

# Body-Building and BOVRIL

DIGESTION and assimilation are dependent upon very small matters.

You may swallow large quantities of nutritious food but, if the functions essential to the work of digestion and assimilation are out of order, the food fails to nourish and strengthen you.

The physiological tests made by Professor Thompson, M.D., Sc.D., which were fully reported in the "British Medical Journal," demonstrated clearly that "BOVRIL" assists the digestion and absorption of food in a very special manner. The tests established incontrovertibly:

1. The remarkable food value of "BOVRIL."
2. The peculiar power of "BOVRIL" in enabling the system to extract the full store of nutriment from ordinary food.
3. That these two properties give "BOVRIL" a body-building power of from 10 to 20 times the quantity of "BOVRIL" consumed. (See Diagram).

**BOVRIL**  
is more than a food

## MEDS ALL READY FOR SARNIA TODAY

Blackboard Talk With Final Instructions to Players Was Held Last Evening.

The members of the Western University football squad were excused from hard practice last night, but a blackboard talk was held at the Medical School at 7 o'clock and all the different parts were described by Captain Bordland and Manager Stevens so that no mistakes might occur during the game.

After the talk was over a meeting of the players and the executive was held at the Tecumseh House, and addresses were made by President Inkster and several others. The players were cautioned not to indulge in rough play, as the officers will remove any man from the game who indulges in underhand tactics. Rough playing disgraces the patrons as well as weakens the team, and the officials will be instructed to penalize all offenders.

It was decided to form a second team, and Freeman, one of the students at the Medical College, was elected captain of the new team. As the first team will be playing in Sarnia on Thanksgiving Day, a game will be arranged with Victoria University of Toronto for an exhibition game here on that day. If that team cannot be secured some other college team of Toronto will be engaged.

The spectators at today's game against Sarnia will have a much-improved view of the field than in other games, as only the necessary officials will be allowed on the field, and all spectators will be in the grandstand, as the bleachers will be closed. The club has decided that no charges will be made for the grandstand until after the district is won. The line-up for the game today, which will commence at 2:15, will be the same as announced in Thursday's Advertiser, with one exception, and is as follows:

## MISS CAMPBELL WINS CANADIAN GOLF HONORS

Hamilton Lady Has Achieved Title Three Years in Succession.

Toronto, Oct. 12.—By defeating Mrs. Howard Blight, the Rosedale player, over the Rosedale links yesterday, by five up and four to play, Miss Dorothy Campbell, of Hamilton, achieved the remarkable performance of three winning the blue ribbon of Canadian golf. The Hamilton player, who was thoroughly recuperated after her recent illness, played a wonderfully fine game, and, as a result, the issue was never in doubt. Her driving was wonderful in its accuracy of direction, but it was her heady approach to which she mainly owed her victory. Times were rare when she failed to make a line on the flag, and always her putting was precision personified.

Mrs. Blight held her own in driving, but her approaches lacked the accuracy which characterized those of her opponent—and, perhaps, to this failure was due the loss of the game. Though Miss Campbell's victory seemed a runaway one, such was not the case, every hole being contested with remarkable keenness.

A large gallery followed the players, and the game created the greatest interest throughout. The scoring was undertaken by Mr. G. B. Lyon.

## LONDON ROWING CLUB WILL HOLD MEETING

Several Important Matters Are Coming Up for Discussion.

A meeting of the London Rowing and Bowling Club will be held in the Knights of Pythias Hall, Duffield block, on Friday evening, Oct. 18. The meeting has been called for the purpose of considering and disposing of the following motions:

1. That section 2 of article 7 of the constitution be repealed and the following substituted therefor: Section 2.—Active male members shall pay an annual fee of \$10.
2. That ladies be admitted to membership in the club, and that the executive be empowered to fix the amount of the annual fee to be paid by lady members.
3. Considering and determining upon ways and means of assisting the Canoe Club, Limited, in its efforts to protect the club grounds from encroachment by the river.

## CELEBRATING VICTORY OF QUEENSTON HEIGHTS

The Canadians Today Gathered Around Monument to Sir Isaac Brock.

Toronto, Oct. 12.—At the foot of the monument erected to the memory of General Sir Isaac Brock and with in sight of the spot where the gallant defender of the Canadian frontier fell one hundred years ago tomorrow while defending Queenston Heights against the United States invaders, several hundred patriotic Canadians are today celebrating the anniversary of the victory. A special train with some three hundred members of the Toronto branch of the Canadian Club and a representative delegation of the United Empire Loyalist Society, left the Union station this morning at eight o'clock to participate in the celebration. They arrived there about noon, and were joined at that point by other patriotic organizations. The assemblage included many of those prominent in public life in Canada today and speeches commemorative of the battle of Queenston Heights were delivered, one of the principal speakers being Sir John Gibson, lieutenant-governor of Ontario.

## FAVOR LOCAL OPTION

Sarnia Orange Lodges Pledged To Support Dominion Alliance.

[Special to The Advertiser.] Sarnia, Oct. 12.—The local Orange lodges in Sarnia have taken up the battle for local option and it is understood will pledge their support to the Dominion Temperance Alliance. The Orangemen are circulating a petition throughout the town to present to the town council for the preparation of a bylaw to be submitted to the public at the next election. Judging from external signs it rather looks as if the municipality will have a local option campaign on its hands before long.

One eloquent reason was mentioned by a police officer this week, who stated that last Sunday seven men in various degrees of intoxication were found in a lumber yard in the south end of the town.

## FIFTH GAME OF SERIES AT FENWAY PARK TODAY

Both Managers Are Confident of Victory—Collins and Mathewson Likely Selections—Red Sox Players Were Stoned When Leaving the Polo Grounds.

[Canadian Press.] Boston, Oct. 12.—The New York Giants and the Boston Red Sox, the contending clubs in the 1912 series for the world's baseball championship, jumped here from New York last night, into weather conditions which promised to allow the fifth game of the series to be played this afternoon. There was little uncertainty about the weather, due largely to a lightly clouded condition, but indications were that the forecasters' prediction of chilly light showers, if any, would be fulfilled. The clouds, however, threatened to darken the day, and postponement on account of darkness was considered more likely than postponement because of rain.

**Boston Enthusiastic.** With the Red Sox a game nearer the championship than the Giants, enthusiasm ran high, and the crowd greater than that which has attended either of the previous games played here in prospect. The beginning of a long line of bleacher fans was formed at the gates last night, and the cheering Scotch mist fell until dawn, but most of the fans kept their places and were joined by others at sunrise. The line numbered thousands within a few hours.

On all sides the world series continued to be the subject of discussion. The probable batteries for today's game came to the front, and it was the almost general opinion that Christy Mathewson would be McGraw's pitching choice, with Meyers catching, and that Ray Collins' southpaw delivery would again issue from the Boston pitching box, with Carrigan on the receiving end. These were the batteries which started the eleven-inning game of Wednesday. Whether Collins, who was taken from the box in the eighth inning that day, would be able to live through a contest today, and whether Mathewson, whose pitching knowledge gained in many campaigns enabled him to finish the game, although battered hard, would be able to conquer through, were subjects of fruitful discussion among the fans.

**Batteries Uncertain.** Both Managers Stahl and McGraw maintained today their splintering attitude regarding their choice of batteries, and the matter was still uncertain until the respective batting order were handed to the umpire just before the game.

With Collins in the box, McGraw prepared to shift his line-up, putting Becker in place of Josh Devore, who cannot hit left-hand pitchers. The probable batting order with this shift was:

Boston—Hooper, r.f., Yerkes, 2b, Speaker, c. f., Lewis, l. f., Gardner, 3b.

Stahl, 1b, Wagner, s.s., Carrigan, c., Collins, p. New York—Snodgrass, r. f., Doyle, 2b, Decker, c. f., Murray, l. f., Merkle, 1b, Herzog, c. f., Fletcher, s. s., Mathewson, p. Umpires—O'Loughlin, Rigler, Klem and Evans.

**Big Money This Year.** The Red Sox returned to their home grounds prepared to push to the limit their advantage over the Giants. Their victory against New York on the Polo Grounds yesterday made it necessary for them to win only two more games to assure them of the world's championship and the consequent profits are honors. The latter this year will be greater than ever before, the Red Sox, if they win, receiving \$4,024,688 each. The Giants, should they win, will get \$3,849,811 each. The discrepancy between the amounts that each Boston and New York player might receive is explained by the fact that 23 Giants will divide the proceeds, while only 22 Red Sox players are eligible to share in the award.

The same is true of the loser's end, which to the Red Sox will mean \$2,683,122, and to New York \$2,566,446 each. These figures are final for the series, as the players will share in no more games, yesterday's game in New York—the fourth in the series—being the last in which they were entitled to participate in the proceeds.

**The Managers Speak.** "We have got the edge; we are going to keep it," said Manager Stahl, when he stopped at the clubhouse this morning on his way to the players' rooms.

Manager McGraw said: "Boston's win yesterday will only make us fight the harder, and we will win today. The Red Sox depend upon Joe Wood. We can beat every other pitcher they have and we will beat him if he faces us again."

There was a little feeling among the Red Sox players today against some of the players and people of New York. It was claimed by the Boston men that Fletcher tried to hurt Cady by jumping on him at the plate in the sixth inning of yesterday's game. Cady was not hurt, but his team-mates said today that he might have been and that Fletcher's intention was plain. They had another grievance this morning on account of an assault with stones and dirt made upon the Boston players by people in the street while on their way from the Polo Grounds in automobiles. "Buck" O'Brien was struck by a stone, but suffered only a slight abrasion of the skin. Other players said they had narrow escapes from injury.

## PROVINCIAL SYNOD MEETS IN MONTREAL

A Number of Delegates From the Diocese of Huron Will Attend.

The Provincial Synod of the Anglican Church of Eastern Canada will convene a special meeting in Montreal next week. The main business to be transacted will be the election of two ecclesiastical provinces, one continuous with the civil Province of Ontario, and consisting of the dioceses of Toronto, Ontario, Ottawa, Huron, Niagara and Algoma; the other consisting of the dioceses of Montreal, Quebec, Fredericton, Nova Scotia, and the session will begin on Thursday morning with divine service in Christ Church Cathedral, when the Bishop of Huron will preach, and on Friday, Rev. H. M. Hamilton will be the guest speaker. The session of the synod will be brief.

His Honor Judge Ermattinger, of St. Thomas, has placed two questions before the synod which will require consideration. The first one asks that "This synod adopt a measure for a future co-operation in all matters involving no sacrifice or principle, with the other Christian churches willing to co-operate, such measures to include community and co-operation in missions where local conditions and necessities call for its application."

The second question stipulates "That this synod is desirous of placing on record its appreciation of the noble work of the late William Booth, originator and commander-in-chief of the Salvation Army, and its sense of the loss the world at large has sustained in his passing. Furthermore, it expresses the hope and prayer that his son may fulfil worthily and successfully his father's mission, and wish Godspeed to the organization under his charge."

A memorial will be also presented by the Diocese of Niagara looking to the provision for religious instruction in the public schools of Ontario. Delegates from the Diocese of Huron are: Very Rev. Dean Davis, Archdeacon, Richardson and Hill, Revs. Canon Craig, Sage and Hicks, Revs. Dr. Tucker, J. W. J. Andrew, A. Carlisle, R. S. W. Howard and Prof. Wright. Judges Ermattinger, Holt and Barron, Messrs. M. Wilson, C. Jenkins, E. G. Henderson, A. H. Backus, Chancellor Cronyn, W. F. Cocksutt, M. P. C. C. Hodgins, ex-M. P. P. John Ransford and Dr. Moorhouse, Ontario.

## ZORRA CATTLE FOR NEW YORK MARKET

Dealers Willing to Pay Big try to Secure Fine Stock.

[Special to The Advertiser.] Embury, Oct. 12.—Buyers for New York markets are scouring this district for cattle. Some forty-seven head of Zorra's finest steers were shipped yesterday to New York, where the price is more attractive than in Ontario. These steers were the property of Messrs. Glendinning, of Bennington, and were sold to Messrs. Daves & Bland, of Embury, for about 6 cents a pound. The exact price was not given out. The prices quoted for first-class cattle in Toronto and Buffalo yesterday were \$6 and \$11, respectively. Dealers, therefore, conclude that it is more profitable to pay the duty and take their cattle into the United States than to sell them in Toronto.

## SPEAKS IN FAVOR OF SIMPLIFIED SPELLING

Mr. G. Duncan Tells Teachers That the Children Should Receive Instructions.

The election of officers of the East Middlesex Teachers' Association was held at the closing session of the convention Friday afternoon, and the officers elected for the ensuing year were: President, Mr. J. E. McNaughton; vice-president, Miss A. Ronalds; secretary, Miss F. Cleveland; treasurer, Mr. Wm. Jones; auditors, Messrs. J. E. McNaughton and H. Warren.

At the morning session of the convention, Mr. E. T. Seaton, of Hamilton, who explained to the teachers in attendance simpler ways of teaching geometry in the schools; Mr. C. J. Anderson, who discussed the usefulness of the simplified spelling system, and also predicted that in the course of a few years the spelling in the public schools would be simplified. Under the line suggested by the simplified spelling advocates. In his opinion all the younger pupils in the schools at present should be given some instruction in this subject now, so that the change when it arrives will not be so marked.

Misses M. Willis, L. Isaac and J. Cairncross spoke on the subject of keeping the attention of the children during spare moments, while the other classes are being instructed, and demonstrated by means of some of the work done that the subject of simplifying the children's spelling is well as the teachers. In the afternoon Mr. Seaton gave an address on "The Spirit of the School," and stated that a great deal depended upon the teacher as well as the condition of the school building.

## BURIED AT DUTTON

Alex. McWilliams, Victim of Toronto Drowning, Had Large Funeral.

[Special to The Advertiser.] Dutton, Oct. 12.—The funeral of Alex. McWilliams, who was drowned in Toronto recently, held at Fairview Cemetery here this afternoon, was largely attended. An impressive service was conducted by Elder Leister, of the Baptist Church. The pallbearers were Peter and Alex. Macmanson, John McKillop, George Giddes and John Cameron. Besides his wife and aged parents, Mr. McWilliams is survived by two brothers, John and Andrew, of Dunwich. He was 45 years old.

## PREACHES IN STRATHROY

Rev. J. G. Inkster Will Conduct Special Anniversary Services.

[Special to The Advertiser.] Strathroy, Oct. 12.—Mr. and Mrs. Charles Coulton, Miss Leila Coulton and Mr. and Mrs. A. E. Philpott have left for Los Angeles, where they will in future reside. Mrs. H. G. Lindsay is visiting in London. Anniversary services will be held in St. Andrew's Presbyterian Church on Sunday. Rev. J. G. Inkster, of First Presbyterian Church, London, will conduct the services. The choir is preparing special music and will be assisted by Mr. McPhail, of Petrolia. Mrs. A. E. Gill, West Front street, entertained at afternoon tea recently in honor of her guest, Mrs. R. Diprose, of Toronto. Miss Ida Fortner has returned to Baltimore, Md., after a two months' visit.

# Splendid Bargains in Exhibition Cars

Prospective purchasers who have been waiting in anticipation of a bargain have now offered to them a chance to obtain practically new cars at remarkably low prices considering the quality.

These cars are the pick of the stock of the world's largest auto-manufacturing concern. Beautifully finished and specially tuned up for exhibition purposes, they are bargains in the truest sense of the word.

Some of them have been run a few miles in demonstrating to prospective purchasers, but in no sense can any of them be termed "second-hand" cars. The slight use given them has served only as an additional test.

These cars are all backed by the Studebaker reputation. A car that looks handsome—a car that will "stand up" under all kinds of road conditions—a car that is just as much at home on a rough country road as on a city pavement—these are the cars that are now offered at prices that will move the lot in a few days.

There are only a few of these cars left, and intending purchasers should lose no time. Delay means disappointment.

The lot includes the famous Studebaker (E-M-F) "30" and the sturdy Studebaker (Flanders) "20."

## The Studebaker Corporation of Canada, Limited

WALKERVILLE - - - ONTARIO

# THREE SURE WINNERS for THOSE WHO BUY NOW

We have real estate offerings in all Western Canada, and we give below three especially good buys. At present prices you are certain to make quick and good returns from any of them, and as lots in each of these places are sold on easy terms—a small cash payment with subsequent monthly or half-yearly instalments—the man with small savings can make money, as well as the big capitalist

### Fort Fraser, B. C.

Fort Fraser, the hub of British Columbia, on the C. T. P., is destined to become one of the greatest cities of the West. Two essential and positive factors that make its future certain are economical transportation and surrounding natural resources. Situated in the centre of over nine million acres of rich agricultural land in the heart of the province, Fort Fraser is also adjacent to the Omineca and Finlay River mining districts, as well as the big coal fields west of the Bulkley Valley. It commands over 1,000 miles of navigable waterways, and is a natural lake, rail and river centre, affording an easy grade for railroad building in every direction.

Fort Fraser is being built today with the backing of the best men of British Columbia. A Government Lands Office has been opened there, and the British Columbia Government owns over forty entire blocks, scattered all over the townsite. It is part of the townsite, which we have for sale, and we are confident that these inside lots for business blocks and residences will be worth double their present price next spring. Write or come in and see us, and we shall show the very best of reasons for this confidence.

### Macleod, Alta.

In the Province of Alberta there is no better buy today than our offering in Macleod, Alberta. This is one of the towns with a big future and a near future. It is growing rapidly, because of its advantages in having the cheapest fuel and building material of any city in the West. Its railroad location has given an impetus to business and promises to give still greater, as Macleod will be right in line for the traffic for the Panama Canal. An investment now will pay well, especially as our lots are admirably located. We haven't a subdivision but part of the original townsite, and situated in the most desirable part of the town.

### Swift Current, Sask.

Wheat is king in Saskatchewan and the towns that are the greatest wheat shipping centres offer the best inducements for real estate investment. Swift Current has the unique distinction of being the largest initial wheat shipping point in America. We will be glad to show you statistics which prove this, not only the figures of the wheat shipments alone, but the figures that explain why Swift Current takes first place, such as the homesteading of over a million and a quarter acres of land in the past 16 months. Swift Current has had a remarkable growth and property values are going up all the time. Those who buy there now will have a chance to make money very much the same as those who invested in Regina five or six years ago.

## NOTICE:

Fort Fraser, Macleod and Swift Current prices are to be advanced within the next forty days.

## WESTERN CANADA REALTY CO.

169 Dundas Street, LONDON  
OPEN EVENINGS
