

used as such within the limits specified, and none elsewhere within the jurisdiction of this Board, unless kept free from all obnoxious smells, and all offal be removed every day; and no melting or rendering house, and no place for manufacturing or other business giving rise to obnoxious or injurious vapors or odors, shall be established or used as such within the jurisdiction of this Board, except by its special permission and location.

FOR PREVENTING THE SPREAD OF CONTAGION.—14. Every child should be vaccinated before two years of age; and this Board recommends that all persons be revaccinated as often as once in five years.

15. All incorporated manufacturing companies within the jurisdiction of this Board shall cause each new employee to be vaccinated on entrance, unless proof is furnished of previous successful vaccination.

16. No person shall become a member of any public school within the jurisdiction of this Board until vaccinated, or furnishing a certificate from some physician that he or she has been successfully vaccinated.

17. Any householder in whose dwelling there shall occur a case of cholera, yellow fever, scarlet fever, diphtheria or small-pox, shall immediately notify the Board of Health, of the same, and until instructions are received from the Board, shall not permit any clothing or other property that may have been exposed to infection to be removed from the house, nor shall any occupant take up residence elsewhere without the consent of the Board.

18. Any physician who may be called to a case of any of the diseases specified in the foregoing rule shall at once report such case to this Board and receive instructions in regard thereto; and whenever there shall come under the observation of any physician such number of cases of scarlet fever, measles, typhoid fever, diphtheria, dysentery, or cerebro-spinal meningitis as in his opinion to justify the belief that a considerable epidemic thereof exists, he shall at once report the same to the Board, with such suggestions in regard thereto as may seem to him best.

19. No person or article liable to propagate a dangerous disease shall be brought within the jurisdiction of this Board without the special consent and direction of the Board; and whenever it shall come to the knowledge of any person that such person or article has been brought within such limits, he shall immediately give notice thereof to this Board, together with the location thereof.
