... 31. All member countries of the Alliance strongly favour a comprehensive, effectively verifiable, global ban on the development, production, stockpiling and use of chemical weapons. Chemical weapons represent a particular case, since the Alliance's overall strategy of war prevention, as noted earlier, depends on an appropriate mix of nuclear and conventional weapons. Pending the achievement of a global ban on chemical weapons, the Alliance recognises the need to implement passive defence measures. A retaliatory capability on a limited scale is retained in view of the Soviet Union's overwhelming chemical weapons capability.
