FOUR JUDGES IN CHAMBERS TODAY

Equity Case is Settled—Judgment in Curry Suit, Hearing on Wednesday

The rather uncommon situation of four judges being in session in chambers in St. John prevailed today. The justices were Chief Justice Barker, supreme court, Judges McKeown and McLeod and County Court Judge Forbes.

In the equity court before the chief justice the Moncton suit of Boynton vs Givan et al which threatened to consume over a week of technical argument was settled.

By the terms of the agreement the decree is made that the defendants are ordered to transfer to Boynton, the plaintiff, all the property of the Empire Coal Company mentioned in the bill of the suit and also all property subsequently acquired on payment of \$45,000 at the law office of Curry & Vincent within two months from today. The money is to be paid to Sherry, a defendant and in the event of failure to abide by this provision of the agreement the bill in the suit is to stand dismissed without costs. H. Powell of St. John and W. B. Chandler of Moncton, represented the defendants and L. A. Curry for Mr. Boynton.

Judge McKeown announced that he would deliver his judgment regarding the application for suit money by Mrs. L. A. Curry in her divorce suit, on Wednesday next.

The matters before Judges McLeod and Judge Forbes were not of special interest.

AFTER "CHAMPS"

North End Baseball Team Forming to Play City Winners.

At the conclusion of the series of games now being played for the championship of the city between the Marathons and St. Peter's, it is expected that the winners will have to defend their titles as "city champs" against some strong teams from the local baseball players, at least it is said that challenges will be made.

It was announced some time ago that Chas. Tilley was making up a team to play the winners of the series and it is now definitely known that another team is being organized for the same purpose.

"Connie" Rogers and William Kervin, of north end, are behind the scheme and in the proposed line-up as given to the Times last night by Mr. Rogers, some of the players he mentioned, he said, as it developed the team training the championship. He has spoken to D. Donald and Ed. Mahoney and says that he will have first of a series of three or five games to be arranged later with whichever aggregation wins the cup.

The following is the proposed line-up of the team: Catcher, J. McLeod; pitcher, Boivard, Howe; 1st base, Donnelly; 2nd base, Cregan; 3rd base, J. Dever; centre field, Small; right field, Britt.

HERRING CAUSE OF COMPLAINTS

A scow load of small herring which were caught in the harbor a few days ago, and are now being unloaded at the Lower Cove Slip, whence they are hauled to the fertilizer factory at Little River, caused complaints from people in that neighborhood, owing to the odor of the decomposed fish.

Inquiry at the office of the Fertilizer Company brought out the information that the fish are owned by H. Ring, of West St. John, and the fertilizer Company are buying them from him. It was stated that the scow would not have been put there had it not been for an accident in which the scow was damaged by colliding with a rock, making it necessary to beach it as quickly as possible. It had been the intention to take the scow to the shore at Crouville.

It was further stated that the contents of the scow would all be taken away today.

One lady informed the Times today that her daughter was quite ill as a result of the odor from the fish.

WHAT'S FAME?

The Halifax Recorder in its account of the proceedings at the grand lodge of the Knights of Pythias, has the following:—"Among the visitors to Halifax attending the Grand Lodge meeting is George J. Clarke, Speaker of the House of Assembly of New Brunswick, and Ald. Boggs, of St. John. Both these gentlemen last night paid glowing compliments to Halifax and its harbor."

Now, who is Ald. Boggs? Could it be that the Holigonians have made a mistake in the name of Ald. Potts, and have al-fixed the title Boggs, simply because the alderman has achieved some notoriety as chairman of the ferry committee? "Boggs" suggests "mud," and therefore brings up thoughts of the Navy island bar and the playful pranks of the Ludlow. Ald. Potts has gone abroad as the man who has revolutionized the ferry department by putting in new toll collection boxes and who also intends to have the scalp of Chief Kerr of the fire department. Halifax must surely be asleep to make such a flimsy mistake.

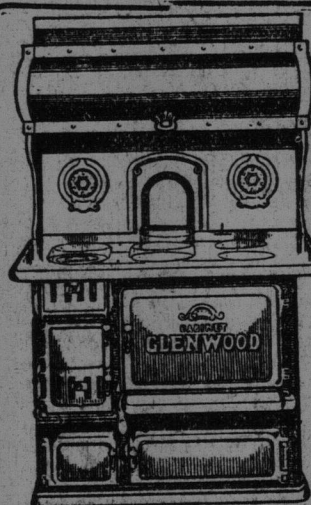

LIKELY TO APPEAL

It is said to be probable that the pilot commission will appeal the decision of Judge Barry in the case of Pilot J. S. Spears. The matter will be discussed at a meeting of the pilots and it likely the case will be appealed.

Some of the pilots were asked this morning if the ruling of Judge Barry was likely to result in other pilots utilizing motor boats in plying their vocation, but the general opinion seemed to be that they would await the action of the commission regarding an appeal. Several were emphatic in saying they would have nothing to do with motor boats.

Mrs. Oscar Lewis, who was removed to the Provincial Hospital last night, was attacked only recently with her mental affliction. The plaster on one of the rooms of her apartments was almost completely torn off by her and objects on the outside were discernible from the room. The woman seized a knife and pursued her husband to the street.
