

IS OPPOSED TO SUNDAY PAPERS

Magistrate Gives Judgment
Against World Newspaper
Company, Limited.

FINE IS IMPOSED

Complete Paper Should Not
Have Been Issued, is
Contention.

Magistrate Kingsford delivered judgment in the police court yesterday, finding The World Newspaper Company of Toronto, Limited, the sum of \$100 and costs for publishing a special edition on Sunday, May 2.

Mr. Kingsford's judgment was as follows: "There is no difficulty in a properly proved case in convicting a company under the Sunday Act of the Province of Upper Canada. The interpretation of the act of the consolidated statutes of Upper Canada expressly extends the term 'person' to include corporations. The defendant corporation in this case, in my opinion, comes within the meaning of the act. The act is clear. The company was on the day charged with carrying on its usual occupation and the offence is proved. 'Under the act the penalty is not less than one dollar nor more than forty dollars. In adjudging the penalty the circumstances of each case must be considered. In this instance the issue of the Sunday paper is said to be justifiable on the ground that at a time of intense national excitement and interest a fresh list of heavy casualties in action had been received over night and the paper was issued to give necessary information to the people of this city which it would be desirable they should have as early a date as possible. A Complete Paper. 'If this intention were carried out

in good faith, it would, in my opinion, be not more than a technical breach of the statute, and might be leniently dealt with. That is not the case. A complete paper is issued, made up of standing matter in great part taken from earlier issues, and the list of names when checked over is mostly a reprint of names which already had appeared in the press and of the freshly printed names only two came from Toronto.

"The ordinary daily issue of this paper is one cent. A so-called Sunday edition is five cents. It was not an 'extra'.

"So long as this act remains on the statute book it must be respected, and a breach of that act must be dealt with, when such breach is brought before a court, in the same spirit as a breach of any other act. The more flagrant the breach the penalty must be sufficient to point out plainly, that the law has been broken.

"This issue of the Journal was not a bona fide attempt to ally public desire for information as to casualties, but rather an attempt to make money out of public anxiety and is in no sense protected by any claim of necessity of the public."

"The defendant company is convicted and the fine will be \$100 and costs."

CABINET NEVER HEARD OF "ROYAL ONTARIOS"

Acting Premier Pyne Says Formation of Regiment Has Not Been Considered.

"I never heard of the thing before in my life. It was never suggested in the cabinet or discussed, and if any body knew anything of it I would," said Hon. Dr. Pyne last evening in speaking of an announcement in a morning paper yesterday to the effect that the Ontario Government was considering the equipment of a Royal Ontario Regiment as a patriotic undertaking. He stated that the first time he had heard of the suggestion was when it appeared in the press.

It is known that for some time the government has been considering ways and means of further exhibiting provincial feeling to the empire, but plans have not yet reached the shape where they may be acted upon. The illness of the premier is understood to have delayed the completion of proposals along this line.

BIG DEPUTATION PROTESTS IN VAIN

In Spite of Appeals, Ontario
License Board Cut Off
Hotel at Lambton.

ALLOW THREE MONTHS

Proprietor of Senate House
Must Sell Out and
Close Up.

Lambton Mills will have to work along with only one hotel. The license board at the parliament buildings decided yesterday in the face of much opposition to withhold the license of the Senate House, and to re-lease the premises to the proprietor, J. K. Fleming, of the necessity of rebuilding his old structure. He will be given three months to close his affairs. The decision came in the afternoon and followed the reception of one of the many delegations which have yet faced the tribunal. Dr. Forbes Godfrey, M.L.A., spokesman for the visitors, who arrived late. Little encouragement was given through the hearing to those who advocated the privileges of sale.

Twenty well-known York residents appeared in the body, and urged the necessity of the place as a farmer's hostel. They gave an idea of the number of farmers who used the place, and spoke highly of Mr. Fleming's character. Mr. Flavelle stated that the last matter was beside the question for they were concerned in the case only with the desirability of the license. Mr. Flavelle stated that the end of the roadhouse was fast approaching. Soon both Lambton hotels would have to face the inevitable. In the case of the Senate House it would be cruel to allow Mr. Fleming to rebuild at the expense of the license were not to be permanent. Weston and Humber Bay were open to the same arguments. "It has been asserted that Lambton has become a drinking place for Weston people," he said. "Our opinion will be based solely on whether two hotels are necessary."

The decision came a few hours later. Applications for shop licenses in Penetanguishen and other towns, also sanctioned by local boards, were disqualified, and one for the continuance of a shop in the former place was annulled by the granting of a three-month extension. Some of those in the Lambton deputation were: Magistrate George Symes, Reeve Mark Garthouse, F. F. Reeves, P. Barrett, and ex-Reeve Bull, as well as several who had served on local license commissions.

NEW REALTY OFFICE OPENS IN TORONTO

Ran. S. Soanes, for many years associated on the sales staff of Robins, Limited, has branched out for himself, with offices at 28 West Adelaide street, and is to be commended for launching out at a time which some people might consider inopportune.

For six years Mr. Soanes has been in close touch with local conditions and has made many friends as a result of his guidance and advice in the judicious investment of money in real estate. Those who have invested through him have made money. Mr. Soanes, when interviewed yesterday, pointed out that the only disadvantage to be feared by real estate brokers in Toronto lies in the fact that prices were unduly inflated, and clients who paid excessive prices must hold until better conditions permit a realization on the investment. He pointed out that the market was not so hot as it was a few months ago, and that clients are priced at \$5 a foot and is so advantageously located that as an investment there was absolutely no doubt as to its merit.

"Bathurst City Gardens is the name of this new property. Land adjacent has been sold at prices that startle the agents when they see this land, equally as good, being offered at these prices. That is not an indication that those who paid larger prices are going to lose, but it means they will wait longer for the expected profits," concluded Mr. Soanes.

With the oncoming of the holiday and the good weather, real estate investors are beginning to look around. Bathurst City Gardens should be well received.

OF INTEREST TO ARTISTS.

The Canadian Musical Bureau, 133 Macpherson avenue, Toronto, of which Mr. William Campbell is manager, has introduced hundreds of artists to the concert platform during the past 17 years. The bureau forms the strongest link between the artists and leading societies and committees who are in the habit of giving first-class concerts. Mr. Campbell is now getting his annual ready for the printer, and those artists desirous of securing engagements for the coming season should get in touch with him at once.

"WOMEN IN INDIA."

On Sunday, May 16, at 3 p.m., Dr. Sunder Singh will speak on "Women in India," before an open meeting of Friends' Association, in the Foresters' Hall, 22 College street.

MAGNIFICENT GIFT TO BASE HOSPITAL

Word has just come from A. C. Hardy of Brockville of a splendid donation of \$40,000 towards the University Base Hospital. Mr. Hardy wishes that his gift shall be used for the maintenance of the University Base Hospital through the war. A gratifying response has been made to the request for funds for the equipment of the hospital, nearly \$50,000 having been received. Much of this money has been spent for equipment and the rest is being taken by Col. Roberts to the front for immediate use on his arrival. A special publication is being prepared at the university in which all subscriptions will be acknowledged.

A New Way to Save.
When planning your Victoria Day Holiday please bear in mind the splendid Dalhousie City offers a very pleasant boat trip on a very low rate. The boat is being taken by Col. Roberts to the front for immediate use on his arrival. A special publication is being prepared at the university in which all subscriptions will be acknowledged.

Try Skin Absorption Instead of Cosmetics

The constant use of rouge and powder invites a coarsened, roughened, condition of the skin, eruptions, enlarged pores, blackheads and wrinkles. If you've learned this from experience, suppose you quit cosmetics and try the following: Ask your druggist for an ounce of ordinary mercurized wax and begin using this tonight. Apply like cold cream, washing it off in the morning. Keep this up for a week or two. The wax will literally absorb the coarse, colorless or blemished top skin, but so gradually as not to discommodate you at all. Just as gradually the clear, velvety, naturally tinted under-skin comes to the surface. And mercurized wax becomes your everlasting friend.

For those wrinkles and large pores, make a face bath by dissolving an ounce of powdered exfolite in a half pint witch hazel. This has remarkable astringent and tonic properties, and beneficial results come quickly.

MORE AEROPLANES COMING NEXT WEEK

McCurdy Aviation School Has
Purchased Two More Fly-
ing Machines.

DUKE WILL INSPECT

His Royal Highness Will Visit
Exhibition Park on Mon-
day Morning.

Two more flying machines have been bought by the McCurdy Aviation School and will be delivered in Toronto by the middle of next week. This will make a total of five aeroplanes and hydro-aeroplanes for the McCurdy school. One of the new machines will have a 125-horsepower motor and a speed of 85 miles an hour. Aviator McCurdy expects to make a trial trip with this machine at Long Branch next week. He stated to The World that this flyer is very powerful and fast, and the regular type of machine now being used by the British army at the front. His idea is to give his pupils as good a course as possible, and the machine just mentioned will permit the students to get their flying lessons in a real active service aeroplane by overland flights in the vicinity of Long Branch.

Admiral Kingsmill will come to Toronto from Ottawa next week to select the recruits for the second class. Two new pupils arrived yesterday. One came from Vancouver, on the Pacific, and the other from Sydney, on the Atlantic.

The flying boat which arrived yesterday at the Strachan avenue factory may be ready to take over to the hangars at the island by this afternoon. Victor Vernon of Portland, Maine, an expert aviator of several years' flying experience, will be in charge of the second section of pupils.

The Canadian Aviation Company's School, of which W. A. Dean is president, has opened its flying school at Ward's Island. Instruction will be given with the fine flying boat, Sunfish, owned by Mr. Dean. Three of the pupils, P. Clegghin, M. Boyd and T. Webb, all of Toronto, are qualifying finishing lessons in a real active service aeroplane by overland flights in the vicinity of Long Branch.

It is announced that H.R.H. the Duke of Connaught will visit Exhibition Park on Monday morning and inspect both the second contingent troops and the 35th Battalion (3rd C.E.F.) and its reinforcement quota. A review of the troops will be held at noon. Major-General Leeward, inspector general, will also be present at the review. The public will not be admitted. The governor-general inspected the soldier-students at Niagara camp yesterday, and is expected to spend today and Sunday at Niagara Falls.

In anticipation of the inspection by His Royal Highness on Monday, the troops in camp will parade at 9.15 this morning for a preliminary inspection, and also a march-past.

Major-General Sam Hughes, minister of militia, passed through Toronto yesterday on his way to the Niagara camp. Between trains he held a short conference with Col. W. A. Logie, who was discharged from the camp yesterday, on his way to the Niagara camp. Between trains he held a short conference with Col. W. A. Logie, who was discharged from the camp yesterday, on his way to the Niagara camp.

Another second contingent member who has been ill with meningitis, Pte. W. Woods, Div. Ammunition Park, was discharged from the camp yesterday. He was cured from meningitis by the treatment of the camp. Pte. Harold Wilkinson of the Eaton Machine Gun Battery, released last week, cured of meningitis, is now well enough to go home. Pte. Wilkinson is a son of the rector of St. Peter's Anglican Church.

Capt. H. C. Osborne, D.A.A.G. and Q.M.G. of this division, has received his certificate as field officer. Lieut. I. C. Outerbridge, Lieut. A. E. Duncan and Lieut. S. C. Kerr of the 10th Royal Grenadiers have been promoted to captains.

Lieut. A. Zimmerman, attached to the Brig. Ammunition Column, has been given provisional appointment as orderly officer of the headquarters of the 4th Artillery Brigade, 2nd C.E.F.

Experience Counts for Much.

Experience counts for a great deal in piano building as in everything else. Ye Olde Firm of Heintzman & Co., Ltd., Heintzman Hall, 193-197 Yonge street, have had 65 years' experience. They have overcome any mistakes of early years and have steadily improved their piano till now it is acknowledged to be the world's best piano.

Eczema Was Cured Twelve Years Ago

Dr. Chase's Ointment Proved to Be a Permanent Cure.

The old idea of eczema being a disease of the blood has been pretty well exploded by the record of cures made by Dr. Chase's Ointment.

Some doctors still advise internal treatment, but the results are slow and uncertain, and too often a lamentable failure. With Dr. Chase's Ointment it is different. You apply the ointment to the sore parts. It cleanses the sores and soon sets up the healing process. In a few days you can see with your own eyes the wonderful change that is taking place and are encouraged to keep up the treatment until the cure is complete and the sores replaced by smooth, natural skin.

It is wise to look after your general health, keep the bowels regular and the blood rich, but you can depend on Dr. Chase's Ointment to cure the eczema if you will do your part and apply it regularly.

Mr. W. H. Roberts, Charlottetown, P.E.I., writes: "I can recommend Dr. Chase's Ointment to anyone suffering from itching skin disease. I had eczema on my leg and suffered terribly from the itching. I had a doctor treat me for four months without relief, and I was getting worse all the time. A second doctor gave some relief for a time, but made no cure. I tried several advertised treatments, but without relief until I used Dr. Chase's Ointment. This ointment cured me in a month. That was twelve years ago, and I have never had a sign of the old trouble since."

"Since then we have always kept Dr. Chase's Ointment in the house, and find it invaluable for chafing, chilblains, insect stings and burns. I would not be without it if it cost \$5 a box."

"This is to certify that I am personally acquainted with Mr. W. H. Roberts, and believe his statement regarding the use of Dr. Chase's Ointment to be true and correct." (Signed) Alex. Horne, Justice of the Peace.
