

CLEMENCY FOR McNAMARAS

Continued From Page 1.

to the court today, declared that he had no more to say when he placed his sticks of dynamite beneath the Times building on Oct. 1, 1910. John J. McNamara, recounting tonight to his attorneys the principles, broke down as he muttered that he fought against great odds in the best way he could. It was sequel to the court scene earlier today, when he received his sentence in terms of abject surrender.

A few hours after the sentences were pronounced by Judge Birdwell, word went forth that subpoenas would be issued for both McNamaras to appear before a federal grand jury to divulge further details of their dynamiting conspiracies.

The United States Government will demand of them information concerning instate trafficking in dynamite, which is alleged to have resulted in more than 100 explosions, bridges and factories where labor warfare was involved.

Fear of Terrorism.
"Something of the same fear of terrorism brought by these explosions, which is alleged to have resulted in more than 100 explosions, bridges and factories where labor warfare was involved."

Conspiracy Unveiled.
With the announcement of the proposed plan for clemency came the information that the brothers had furnished information of great value in the investigation of an alleged fur-trading dynamiting conspiracy, and that the plan was to serve them immediately after sentence with summons to appear before the federal grand jury.

Two hours before court opened several hundred curious men and women assembled about the corridors of the hall of records to get a last glimpse of the McNamaras.

The McNamara brothers faced the prospects of sentence with more than quinquity. They rose in good spirits and made rapid work of his breakfast. James smilingly felt the greetings of his guards, while John appeared to be more concerned about his personal appearance than usual.

Prosecutor's Pointed.
Oscar Lawler, formerly assistant U. S. attorney-general, and a prominent figure in the Ballinger-Pinchot investigation, today received word of his appointment by Attorney-General Wickersham as special prosecutor in the grand jury enquiry into the alleged dynamiting conspiracy. Lawler has been assisting Attorney Frederick for the last two months.

McNamara's Confession.
In a dead silence Mr. Fredericks read the following confession of Jas. McNamara:

"I, James B. McNamara, defendant in the case of the people, having heretofore pleaded guilty to the crime of murder, hereby confess that this statement and this is the truth:

"On the night of Sept. 30, 1910, at 5:45 P. M. I placed in the alley, a portion of The Times building, suitcase containing 16 sticks of dynamite, set to explode at 10 o'clock the next morning."

"It was my intention to injure the building and scare the owners. I did not intend to take the life of anyone. I am deeply regretful that those unfortunate men lost their lives. If the giving of my life would bring them back, I would."

The Best Treatment for Itching Scalps and Falling Hair

To stop itching and irritation of the scalp, prevent dry, thin and falling hair, remove dandruff, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting about half an inch apart until the whole scalp has been treated, the purpose being to get the Cuticura ointment into the scalp rather than on the hair. It is well to place a light covering over the hair to protect the pillow from possible stain. The next morning, shampoo with Cuticura soap and hot water, and then apply the ointment as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair. Notwithstanding Cuticura soap and ointment are sold everywhere, it is best to obtain them by mail, as they may be without expense by sending to "Cuticura," Dept. 4M, Boston, U. S. A. for a free sample of Cuticura soap and ointment, with 25¢ book on skin and hair.

gladly give it. In fact, in pleading guilty to murder in the first degree, I have placed my life in the hands of the state.

Judge Not Convinced.
Judge Birdwell commented upon McNamara's declaration that he did not intend to destroy life.

"The circumstances are against that statement," he said. "A man who will place sixteen sticks of dynamite in a place where you, as a printer, knew gas was burning in many places, where many were toiling, must have been a murderer at heart and undeserving of clemency."

Brother Was Silent.
John J. McNamara came next. The Llewellyn Iron Works indictment was read to him by the judge.

He said he had nothing to say. District Attorney Fredericks, however, said that as in the other case, the plea of guilty permitted consideration, but pleaded that the defendant, John J. McNamara, be given "a few years of freedom at the end of his life."

Judge Birdwell declared that the strictures against Jas. B. McNamara would also apply to him. Clemency, he declared, was not because of merit as to intent.

BURNS NOT SATISFIED.
CLEVELAND, Dec. 5.—(Can. Press).—Shown James B. McNamara's confession of the Los Angeles Times dynamite case to-day. Detective William J. Burns declared that it is only partly true.

"Why don't Jim McNamara tell how he knocked off the gas cocks and flooded with gas the place where the suitcase, filled with dynamite, was put?" he asked.

If he told that, then he'd convince me that he did not intend the entire destruction of the Times building and its occupants."

Burns also made another attack on Samuel Gompers to-day, declaring that the president of the American Federation of Labor knew of the McNamaras' guilt long before it was published.

New Edinburgh And Edinburgh Vics For Stanley Cup
OTTAWA, Dec. 5.—(Special).—The recalling of the Allen Cup may change the visit of the New Edinburgh team to Winnipeg from an exhibition feature into an actual championship event.

The New Edinburgh team will play the Winnipeg Victorias, the present amateur champions, who want to have the games count for the amateur championship of Canada. New Edinburgh were denied the right to make a post season challenge by the Allen Cup trustees, and they now think that the withdrawal of the trophy is a good chance to gain their original point.

The New Edinburgh team will be at full strength for the games, having practically the same team as last season. Eddie Gervard and George Anderson are slated for a place with the Ottawa pro team, will very likely remain in the amateur ranks until after the trip.

Increase in Sanatoria
Within a little more than the last decade the institutions of the National Sanitarium Association have grown from one small institution in Muskoka to two large hospitals there, and the two allied institutions on the banks of the Humber providing accommodation for some 400 patients and in which 6,000 patients have been treated.

Decrease in Mortality
In 1899 the deaths from consumption in Ontario were 3,405—a rate of 1.4 per 1,000 living estimated population, or, in other words, 11.8 per cent. of the total deaths. In 1908 the deaths from tuberculosis were 2,511—a rate of 1.1 per 1,000, or 7.6 per cent. of the total deaths—a decline of nearly 40 per cent.—the decade in which the work at Muskoka and Weston took on large growth.

The facts recorded in the two paragraphs above are freighted with significance. Where will your money do more good? That the death rate from this terrible disease should be cut down nearly 40 per cent. in ten years—loved ones saved to lives of usefulness—is not the

BORDEN FRIENDLY TO WELLAND CANAL SCHEME

Deputation of Boards of Trade Given Good Encouragement at Ottawa.

OTTAWA, Dec. 5.—A deputation representing the Ontario Associated Boards of Trade, saw the prime minister and the ministers of finance, railways and public works this morning and asked for the immediate opening of the Welland Canal.

Premier Borden declared his faith in the project.

"You will realize," said he, "that the project must receive consideration at the hands of the government. We had a deputation recently asking for the construction of the Georgian Bay Canal, and we had to tell them, as we tell you gentlemen, that the subject would require study and consideration."

As far as the object of improving the inland waters of Canada is concerned, needless to say, that policy has commended itself to me personally for many years, but we must carry it out in a business way and after the best business consideration.

The deputation was introduced by A. C. Macdonell of South Toronto, and the memorial of the board of trade was presented by W. J. Gage. The speakers included President R. S. Gouley of the Toronto board; John Hunt of London; E. W. Richardson of Kingston; P. E. Coates of Chatham, and H. J. Sims of Berlin.

C.P.R. READY TO BUILD LINE ALONG LAKE SHORE

Plans Filed With Railway Commission Mean Faster Toronto-Montreal Service.

MONTREAL, Dec. 5.—It looks as though the Canadian Pacific Railway would shortly begin work on its proposed new line from Montreal to Toronto, via the lake shore route.

The route of the new line, which has been under consideration for many years, has been filed with the railway commission and it only waits for their approval for work to be started.

Canadian Pacific officials say that the route surveyed from the main line at Glen Bay, just west of Perth, striking the lake shore about Belleville and following Lake Ontario to just outside the city limits of Toronto.

At what exact point it will join the main line near Toronto, officials state has not yet been definitely decided, but it will probably be at Lesalle Junction.

WANTS FEDERAL BODY TO REGULATE TRUSTS

President Taft Demands Rigid Rules For Conduct of Corporations—Stop Stock Watering.

WASHINGTON, Dec. 5.—(Can. Press).—President Taft's third annual message to congress, devoted exclusively to the Sherman Anti-Trust Act and the trust question in general, was read in congress to-day.

The feature of the message is the recommendation for the establishment of a federal corporation commission, and after noting that the drafting of the recent decrees in the dissolution of trusts, with a view to their reorganization into legitimate corporations, has made it especially apparent that the courts are not provided with the administrative machinery to make the necessary enquiries preparatory to reorganization.

The president says: "I do not set forth in detail the merits and sections of a statute which might supply the constructive legislation permitting and adding the formation of combinations of capital into federal corporations. They should be subject to rigid rules as to their organization and procedure, including effective publicity, and to the closest supervision as to the issue of stock and bonds by an executive bureau or commission in the department of commerce and labor, to which in times of doubt they might well submit their proposed plans for future business."

Liability to Prosecution.
"It must be distinctly understood that incorporation under a federal law could not exempt the company thus formed and its incorporators and managers from prosecution under the Anti-Trust Law for subsequent illegal conduct, but the publicity of its procedure and the opportunity for frequent consultation with the bureau or commission in charge of the incorporation as to legitimate purposes of its transactions would offer it as great security against successful prosecutions for violations of the law as would be practical or wise."

BAZAAR AT CONVOCATION HALL.
A strenuous two-days campaign to raise money on behalf of the proposed alumnae building of University College was commenced yesterday afternoon and will continue this afternoon and evening.

The young lady graduates are conducting a Christmas bazaar in the foyer of Convocation Hall where all sorts and conditions of curiosities and commodities are for sale. The public are invited, even welcomed, and there are a lot of useful things to see and buy.

The bazaar will be open to-day from 3 p.m. to 10 p.m.

Labor Politician Coping.
George R. Roberts, a prominent labor politician in the English parliament, who is chief whip for his party, will arrive in Toronto Tuesday morning, where he is a printer, will address the District Trades Council, Thursday evening on labor matters in general at the Labor Temple.

Mr. Roberts is on his way home, having come to this country as a delegate from the British Trades Council to the American Federation of Labor convention, recently held in Atlanta, Ga. While in the city, Mr. Roberts will be the guest of Dave Carey.

C. N. O. TO CHANGE LINE

Negotiations are now under way between the C. P. R. and the Canadian Northern, in which the latter company are endeavoring to acquire further running rights on the C. P. R. tracks at Orillia, which would enable them to travel around the north end of the town where they wish to branch off and run a line north connecting with their main line at a point near Sparrow Lake.

The C. N. O. have already had a route map of this line approved of, and it is almost certain that when this section is completed it will become a part of the Toronto-Parry Sound line. The section from Orillia to the point which the new line intersects will in all probability be used only for freight traffic.

NEW CABINET OF P. E. I.
CHARLOTTETOWN, P.E.I., Dec. 5.—Much excitement prevailed here as to the outcome of the new government meeting this morning. The new government is formed as follows:

Premier and attorney-general—Hon. J. A. Matheson, commissioner of public works; Hon. James A. McNeil, commissioner of agriculture; Hon. Murdoch McKinnon. Members of the executive without portfolio: Hon. John McLean, Hon. Murdoch Kennedy, Hon. A. E. Arsenault, Hon. Charles Dalton, Hon. W. S. Stewart, Hon. John A. McDonald.

Of the above Messrs. Stewart and Dalton are the only two who did not occupy seats in the legislature. It was decided to hold a general election in January. The new members of the executive were sworn in this morning by Lieut.-Gov. Rogers.

BARRIE CONSERVATIVES MEET.
BARRIE, Dec. 5.—(Special).—The election of A. E. Thompson, the Conservative candidate for the Ontario House, is certain. At a meeting this evening he met with great applause, and victory by a large majority is assured him. Dr. Failing W. A. Boys and the candidate were the speakers of the evening.

Dr. Failing devoted his time to the different views taken by the Ross and the Whitney governments towards the Toronto University, and showed how the latter government swept off great debts incurred by the former government.

Mr. Boys declared that it was a shame for a Toronto lawyer to go to Premier Whitney's riding in order that Sir James should not be elected by acclamation. The candidate reviewed the progress of the hydro commission, and told of the great factor it is in the life of progressive Ontario.

ROWELL AT BRANTFORD.
BRANTFORD, Dec. 5.—(Special).—The Liberal of South Brant were addressed here to-night by N. W. Rowell, Liberal leader, at a meeting in the Grand Opera House. Mr. Rowell did not supplement his previous address with anything new, dealing with what he regarded as main issues of the campaign, including reconstruction of educational system by re-establishing county model schools, taxation reform and the British and good question.

Other addresses were delivered by Charles B. Heyd, Lloyd Harris, ex-M.P., and the candidate, Ald. Harris. John Muir was chairman. The attendance at the meeting was good and the speakers were well received.

SENATE WANTS BIGGER SHARE IN LEGISLATION

Believes Labors of Parliament Could Be Greatly Lightened—Sen. Loughheed Will Help.

OTTAWA, Dec. 5.—(Can. Press).—That there should be a more equitable division of the public legislation between the two houses of parliament was the unanimous opinion recorded in the Senate to-day. The resolution to that effect was moved by Senator Pope.

It said: "That, in the opinion of the senate, the initiation of private and public legislation ought to be more equitably divided between the two houses of parliament, with a view of curtailing the length of the sessions, but more particularly to prevent in future the depressing custom known in parliamentary parlance as 'the railroad' of important measures at the end of a session and the question be considered by a joint committee of the two houses."

Senator Pope said that at the conclusion of each session bills of great importance were frequently railroaded through the commons and sent on to the senate too late to receive the consideration due them. The result often was imperfect and expensive legislation.

Sir Richard Cartwright approved of the proposal and suggested that Senator Loughheed induce the government to cooperate, otherwise he feared that the matter would not be favorably considered by the commons. Hon. Mr. Loughheed said that he personally sympathized and would bring the matter to the attention of the government. The resolution was adopted.

JOB HARRIMAN DEPUTY.
LOS ANGELES, Dec. 5.—(Can. Press).—Alexander, good government candidate for mayor, was re-elected to-day by a overwhelming majority over Job Harriman, Socialist. The count of ballots at 3:30 o'clock in 53 precincts out of a total of 317 gave Alexander 27,390, and Harriman 23,000. This shows a gain for Alexander about 3 to 1, compared with the primary vote.

Diamonds and Confidence

When a firm can establish itself in the hearts of the Canadian people within a short period of five years and do the enormous volume of business in diamonds exclusively that we enjoyed the past year, and can see its trade jump in leaps and bounds year by year, there must be much in both the firm and its diamonds to depend on. Stop and consider that this fact means isn't it evidence enough for the most skeptical that our diamonds are of exceptional quality to attract trade away from the older established houses? If we retained diamonds at ordinary prices it would take us 20 years to build up the trade we now enjoy, and this encourages us to offer even greater values.

Our diamonds are not selected by a watchmaker or jeweler who constitutes himself an expert because he carries a handful of stones and sells on occasion, and handles them as a side line in connection of or long-term, but by a practicing diamond expert, who has been a cutter himself.

We deal in precious stones exclusively.
See our \$25, \$50 and \$100 assortments, weighing about 1/2, 1/4 and 1/8, respectively, and the most beautiful cutting, shape and brilliancy.

These are as good value as any diamonds in Canada.
