing what is designated here as "American ideas of religion," with a vigor that startled his more orthodox brethren.

His latest is a moving picture service, commencing next week.

The pictures will be the chief attraction of the midday service at his church in East Cheap. Only sacred representations will be allowed, accompanied by a short address. By this means the Rev. Mr. Carlisle hopes to attract Londoners to his church.

At the conclusion of the service all the worshippers will be given a free cup of coffee. The Rev. Mr. Carlisle will precede this service Sept. 19 with a surplined choir and band procession through the graveyard opposite Billingsgate Market, where he will deliver an address

on the deliberations of the Trades Union Congress. Thence he will return to his church for the moving picture service.

ALPINE ACCIDENTS.

According to recent statistics, Alpine accidents this season registered over sixty victims, thirty-six above the average, from Aug. 10 to 24. Sixty-two fatalities took place, including three deaths, on Mont Blanc; six on the Wetterhorn, two in the Caillon Vauts, two in the Grisons and two in the Alps of the Canton Vaud.

The Wetterhorn thus holds the record.

The majority of the accidents were due to natural phenomena and occurred in
