St. Andrews

March 11, 1851 years went on gradually interest. The nece, and there were the left knee, and a third under the eye, besides seven others on the left arm with a tumour between the eyes, which was expected to break. During the whole of the time my suffering boythad received the constant advice of the mist celebrated medical General months at the General Hospital, where one of the surgeons said that he mist, where one of the surgeons said that the mist, where one of the surgeons said that the su being for several mouths at the General Hospital, where one of the surgeons said that he would amputate the left aim, but that the blond was so impure, that it that himb were taken off it would be then even impossible to subduct he disease. In this despirate state I determined to give your Pills and Grammat a trial, and after two months perseverance in their view, the tumor gradually began to disappear, and the diseasing from all the allowed disappear, and the diseasing from all the allowed perceptibly decreased, and at the expiration of eight months they were perfectly healed to be a superceptibly decreased, and at the expiration of eight months they were perfectly healed. tion of eight months they were perfectly healed and the boy thoroughly restored to the bless-ings of health, to the astronshment of a large circle of acquaintances, who could testify to the truth of this miraculous case. Three the truth of this miraculous case. Three years have now elassed without any fecurience of the mainty, and this boy is now as healthy as heart can wish. Indee these cir constances I consider that I should be truly ungrateful were I not to make you sequainted with this wonderful care effected by you medicines after every other means had failed (Signed). J. H. ALLIDAY.
