A SIMPLE CURE FOR HYSTERIA AND NERVOUSNESS

Two great classes are found in sufferers from hysteria. With some the attacks are comparatively passive. The patient sinks suddenly into insensibility from which she emerges in a state of weakness and profound depression. With others the hysteria is accompanied with epileptical symptoms, extreme agitation and convulsive paroxysms, leaving the natient naming and trembling in a most pitiful way.

Hysteria is merely a proof of extreme nervous irritability and happily can be cured. Acting as Ferrozone does directly unon the nervous system. It accomplishes marked results in even a short time. Ferrozone is a perfect food for the nerves—it contains the kind of nourishment needed by worn-out nerve cells, supplies building material and strengthening qualities timent is contained in Ferrozone that is readily taken up by the human is readily taken up by the human system, and no one can use this feeling its buoyant uplifting effect.

Mr. Albert H. Postel, author, lecturer and traveler, has completed arrangements by which he hopes to render a great service to humanity. Thousands of men and women in all walks of life are seeking the advice of this eminent astrologer, and many voluntarily send thankful letters, highly praising him for his kind and helpful services. The following are samples of letters received by Mr. Postel:

William Payne Cole of Grange, Md., writes: "I do, indeed, thank you for the grand work you have done; things of which you spoke have already come to pass. I feel that if I had had this reading two years ago I would have been bettien in the provincial museum, having

while Mr. Postel is modest and unassuming, it is clearly seen by a glance at his features that he is a man of keen perception, open-hearted, generous and has a kindly feeling toward humanity. The writer has received one of the readings similar to those which Mr. Postel is sending to all who write to him, indicating the month and year in which they were born, and it is truly amazing how accurately he describes the life of an individual with only the date of birth and his superior knowledge of astrology to guide him.

If you wish a free reading sit down and write at once, stating the date of your birth, and you will receive by return mail your reading and a copy of Mr. Postel's interesting booklet, entitled "Your Destiny Foretold." Address your letter plainly to Postel, the Astrologer. Room 867, No. 126 West 34th-street, New York, N.Y. If you wish you may enclose and clerical work.
