Extaordinary Cure of Asthma !!! of an old Lady, seventy-five years of age. non, (Book Store) Toronto, dated the 9th October, 1854. To Professor Holloway,.

Sir,-Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the usessof your Pills. My mother was afflicted for asthma and spitting of blood, it was quite agony to see her suffer and hear her cough: I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. A-bout three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventyfive years old.

I remain, Sir, your obliged. (Signed) THOMAS WESTON.

Remarkable Cure of Dropsy !! after being Copy of a Letter from Anthony Smith, Esq. Halifax, Neva Scotia, dated the 25th ugust, 1854.

Te Professor Holloway, Sir I desire to add my testimony to value of your Pills, in cases of dropsy. For nine, months I suffered the greatest torture with this distressing complaint ; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health
