ST. LASABRE DE BELLECHESSE, District o Montmorency, O.E., 13th Aug, 1864. Mr. Edmund Giroux, Druggist, No. 47 St. Peter Street, corner of Vieux Marche, Lower Town,

Quebec: Dear Sir, - This is to certify that I have been, during eighteen months, sick and obliged to keep my bed, unable to walk a single step. After having tried the remedies prescribed by physicians, and many others, without success, I decided to try BRIS-TOL'S SARSAPARILLA, and took five bottles To day I walk perfectly well, and I am able to at-tend to my business. One of the most able physicians, after bleeding me, declared that my sickness was severe Rheumatic affection.

GREAT TRUTHS IN A SMALL COMPASS.—The substance of volumes of medical advice may be compressed into a sentence, thus : Keep the digestive organs in a vigorous condition, the bowels regular and the liver fairly up to its work. But how to do this is the question. Puzzling as it may seem, every man and woman who is acquainted with the virtues of BRISTOL'S SUGAR-COATED PILLS, can answer the query promptly. Their extraordinary properties cover the whole ground. Is the stomach weak and apathetic?—They give it vigor and activity. Are the bowels constructed?—They relax and regulate them. Is the liver sluggish or congested?—They bring it back to its duty. It is their office to restore the system to a natural condition, without undue force, without suffering, without any revolting nausea, and they do it. Many complaints of the organs referred to are complicated with disorders that affect the skin, the muscles, the flesh, and the glands. They are put up glass vials, and will keep in any climate. In all cases arising from or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills.

MURRAY & LANMAN'S FLORIDA WATER. - The. test of the genuineness and purity of a floral perfume, is its duration when exposed to the air. The aroma derived from chemical oils soon dies out, and leaves behind it an odor which is anything but agreeable; but that which is anything but agreeable; but that which is obtained by distillation from fresh and odoriferous flowers and blossoms, improves by contact with the air and lasts a great length of time. Hence Murray & Lanman's Florida Water, the concentrated product of rare Southern flowers gathered in the zenith of their bloom and fragrance has not only the freshness of an unwithered bouquet but is indestructible except by the washing of the article moistened with it.

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of

the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote Company's Office to employ for the distressing and dangerous effections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be

forgotten. We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that

it has ever done. Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. to express the great confidence which I have in its efficacy. For nine months I was most cruelly affected with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms in creased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was com-pletely restored to health. I have used the Balsam in my family and administered it to my children with the happiest results. I am sure that such Canadians as

use the Balsum can but speak in its favor. It is a
