

NEW YORK EXCHANGE.

GRANGERS STEADY.

Consolidated Gas After Breaking 5, Regains 2½.

Metropolitan Traction Sells Down 1¼; Regains 2¼.

TOBACCO LOSES 1½ ON THE DAY.

New York, 2 p.m., June 13.

The market opened at steady prices, but soon after 1 o'clock rumors regarding Leiter of Chicago, caused uneasiness, and when it became known that he was in trouble, the market became nervous and a great many stocks were thrown overboard. This caused a decline of 5c in Consolidated Gas, 3c in Sugar, 1½c in Tobacco, 2c in Brooklyn Rapid Transit, and 2 per cent. in North West. The general market is only affected to the extent of from ¼ to 1 per cent. Market shows signs of rallying.

New York, 3 p.m.

The last hour of the market was conspicuous for some rapid recoveries from the day's break. Consolidated Gas rose 3c and closed at 201½. Sugar, Tobacco, Brooklyn Rapid Transit recovered from a cent to a cent and a half. Metropolitan Traction after opening 1 cent down in the morning broke to 158½ and ends the day at 161. The Rest of the list closes steady.

New York, (9.55 a. m.) June 13.

Confirmation of the reports that Manila has fallen, said to be causing enthusiastic buying of Americans in London. Quotations show prices to have advanced ¼ to ½ per cent. and despatches state St. Paul and Louisville & Nashville are both in good demand.

The recent yellow fever scare has probably induced over-selling of Louisville & Nashville, and may have created a short interest in that stock.

For some time it has been common talk that London was short some 40,000 to 50,000 shares of St. Paul.

The reports in regard to the fall of Manila do not state whether the city has surrendered to the insurgents or to our forces, but the fact seems to be pretty well established that the city has surrendered.

War news which is to hand this morning is of an encouraging nature. The expedition for the invasion of Cuba and the attack on Santiago has started at last. General Shafer is said to have left Tampa with 20,000 of our best troops. The newspapers to-day confirm the reports of fighting at Grantanamo Bay, and advises state that four of our men were killed in a skirmish with the Spanish troops. The Spanish loss is not known, but it is said to be quite considerable. Altogether conditions seem favorable for a peaceable settlement.

Fears are entertained in some quarters that the issue of bonds may result in a tight money market, but from the condition of the money market for the past two months, we do not see any cause for alarm.

New York, 11 a. m.

There seems to be considerable pressure on the market. Keene, Flower and the Wormsers have been heavy sellers. The character of the buying is not encouraging.

The Room thinks that the land campaign in Cuba may possibly be accompanied by some reverses; it is partly because of this that the market is weak.

S. V. White has been the largest seller of Rock Island. Liquidation causes break in stocks.

Flower bought a little Brooklyn Rapid Transit at the opening, but the stock broke on selling by Landenburg.

Henry Allen, Wormser and Vanemburg sold Atchison.

Hunter sold 1500 St. Paul. London doing very little; has been a moderate buyer of Louisville and Nashville, Commission houses selling.

Moore and Schley largest sellers of Sugar; Specialists thinks it will work lower this week.

New York, (noon), June 13.

In spite of the fact that London prices were higher, and that all local news was of a satisfactory description, there was from the first unmistakable evidence that liquidation was in progress. In all active stocks,

prices yielded with comparative ease during the first hour, and in some cases, notably Sugar, and Brooklyn Rapid Transit, positive weakness developed.

Indications, which came to light last week, that the public was taking more interest in the stock market than for some time, possibly created the belief that these operators referred to, could take profits without very much affecting the market, a belief, however, which proved to be erroneous.

Outside buying has fallen off, and whenever any large blocks of stock are thrown on the market, a considerable depreciation in values immediately takes place.

London houses did very little during the first half-hour but subsequently, when prices declined again, foreign purchases amounted to about 2000 shares. One of the strongest stocks on the list was Louisville and

Nashville, in which the foreign buying was noticeable.

People's Gas sold down on Chicago despatches, threatening further legal complications. Other Flower stocks were weak, on what was considered inside liquidation.

The market has, so far, shown very little rallying power.

SPECIAL.

New York 3.15 p.m., June 13.

It is a very serious mistake bulling Sugar. Advices from London have depressed the market.

Belief that there is any prospect of conclusion of the war is absurd; consequently, lower prices for international issues inevitable.

Suggest sales of Pacific stocks on all rallies.
