STREET RAILWAY CHAMBERS, MONTREAL.

Something new in Rings.

Our travellers are now showing a new line of seamless gold-filled rings, that will wear equal to solid, and are better value than the low karat, light-weight rings now being offered by some jobbers.

The line includes

Wedding Rings, Band Rings and Gypsy Rings.

Be sure you see our samples

Watch Cases.

We are showing a new and attractive line of watch cases in Nickel, Silver, Filled and Gold, made by the Montreal Watch Case Co., which we guarantee to be equal in pattern and finish to any goods shown in Canada.

We are giving special attention to all kinds of repairs in jewelry for the trade only.

In watch repairs we have exceptional facilities, having both American and Swiss workmen for this purpose.
