Scraps at San Francisco, Cincinnati, Milwaukee and Butte.

At Los Angeles.—Joe Rivers, the Mexican pugilist, defeated Leach Cross, the New York lightweight, in twenty rounds of fighting in the Vernon Arena. After two knockdowns in the fourth and ninth rounds Cross showed marvelous recuperative powers and fought brilliantly, but could not overcome the lead Rivers won by consistent and vicious mugging.
At Cincinnati.—Bill McKinnon of Boston and Gus Christie of Milwaukee went ten rounds for the chance of leading the middleweights. It was a very exciting draw. Newspaper experts called it a draw. Both men were in prime condition, willing to mix and finishing in good shape.

All You See of a Man
is His Face and Hands;
All the Rest is Clothes.

How Do You Look?

Look in the glass at home. Fix the image in your mind—a man with coat wrinkled, saggy, a little short in the sleeves, the pockets a bit "bulgy," and the shape gone. If that is what you see, it is time you changed your appearance. Come and try on a new winter suit, or one of our shawl collar ulsters, or a three-button shawl collar Chesterfield, and then look in the glass in our store. You see a different man! Don't you think a lot more of yourself in the dandy new coat or suit than in the old one? A man has more spring and snap in his system when he knows he is all right from head to foot. Success is just around the corner, ready to slap the right-looking man on the back when he comes along. How do you look? You can't change your face and hands, but you can get smart clothes—here. Our prices are low—start at \$15 for a suit or overcoat.

Materials All the new, rough effects, Shetlands, Chin-chillas, etc., all linings, thread, buttons, sewing and general workmanship O. K.

Styles Plain, straight shoulders, shawl and notched collars, storm collars, convertible collars, Ulsters, Chesterfields, in the new three-button effects, single and double-breasted.

Prices When we come to this point, we put on the loud pedal because we can afford to make a noise about our prices. To know the real values, you must come in and see what these prices represent, \$15, \$18, \$20, \$22, \$25.
