THE GREAT HORSE ONTARIO

With the Record of the World in High Jumping - Seven Feet Cleared.

Two Canadian Horses, Ontario and Rosberry Hold the Figure-Ontario's History and Performances.

High jumping, as applied to horses, is of recent growth, but has taken so firm a hold on the public's fancy, that it is now almost as general as the most popular of all horse sports.

Ontario in disposition is remarkably well adapted to such exhibitions. Crowd, music, or the glare of lights never affect him. A refusal is a thing unknown to him, and no matter how bad the "take off" or how poor a start he has, he will always try to clear his jump.

Ontario is a thing of rare beauty. His appearance is such that it is almost a matter of course that he will attract the attention of all who see him. He is a thing of rare beauty.

Mr. H. C. Boston, of the firm of Tait, Boston & Co. of London and Victoria, agent-general for British Columbia in England, has been in the city for several days, where he proposes to remain for some time at his residence, Armada.

Mr. Boston declined to express his personal opinion on the Balmora affair. The position was an awkward one for both Canada and the mother country. It was not, he thought, likely that there would be any serious crisis over the Balmora matter.
