CARLING HOMESTEAD FOR ARTS COLLEGE

Beautiful Site and Historic Land mark, On Banks of River Thames Included in Important Real Estate Deal-To Bring Part of Ass umption College Here.

The old T. H. Carling residence at 677 Talbot street has been purchased by Bishop M. F. Fallon.

This interesting real estate transaction, important in itself, is made more so by reason of the fact that it is generally believed that the bishop intends to use the building to house the arts department of the Assumption College at Sandwich, which will be moved here. It will be affiliated with and become a part of the Western University.

An authentic statement as to his lordship's plans is unavailable just at the present, owing to the fact that the bishop is now absent in Montreal attending the meeting of the Catholic Truth Society.

The Carling residence on Talbot street is one of the beautiful old land-marks of that part of the city. It is almost directly opposite Mill street. The
