

THE HENDERSON Hydraulic Car Brake Co.,

258 South Third Street,

PHILADELPHIA, PA.

J. B. BAKER, Pres't.

The Henderson Hydraulic Brake is specially recommended to Narrow Gauge Railroad Companies as the

**Cheapest, Most Reliable and Effective
POWER BRAKE IN USE.**

It has been in successful operation on the West Chester and Philadelphia Railroad since April, 1874, and recently on other roads, giving entire satisfaction.

Illustrated pamphlet and full particulars sent on application.

The Ferroux Rock Drill,

(United States Patent for Sale,)

The most simple and effective machine for all kinds of

TUNNELLING  MINE WORK.

This machine is now exclusively used at the Goeschenen end of the St. Gothard Tunnel, in Switzerland, having superseded all other drills, as it has been found to be the best on tenacious rock. These Drills are now extensively used in Europe and South America,

**542 Machines having been Manufactured within
Eighteen Months.**

CHEAPNESS, SIMPLICITY, SMALL REPAIRING EXPENSE.
