At an informal meeting of the council this afterneon a tacit agreement with the radial railway was reached by which the company, during the bleasure of the council, will handle on East King-street express parcels and baggage in cars similar to passenger cars and will refrain from using the tracks for carload lots or thru freight. The company has no right to handle freight of any kind on the tracks, but the aldermen said they were making the concession to the company for the convenience of Beach residents and the

The uestion of getting a route for carload lots was left over for future con-sideration, altho several of the aldermen favored allowing the company to use Sanford-avenue connection with the H., G. & B. at Main-street.
