# Ayer's Sarsaparilla, FOR PUBLEYING THE BLOOD.

The reputation this exis derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrolula, where the system seemed utterly given up to corruption, have yielded to this compound of auti-strumous virtues. Disorders of a serofulous type, and affections which are merely ence of scrofulous matter, is derived from its cures, many of which are of a

scrofulous type, and affections which are merely sargravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemics of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly devolop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tuberoles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarasparilla as a preventive, advisable.

It is a mistake to suppose that so long as no cuptions or humors appear, there must be no acrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body he so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentous habits, uncleanliness, and the dopressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the rebust, also, whose turbid blood swells the veius with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual renedy.

In St. Anthony's Fire, Rose or Erystpelas, for Tetter, Sait Rheury Scald Head.

tual remedy.

In St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum. Scald Head, Ringworm, Sore Ears and Eyes, and other cruptive or visible forms of the diseases caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspeista, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the musculur and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

affections of the muscular and nervous systems, the Sarsapartilla, through its puritying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Syphilis or Yenereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhæa or Whites, Uterine Ulcerations, and Female Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abcess, etc., caused by rankling poisons in the blood, we unbestratingly recommend the Narsaparilla.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Languid, Listless, Despandent, Sleepless, and filled with Nervous Apprehensions or Fears, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for General Debility, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

# Ayer's Ague Cure,

For Fever and Ague. Intermittent Fover, Chill Fever, Bemittent Fever, Dumb Ague, Periodical or Billout Fever, &c., and indeed all the affections which arise from malarious, marsh, or missmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in theague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be properlied by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remody, simulating the Liver into healthy activity.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
