Men! Share in the Sale Clearance

Of Straws at \$1.00 (Mostly Half Priced)---Half Price, \$1.50---Panamas, Half Price, \$3.50

Men, there's a difference between a "Toyo" hat (panama weave) and that of panama leaf. Panama today in the hat business is a much abused word. Make sure when buying your "Panama" hat that you know the difference between the Japanese Toyo that has swept the country and the Panama; also that you get the benefit of the difference in price. "Toyo" is a Japanese paper woven the same as panama---it is tough in texture, holds its shape, looks for all the world like panama in weave, texture, color and style; and has come into such vogue that very few know the difference. Toyo hats sold in the Men's Hat Section at \$2.25, \$2.50 and \$2.75.

The hat of South American palm leaf will last several seasons, and may be cleaned, re-blocked in the fashionable shape of the day, and made like new each season. Panamas are priced at \$5.00, \$6.50, up to \$12.00.

Note Well These Hat Values in the July Sale

RAILWAY SITUATION SEEMS TO PROMISE A GENERAL TIE-UP

Negotiations Between Shopmen and Railway Board Still Hang Fire.

From The Sunday World.
The world learns that the negotiations between the railway shopmen and the Canadian Government railway board are still hanging fire, and that the outlook is somewhat ominous. The shopmen, it will be remembered, demanded a large increase in wages, and the railway board offered to advance wages along the line of the McAdoo schedule, so that the shopmen in Canada would have the same wages as the shopmen in the United States. This offer was not accepted, as the shopmen pointed out that the McAdoo schedule was being revised upward to meet the objections of the American railway men. The board then offered the men the McAdoo schedule, plus whatever might be added as a result of the negotiations now going on in the United States, but insisted that the shopmen in Canada should continue work, just as the shopmen in the

United States were continuing work until the revision of the McAdoo schedule was completed.

This seemed like a fair offer, but it is reported that the men will not accept and may demand an immediate cessation to their terms within the next few days or declare a general strike. If the shopmen go out it may precipitate a universal tie-up, as of course all the railway employees including engineers, firemen, brakemen, switchmen, yardmen, trainmen and all the operative staff clerical and mechanical, will insist that their wages be raised immediately along the line of the McAdoo schedule.

Higher Rates Coming.
The increased pay demanded by the men will increase the working expenses of the roads nearly fifty million dollars and will necessitate an increase in passenger and freight rates of about 25 per cent. The trouble is rapidly coming to a head, and unless the railway board and the government can meet the wishes of the men within the next few days the results may be serious. However, the railway board is doing everything in its power to effect a compromise, and some announcement may be forthcoming by the middle of the week. The rumor that the railway shopmen are threatening to strike unless their terms are accepted by Tuesday lacks confirmation.

GENERAL COURT-MARTIAL.

Holding of another general court-martial at Niagara Camp, tomorrow morning, is announced. Six more soldiers will be tried. Two are members of the 1st Battalion, 1st C.O.R., and four of the 1st Battalion, 2nd C.O.R. The president of the court will be Lt.-Col. G. H. Francis.

AVIATOR IS KILLED AT ARMOUR HEIGHTS

Thru the fall of his machine from a height of about 200 feet, Second-Lieut. A. W. Hill of Malden, Mass., under training as an instructor in the R.A.F., was instantly killed at Armour Heights at 7.30 Saturday morning. The body was partially burned when the airplane caught fire on striking the ground, but the medical officers stated that the crash must have killed the young aviator.

WORK ON BIG HOSPITAL WILL BEGIN TODAY

Work will be started today by the public works department on Toronto's new \$2,000,000 military hospital, which will be remodelled out of Old St. Andrew's College, and will have for the present a capacity of three hundred beds. Men will start putting the main college buildings and wings in shape for hospital accommodation and offices for administration.

GENERAL.

Applications for writs of habeas corpus on behalf of men who have been enlisted under the Military Service Act are flowing into the courts in the Province of Quebec. The negotiations between the railroads and the employees still hang fire, and there is still a fear of a general tie-up. If the advances in salaries are granted there will be a consequent increase in railway rates.

Six people are reported killed and 15 injured in an explosion on a Spar-

ish oil ship anchored in an Atlantic port.

LOCAL.

LT.-COL. GORDON RESIGNS.

Lieut.-Col. Harry Duncan Lockhart Gordon, D.S.O., officer commanding the 4th Canadian Mounted Rifles, now home on leave, has been permitted to resign his command and his resignation is confirmed in orders from Ottawa received Saturday at Toronto military headquarters. Lt.-Col. Gordon went overseas with the 4th C.M.R. at the outbreak of war as an squadron commander and has served in France throughout and later was promoted O.C. of the unit. He returned from France about two months ago and is giving up his command for business reasons.

ONLY TEN APPLICATIONS FOR CIVIL SERVICE JOBS

Either the civil service does not hold any great attraction for Toronto young men and women, or very few of them possessing any experience in shorthand and typewriting are at present out of employment in Toronto. Up to four o'clock Saturday afternoon only ten candidates for vacancies in several of the departments of the civil service had presented themselves for examination at the University Medical Building where examiners sat all day to put competitors thru the necessary tests. It was not expected that more than half a dozen would turn up. All those who went forward for examination were girls.

The positions are only temporary, but by passing one of the regular competitive examinations candidates may be appointed to permanent positions.

SEE CANADA NOW.

It is safe to say that but a small percentage of the people of Canada have ever visited any of the many resorts in the "Highlands of Ontario," notwithstanding the fact that they are right at their door, and are unsurpassed in America for loveliness and variety. Write to any agent of the Grand Trunk Railway System for handsomely illustrated literature, descriptive of Muskoka Lakes, Lake of Bays, Algonquin Park, 20,000 Islands of Georgian Bay, etc. These booklets are replete with information, give list of hotels, the character of the different resorts, where to go for fishing, canoeing, camping, or where to find a choice hotel retreat for a quiet week or month.
