Circular Distributing Agency.

P. O. DRAWER 450.

LONDON, CAN.

Dear Sir,

We have no Distributor in your county, and would be pleased to have you represent us, to see that circulars are properly distributed from house to house. No former experience necessary; only faithful and honest work required.

We pay cash in advance, and prepay all express charges on circulars we send out.

We have a large quantity of circulars on hand and more are constantly being added.

As soon as you had covered the ground fully with one lot of circulars, we could have another lot ready for you. We do not require our Distributors to handle our work alone, but permit them to accept any matter for distribution that may come to them from any other source, and we heartily recommend all Distributors who do right by us.

Please answer the following questions carefully, and return this sheet to us :—

Write your name and address in full.

Awaiting your early reply,

We remain, yours truly,

Canada and U. S. Distributing Agency.
