Ottawa rates apply on shipments from Rockland and Hawkesbury.  
 Lumber freight rates for pine on the Grand Trunk Railway, according to the tariff issued 15th February, 1897, will be found below. General instructions in shipping by Grand Trunk are embodied in these words in the schedule: Minimum weight 30,000 lbs. per car, unless the marked capacity of the car be less, in which case the marked capacity (but not less than 24,000 lbs.) will be the minimum weight. Exceptions—Cedar posts in box cars, dry basswood and light pine or cedar lumber, dry cedar shingles, charcoal and sawdust, which cannot be loaded up to 30,000 lbs. or up to the marked capacity of car, will be carried at actual weight, minimum 24,000 lbs. The rates on lumber in the tariff will not be higher from an intermediate point on the straight run

than from the first named point beyond to the same destination. For instance, the rates from Orillia to Guelph, Brampton, Weston or Toronto, would not be higher than the specific rates named from Gravenhurst to the same points. The rates from Cargill and Southampton to points east of Listowel and south and west of Stratford will be the same as from Kincardine, and the rates from Hanover or Hepworth would not be higher than from Warton to the same destination, but in no case are higher rates to be charged than as per mileage table published on page 15 of tariff.  
 Rates from leading lumber points on pine and other softwood lumber, shingles, etc., are as follows: From Glencarm, Creemore, Aurora, Barrie and other points in group B to Toronto, 6 1/2 cts.; Collingwood, Penetang, Coldwater, Waukegan, Sturgeon Bay, Victoria Harbor, Midland, Fenelon Falls, Longford, Gravenhurst and other points in group C, to Toronto, 6 1/2 cts.; Bruce bridge to Toronto, 7 cts.; Uterson, Huntsville, Navor-Emsdale, Katrine to Toronto, 7 1/2 cts.; Burk's Falls, Berresdale Sundridge and South River, to Toronto, 8 cts.; Trout Creek, Powassen and Callender to Toronto, 9 cts.; Nijissing Junction and North Bay, 10 cts. Rate from Goderich, Kincardine, Owen Sound and Warton to Toronto, 6 1/2 cts. These rates are per 100 lbs. Rate from Toronto east to Belleville are 7 1/2 cts. per 100 lbs.,

to Deseronto, 9 cts.; to Brockville and Prescott, 10 cts.; to Montreal and Ottawa, 10 cts. The rates on hardwoods average about from 10 to 100 lbs. higher than on pine and softwoods. For rates on railway ties, mahogany, rosewood, walnut, cherry, and other valuable woods, application must be made to the district freight agent.  
 On spruce and balsam (partly seasoned) for pulp manufacture, the rate from Longford, Warton, Penetang, Coldwater, Waukegan, Victoria Harbor, Haliburton, Kilmount, etc., to Toronto, is \$2.20 per cord; and to Merriton and Thorold, \$2.60; Katrine, Callendar, North Bay, etc., to same points, \$2.45 and \$2.60 respectively. Beeton, Allandale, Orillia, etc., \$2.20 and \$2.60. On green spruce and balsam the rate is 25 per cent higher.  
 On the Canadian Pacific the rates on pine and soft woods may be illustrated as follows: Cache Bay, North Bay, Sturgeon Falls and Warren, to Toronto, 9 cts.; Algoma, Spragge, Massey, Spanish River and Whitefish to Toronto, 12 cts.; Ottawa to Toronto, 10 cts. From Ottawa, Hull, Avlymer and Duchesne Mills to station on the Lake Erie and Detroit River, Erie and Huron, Toronto, Hamilton and Buffalo, and Michigan Central Railways, the rate is 14 1/2 cts. per 100 lbs.
