

Electric

September 25th, 1924.

P. F. Sise, Esq.,  
President, Northern Electric Company,  
Montreal.

My dear Mr. Sise:-

I was delighted this morning to receive your letter of September 24th, in which you gave me the pleasing information that the Directors of the Northern Electric Company have contributed the sum of \$7,500. towards the construction of our new Electrical Engineering addition.

This is a very welcome contribution. Not only does it help us to grant further facilities in the Electrical Engineering Department but it is an evidence of the interest your Company takes in the work of the University.

Will you please convey to the Directors and accept for yourself the sincere thanks of the Governors of the University.

Yours faithfully,

Principal.
