ice totally gone from Toronto Bay on the 21th. Frogs first heard on the 26th. Wild pigeons seen on the 31																					
State of the Atmosphere Greatest in miles reached into the four Cardinal directions:																					
North.				West.				South.				East.				Mean Velocity of the Wind					
2135.2		2009.1		1929.9		1381.8		17.2		109.3		14.3		172		123		103		111	
Mean Velocity of the Wind—2.3 miles fr. 1 to 7 p. m., or 18th																					
Most windy day—18th: mean velocity—15.31 m. p. fr. 18th																					
Least windy day—26th: do. —2.95 m. p. fr. 18th																					
Mean velocity of the wind—2.0 m. p. mean velocity—10.33 m. p.																					
Least windy hour—midnight: do. — 6.35 do.																					
Most windy hour—midnight: do. — 8.0																					
Mean diurnal variation—1.75 miles.
