Royal Opera House.

Joe J. Dowling's Atlantic Alliance commenced their engagement for a week at the Royal opera house in Nobody's claim. It is but justice to the play to say that it is one of the best of its kind, that it is to say of the western rife and revolver characteristics. The company is composed of "good people" very far above the average of those who generally appear in the play descriptive of better life. The singing and dancing and Dutch specialties of the olio portion of the entertainment was very creditable, and the different parts of the play were well sustained by Mr. Dowling, who proved himself to be a fair actor and an excellent shot. Frank Lanton as Caledonia Phispy was exceptionally good in the play and his whistling and bone "business" in the olio proved his versatility. The ladies were all above the mediocre in their different parts, and Madge's song with chords seemed to please the audience highly as in fact did the entertainment as a whole, which was received almost throughout with applause. The Atlantic Alliance is well worth seeing. Matinee to-morrow afternoon.

"If you are a woman and want both health and beauty, remember that all supernatural efforts to increase your personal charms are vain. Freshness and beauty accompany health, and to secure it, Mrs. Lydia E. Pinkham's remedies for all female weaknesses offer the surest means of restoration. The highest intelligence loses its lustre when it must find expression through a bilious complexion. Good for either sex."

No. 81-c.

"No, sir," remarked the old resident, "my wife didn't bring me a cent. But it was all my fault. I wouldn't have let the morning of the day we were married. I says to her, says I: 'Marry me, how much money have you got?' Says she: 'John, I've got just 25 cents.' 'Then,' says I, 'come with me.' And I took her down to the bank and had her put that quarter into the bank. I wasn't going to have no woman twitting me about spending around on her money." Li-Quor Tea is always good alike.

THE SPORTING WORLD.

Gossip Here and There—Aquatics, Billiards, the P. M. and General.

A match game of pool for \$50 a side between William O'Neill and William Cutler, most games in 21, was played at Small's Grand opera house last night.

The game was witnessed by about fifty spectators. Cutler won 11 out of the 21.

Yesterday was a grand time for the curlers. The first meeting of the season took place at the Mutual street rink. The ice was in splendid condition, and the players were as keen as curlers could possibly be. Among those present were Hon. Alex. Mackenzie, Dr. Ross, Mr. Ramsay, Mr. Ritchie, P. Flanagan, and a number of other well-known players. The Granite club will, no doubt, give a good account of itself during the winter.

Wallace Ross says that the only man in the country he would care to meet, in case a double-act race was proposed to him, would be Kennedy of Portland, Me. Ross considers him far superior to Lee and in a single Kennedy would run away from Lee.

On Oct. 29, in New Zealand, Jim Mace and George Belcher fought with gloves according to Marquis of Queensberry rules, for a prize of \$1000.

The match resulted from a challenge issued by Mace, in which he offered to box or fight any heavy weight pugilist in the colonies. Belcher, who is a noted pugilist, taller and far more muscular than the "man from New Zealand," accepted the offer, and articles of agreement were signed and the match arranged.

Professor William Miller and Larry Foley trained Mace, and Jack Stodd trained Belcher. The mill created no great excitement, and Mace was made a heavy favorite. Belcher stands six feet in height and weighed 182 pounds. Mace weighed 179.

Belcher was defeated in four rounds, after a hard-fought and desperate battle, lasting sixteen minutes.

Petley's Overcoats.

The great Saturday sale of overcoats carried on by Petley & Petley for the last few weeks has been so successful with them that they have made an extensive purchase of fine winter overcoats from one of the first clothing manufacturers of Canada, at a reduction of 25 per cent below wholesale figures, "for cash." This enables them to offer the above goods at much lower prices than the indications of the crowd time leave themselves a handsome profit. We would advise our readers in want of clothing to visit this well-known and popular establishment, as there is no doubt but that they will be well repaid. Messrs. Petley & Petley are a reliable firm, and our readers may depend on their carrying out to the letter what they advertise.

SUBURBAN SOLAHS.

The Queen Street Subway-Parkdale Council—Matters Beyond the Don.

PARKDALE.—There is great satisfaction in the village over the favorable arrangement made for the construction of the subway at the Queen street crossing, and property has been taken a great boom in consequence. Some \$30,000 worth of property has been sold, and several parties have bought who before could not be induced to risk their lives. The council are complimented by all who have the prosperity of the village at heart. At the same time there is a ludicrous incident in connection with it. In Saturday papers, which contained the announcement of the settlement of the subway question, there also appeared a requisition to Mr. Atkinson, signed by a few admirers, praying him to run for deputy reeve and to give them little and a subway, while behold the lamps are already up and the subway is settled.

Mr. Atkinson, who is a member of the present council, is also a candidate for deputy reeve, and appears to be the popular candidate and will no doubt be elected with a large majority.

A special meeting of the council was held last night for the purpose of settling claims on the subway. Several matters were referred to Mr. Gough at \$2 per foot, and with Mr. Dickey at \$1.60 per foot for the property taken, they to be assessed on one of the cost of the subway. It is probable that nearly all the claims will be settled on a similar basis, saving the ratepayers a large amount of arbitrariness.

OVER THE DON.—A skating rink is in course of preparation in Riverside near the Gerard street bridge.

On Sunday afternoon two young swells driving cutters commenced to race their horses down the hill, and when opposite Mulrooney street one of the cutters overturned and threw the driver out, the latter tearing up several feet of sidewalk. The horse attached to the vehicle kicked it to pieces, and finally ran westward with a shaft and a portion of the cutter dragging behind him, and was finally stopped a few yards over the Gerard street bridge. The driver of the cutter was killed.

Yesterday Manager Sheppard sent a boy around to the hotels as usual with tickets to be placed on sale in the hotel offices. The three youths above were overpowered by the boy near the 230 and took eight of the tickets from him. Last night they presented them at the Grand opera house and were taken in charge by Police Constable Gellies.

Cataract—A New Treatment.

From the *Weekly (Toronto) Mail*, Aug. 24.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dikon treatment for cataract. Out of two thousand patients treated during the past six months fully ninety per cent have been cured of this stubborn malady. This is no mere statement of fact, but a statement of fact based on the regular practice of the Dikon treatment, which has been the most successful cure ever recorded for cataract. The Dikon treatment is a simple and safe procedure, and it is the only one that has been successful in curing cataract. The Dikon treatment is a simple and safe procedure, and it is the only one that has been successful in curing cataract.
