### NEW MANAGER FOR TORONTO B. B. C.

Ed. Barrow Announces Retirement—Off to Meeting of National Association—About Hesterfield.

Ed. Barrow on Saturday decided to give up the management of the Toronto Ball Club, feeling that his hotel business will require too much of his time during the season to allow him to travel with the team. He will retain his interest in the club, however, and be ready to lend his aid and advice when necessary. This team management will be offered to Captain Flood, or possibly a former Toronto player, with whom he has been in contact.

Mr. Barrow will accompany President McGowan to New York to-night, and the manager question may be fixed up there. They are going to attend the annual meeting of the National Association of Professional Baseball Leagues, when some very interesting matters will come up for discussion.

The effect of the Western League, which belongs to Class A, to draft Topeka from the Western Association, despite the fact that it is contrary to the letter of the league, will be watched with interest, for it may have a deeper meaning than now appears on the surface. The Class A league names claim that the rule regarding the drafting of other cities—that is, from one league to another—is not correctly understood, and that when the matter is brought before the national association of national commission it will be interpreted differently.

A Newark, N.J., dispatch says: "All conjectures as to where Larry Hesterfield, the former Newark (Eastern League) pitcher who was drafted by the Toronto team, will be sent, are being dispelled by the announcement that he will be sent to the Toronto team, and that he will wear one of Manager Barrow's uniforms during the coming summer."

The Class A men will make a fight on it at the New York meeting, and it may even be the extent of causing a split in the league.

Then the man on first started to run, and Bergen caught him in quick time. Then the man on first started to run, and Bergen caught him in quick time.
