

ANNEX

Terms and Conditions Governing the Establishment, Maintenance and Operation of joint Loran-C coverage by the Canadian East Coast and Labrador Sea Chains off Eastern Canada and North Eastern United States of America.

1. Co-operating Agencies

The project shall be conducted by Co-operating Agencies designated by each Government. On the part of the Government of the United States of America, the Co-operating Agency will be the United States Coast Guard, (hereinafter referred to as USCG) and on the part of the Government of Canada, the Co-operating Agency will be the Canadian Coast Guard (hereinafter referred to as CCG). Either Government may change the designation of its Co-operating Agency by means of a notice in writing to the other Government.

Subsidiary arrangements for the purpose of implementing this Agreement may be entered into by the Co-operating Agencies. Such subsidiary arrangements may be modified by the Co-operating Agencies as necessary from time to time, within the purposes of the present Agreement.

2. Shared Funding of Joint Systems

Effective April 1, 1980, CCG assumed, from USCG, the cost of operating the St. Anthony monitor station. Effective April 1, 1983, CCG assumed, from USCG, the cost of operating the Cape Race Loran-C station. Thereafter, each Co-operating Agency is responsible for the operation of its part of the system located in its country.

3. Transmitting Station Sites

Canadian East Coast-Loran-C Chain

The Canadian East Coast Loran-C Chain will comprise transmitting stations at Caribou, Maine, Nantucket, Massachusetts, Cape Race, Newfoundland and Fox Harbour, Labrador. Associated with these stations will be monitor stations at Cape Elizabeth, Maine and Montague, Prince Edward Island and a control and monitor station at St. Anthony, Newfoundland.
