“ VALVE-OLEINE ”

675 DEGREES FIRE TEST.

MASTER MECHANICS, Purchasing Agents, Engineers and Practical Builders of costly Steam Plants and Locomotives, etc., will be pleased to know that a Lubricant is now produced of such extraordinary high fire test as to make it proof against the great heat to which it is subjected, and is therefore a **PERFECT** Lubricator where products of lower grade and fire tests pass off at once, leaving the parts subject to wear, or greatly increasing the consumption of oil.

“VALVE-OLEINE” is a product in the highest state of filtration, is of the greatest viscosity, is entirely free from all acids and absolutely non-corrosive and without doubt the finest and most thoroughly reliable **CYLINDER LUBRICANT** now on the market, and will naturally lubricate 200 to 300 per cent. more than products of lower tests. It is not only the **BEST**, but the most **ECONOMICAL** lubricant. Manufacture and sale controlled exclusively by
