LOCAL AND GENERAL NEWS.

COUNTY COURT
The county court, Judge McLaughlin presiding, meets at Dalhousie today.

FUNERAL NOTICE
The funeral of the late Miss Mary Ann Adams will take place Wednesday, Nov. 10th, 1899, at 2.30 p. m. from the residence of John Adams.

Mr. D. J. Bruce won the \$7.50 piece of cut glass given by V. R. Scott & Co. for the largest purchase at their Big Good Bye sale Saturday. They offer pieces every Saturday.

Do you want to have your wagons stored for the winter at reasonable cost? If so go to A. C. Bellisle, Ritchie street.

Miss Henderson will have on sale Friday and Saturday, Nov. 11th and 12th, 40 canned hams from \$2.50 to \$5.00. These are genuine bargains. Terms strictly cash.

BEFORE MAGISTRATE
A number of boys who broke into the shed near the school and destroyed some property owned by S. W. Dimock, were up before Judge Matheson yesterday morning. They were allowed until Wednesday morning to settle for the damage done.

A BAD FALL
While working at the new International station on Saturday William Metairie stepped upon a loose piece of flooring and fell through the floor to the ground, severely injuring himself. He was able to walk home, but will have to remain in bed for a few days.

CAMPBELLTON VS. BATHURST
At the range on Saturday last Campbellton defeated Bathurst by forty to thirty. The scores were: Campbellton, 448; Bathurst, 406. The ranges used were 200, 300 and 400 yards. Wm. Gammon of the Bathurst team carried off the trophy donated by F. E. Matheson for the highest individual score of the day.

TOWN WATER
At the present time the water from the town water works has a disagreeable taste, and many are at a loss to account for same. Two gentlemen visited the reservoir and Lake Umbagog yesterday morning. Lake Umbagog expressed the opinion that it was caused by the decaying wood in the lake. The water in all localities supplying into the lake is unusually high owing to the recent rains. While the taste is not agreeable, yet the water is not injurious to the health, and is much safer to use than water taken from wells or pumps.

IN A SERIOUS CONDITION
Frank Mullen, the Bathurst young man who attempted suicide at Great Works, Me. on Tuesday last, remains in about the same condition at the Old Town hospital. His condition is serious because of his extremely nervous condition which has developed into acute neuritis and unless checked, may result in his ultimate death in spite of the precautions that have been taken to save him from his suicidal mania.

PLENTY BIG GAME
Moose hunting about in the vicinity of the railway is becoming a common occurrence along the I. C. R. between Campbellton and Moncton. Friday morning near Bathurst, the passengers on the Maritime Express witnessed a rather pretty sight when they saw four of the monarchs of the forest emerge from the woods and approach the swiftly moving train. They had gone but a few steps before they turned and made for the woods again, three jumping the wire fence while the other became entangled in the wire but on freeing itself also made off.

Given under my hand and the seal of the said Probate Court this twentieth day of September, A. D. 1909.

BORN

Now can you really afford to go another Sunday without a new fall hat, when such bargains are offered at Miss Henderson's. No trouble to show goods.

NEW WATER MAIN SHUT OFF
The new sixteen inch main has been shut off and will remain so for a couple of days, while the work at the sewerage house at the reservoir is being done. The town is being supplied in the meantime, by the old ten inch pipe.

34 YEARS AGO TODAY
Conductor Angus McLellan yesterday informed a representative of the Graphic that thirty four years ago today, Nov. 9th, the first regular train left Moncton for Campbellton. Mr. McLellan was in charge of the train, and has been in the service ever since.

SMALLPOX IN TOWN
Just as we go to press word registered us that Mr. E. Sullivan was ill with smallpox. The Board of Health was immediately informed and is taking the necessary steps to fumigate the premises and will remove Mr. Sullivan to the pest house as soon as possible.

ALSO, ALSO
The Dominion W. C. T. U. in convention assembled at St. John, refused to condemn bridge water. Why? Because it is a society game, and the leading W. C. T. U. ladies want to stand well with the wives of society entertainers. Bridge in the drawing room is precisely what poker is in the club—a gambling game. There was a chess contest, and, in the presence, and it appears that there were more ballots than voters. This is shocking. Repeaters in a W. C. T. U. convention. But the dear creature are human after all, and think they shall compound for little sins like these by working for purity and temperance.—Mathew World.

MANY TRAMPS
An unusually large number of tramps are beating their way to Montreal. Many of these interlopers by the I. C. R. police claim that they went to Sydney and Glouce Bay to work, but on account of the strike would not work, so are beating their way back to Montreal.

Y. M. C. A.
The committee in charge of the Y. M. C. A. have had some difficulty in getting the matter of the, but satisfactorily arranged. At first the I. C. R. would grant only at twenty one year lease, but this has since been extended and it is hoped that soon the matter will be in order to ask subscriptions for this work.

FEVER ABATING
Typhoid fever is evidently on the decline, only five cases being reported since, as against ten the week before, and twenty three in one week about a month or six weeks ago. The majority of cases originated at Bathurst and other outside districts, and were conveyed to the hospital before the disease had become very far advanced. With a few exceptions the cases in the hospital are all doing well.

INSURANCE MEN HERE
A delegation of St. John insurance men consisting of Messrs. J. M. B. Bisset, Harry Prink and W. V. Whitely met local insurance agents here at the Council Chamber Friday afternoon to discuss the Insurance Bill which passed the House of Commons last session and which is to go to the Senate shortly. The objectionable features of the act were discussed and a resolution passed bearing on the act. James Reid, M. P. of Restigouche, was present and heard the arguments advanced against certain objectionable features of the act.

THE LATEST NATIONAL SONG
The Primrose Music & Book Concern of Toronto has just issued the "Canadian Flag-Song." The words are by Katherine Hale, and the music by J. W. Garvin, B. A. of Peterboro and Toronto. It is believed by the publishers that this National song bids fair to be a notable event in the annals of Canadian publications. The melody written in march time and suitable for solo, chorus or band work is of a quality so timely and stirring that its appeal is universal, while the words typify, or symbolize, in a marked degree the spirit and destiny of the country.

DO YOU KNOW THEM?
Inspector Noble gives us the following description of the two men arrested and taken to Rimouski: John Murphy—About 5 feet 9 or 10 inches high; weighs about 170; dark complexioned; 45 years of age; sandy hair; tattoo marks on hands and wrists; claims to belong to Fort Blouin, N. S.

Thos. Wilson—About 5 ft. 8 or 9 in. in height; weighs 160; sandy complexion; about 45 or 50 years of age; left arm off below shoulder and elbow; claims to belong to Fredericton, N. B.

Mr. Noble has proof that these two have been in Hull, P. Q. and Montreal recently. He believes that they are part of the gang operating in that part of Quebec and is having them photographed and described, and will send particulars to police centres. The Bank National has offered a reward of \$5000 for any of the burglars who recently robbed one of their banks.

In Bathurst Ill. a man aged 92 says that he has never eaten more than a pound or two of meat in a year. If there were more of the like him in the country there would be no soaring beef prices.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.
