My dear Sir Arthur:

I thank you very much for your pleasant note of congratulations because of the degree conferred upon me a short time since by the University of the State of New York.

As you evidently do, I consider this degree a high honor for the University has been conservative enough in granting them so that when one does receive one he has cause to feel proud of the distinction and I assure you that it is a great pleasure to me to join the group of recipients of this honor and amongst whom you are a distinguished and outstanding figure.

Very sincerely yours,

*Frank H. Hiscock*
