*Remember*

IMPERIAL POLARINE OIL  
(Light Medium Body) is the  
lubricant recommended for  
your Ford.

*A Passenger  
You can't afford to haul--*

Briefly, these are some of the results of using too heavy an oil for your Ford.

- (1) Engine drag and loss of power.
- (2) Improper oil distribution.
- (3) An overheated engine.
- (4) Excess carbon deposit.
- (5) Unnecessary friction and wear.
- (6) Large repair bills.
- (7) Rapid depreciation.
- (8) Excess fuel and oil consumption.

What is the remedy? Use Imperial Polarine Motor Oil (Light Medium Body), which is especially adapted to the mechanical requirements and operating conditions of your Ford engine.

Have your crank case cleaned and refilled today with Imperial Polarine Oil (Light Medium Body), and realize full Ford economy and efficiency.

**IMPERIAL POLARINE MOTOR OILS**

Made in five grades for the proper lubrication of all makes of automobiles, trucks and tractors.

**IMPERIAL OIL LIMITED**

## ANNUAL MEETING UNITED FRUIT COS.

Success Reported in Every Branch of the Companies Operations.  
Faith in Future Industry

The tenth annual meeting of the United Fruit Companies of Nova Scotia was held at Kentville Tuesday. Delegates were present from all of the forty-nine subsidiary companies making up the United Companies. Altogether there were about 300 in attendance. President F. W. Bishop was in the chair, and beside him was the Vice-President, Ernest Johnson. Unusual interest seemed to be manifested in the early reports, as nearly every branch of operation proved very successful. Better results may have been expected as regards the marketing of potatoes and in placing of fruit in the Western Provinces. The large potato crop here and elsewhere affected the farmers, and high freight rates made it difficult to compete with Ontario and British Columbia in the Prairie Provinces. The United Companies now number forty-nine, there being an unusual increase in new companies during the year. Seven co-operative companies applied for and were granted stock, becoming members of the shareholding concern.

President Bishop gave his annual report reviewing the year's business. His successes and shortcomings. Where conditions were adverse he drew particular attention to the more satisfactory business conducted in Great Britain with the firm of J. and H. Goodwin, Manchester, and the placing through that port of over twenty-five per cent. of all apples exported. He reminded the apple growers present that the Annapolis Valley was without doubt the most desirable apple district in Canada, and the acquiring of large orchard areas by foreign capital and speculators is an index to that fact and should increase the faith of all fruit growers in the future of the industry.

N. A. Osborne, of Waterville, called attention to the pre-cooling of fruit as mentioned in the President's report, and he spoke of this new operation for use at Waterville when the fruit season opened in August. General Manager A. E. McMahon said the companies had no responsibility financially for the pre-cooling station to be considered. Two-thirds of the cost was being paid by the Federal Government. He considered that cold storage was a necessity of the fruit crop and must be established right in the Valley where the warehouses were. The pre-cooling experiment would no doubt do much in helping to market the softer fruit.

General Manager McMahon presented his annual report. He dealt with market conditions, shipments made, transportation, etc. As regards the latter, he stated that he Furness Why Company had during the last year provided the best transportation that the companies had ever enjoyed during any season since incorporation. The company exported the large quantity of 527,397 barrels, nearly half of the apples exported and over one-quarter of all fruit grown. Better packing had been maintained and only six per cent. of all fruit exported was reported as stinks. The United Fruit Companies' brand is now well established on the export market and is in good demand.

Professor Blair was called upon to give his report on fruit conditions as he found them while in England attending the Imperial Fruit Show, and he most satisfactorily dealt with the following six subjects:—

- 1.—Whether Nova Scotian apples as at present packed are likely, in the future, to return profitable prices to the growers.
- 2.—The possible effect of the English apple grower as a competitor with our growers in the British markets.
- 3.—Whether any of the English varieties of apples, particularly those of more recent introduction, are likely to be of value for planting in Nova Scotia in order to meet the English competition.
- 4.—Whether more attention should be given to the box apple trade.
- 5.—Whether improvement in methods of marketing and distribution may be brought about.
- 6.—Whether additional information likely be secured above what we now have.

Professor Blair gave a further report on the Imperial Apple Show held in London, England, October 23th to 28th, 1921. There was a very important and practical value to all. The reports on motion were adopted, coupled with a vote of thanks to Professor Blair. The reports were quite fully discussed and much information gained for the members.

President Bishop, as the Halifax representative, submitted his report. He referred to some of the difficulties met in unloading cars and loading ships, but on the whole matters were improving there and transportation companies were co-operating as far as possible.

Reports were also presented by S. S. Selfridge, representative sent out to the Western Provinces; Inspector Rumsey, Inspector Westcott on potatoes, and R. N. Clark, representative who annually visits Havana, looking after the potato shipments. Capt. J. W. Salter was able to report a very good year in the business of the canning factory and cider plant. All these reports were received after discussion.

The election of officers following and all were re-elected. There was only one nomination for President, but an election was held for Vice-President, the two nominated being Mr. E. H. Johnson and Mr. Frank Foster. The result was as follows:  
President—F. W. Bishop.  
Vice-President—E. H. Johnson.  
Secy.—Treas.—K. L. Pineo.  
Auditors—Messrs. Oxley and Johnson.

The directors appointed for the different companies were the following:  
Bear River, J. Manning Nichols; Aylesford, S. S. Selfridge; Annapolis, A. H. Harris; Berwick, J. N. Chute; Banier, Max D. Newcombe; Bridgetown, W. N. Stronach; Belleisle, H. W. Bent; Canard, C. E. Ellis; Cornwallis, A. S. Benks; Central, S. B. Marshall; Coddbrook, Rufus Newcombe; Borden, L. S. Macoun; Enterprise, M. V. Potter; Falmouth, B. S. Davison; Granville, A. E. Phinney; Grand Pre, S. H. Trenholm; Hantsport, G. C. Homes; Hortonville, L. H. Curry; Kentville, G. S. Pineo; Kingston, W. E. Sanders; Kingsport, F. G. West; Middleton, E. L. Chipman; Mayflower, C. E. Parker; Maple Leaf, C. W. MacKeen; Mill Creek, M. A. Rogers; New Minas, E. H. Johnson; North Queens, C. A. Croker; Paradise, Harry Bent; Port Williams, O. A. Jess; Pleasant Valley, Geo. West; Round Hill, J. M. Spurr; Sheffield Mills, J. E. Taylor; Star, A. T. Morse; South Farmington, A. S. Jefferson; Tupperville, H. A. Bent; Waterville, W. S. Rawding; Westton, P. B. Kirkpatrick; Wolfville, H. E. Peck; Yarmouth, E. L. Crosby; Clare Produce, Louis A. LeBlanc; Fruit Growers, Ltd., Edgar Shaffner; North Mountain, R. J. Leslie; Valley Fruit, J. W. Elliott; S. B. Chute; S. B. Chute; Somerset, R. L. Palmer; F. M. Chute; F. M. Chute; Delhaven, F. R. Henshaw.

At a meeting of the directors held the same evening, the former board of management was reappointed and is comprised of:

F. W. Bishop, President; E. H. Johnson, Vice-President; Dr. P. N. Balcom, V. B. Leonard, R. S. Kinsman.—Advertiser.

## RED HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

## The HOOVER

It BEATS... as it Sweeps as it Cleans

The Hoover is guaranteed to prolong the life of rugs.

Are you tired at the end of sweeping day? It is no wonder that such effort saps your energy.

Fortunately we have a remedy—one that will relieve you of effort and clean your rugs better than you could possibly do it.

We recommend the Hoover—the cleaner which combines the three cleaning essentials—beating, sweeping and air suction.

Let us demonstrate. Divided payments if you purchase.
