LAIDLAW & CO.'S LETTER.

NEW YORK, Feb. 4 — Viewed as a whole yesterday's market was weak, but nevertheless did not lack redeeming features. While considerable stock found its way to market on the early decline the selling from all appearances represented marginal commitments. The real underlying weakness was of a rather negative character, reflecting rather a hesitancy to buy rather than any pronounced inclination to sell as a result of the president's utterances. The impression is growing that the month of January will probably mark the low point in railway earning for the time being. The stock market appears still to rest at an equitable level with the future course of prices contingent upon developments in the business situation. It is too early to make predictions with regard to the forthcoming wheat crop, although weather conditions thus far have been none too favorable. The present level of prices, however, discounts a great many unfovorable factors, while the market has worked into a technical position strongly conducive to a sharp recovery upon the development of favorable news.

MARINE NEWS

Donaldson line steamer Athenia, passed Scilly yesterday on her way to London from this port.

Allan line steamer Corsican arrived at Liverpool Monday from this port.

Captain George E. Bentley, of Port Greville, has purchased from Capt. Robert S. Kerr, of the same place, the schooner Phoenix, now laid up at Port Greville. She will go into the coasting trade in the spring. She is 397 tons and was built in 1883.

All of the coasting fleet that runs out of Parrsboro (N. S.), with the exception of two Norwegian steamers and seven barges and the tug Springhill have laid up for the winter and will not haul off again until about April 1.

The barkentine Emma R. Smith, Capt. Foote, which left here partially loaded for Annapolis to complete her cargo, was caught in Saturday night's storm. Yesterday the steamer Boston spoke her sixteen miles from Partridge Island headed for St. John. Some of her sails had been blown away.

Captain Johansson, of the Swedish barkentine Elise says his vessel struck what he thinks was the bar to the eastward of Partridge Island an that his anchors dragged until the vessel nearly went ashore near Anthony's Cove, Red Head. It was a terrible night, the worst he ever saw. The man Larsen who lost his life was a faviorite aboard his ship and his death cast a gloom over his comrades. The portwardens will hold a survey on the bark. There is about an inch of water in the hold.

CITY COUNCIL TALKED MUCH BUT ACCOMPLISHED LITTLE

Most of the Time at Yesterday Afternoon's Session Was Consumed in Discussing the Commission Project---Appointment of Assessors Referred to General Committee.

At the monthly meeting of the common council yesterday afternoon the aldermen, after a spirited discussion, on Ald. Frink's resolution to take a plebiscite on the matter of a commission form of government for St. John, adjourned to meet again at 3 o'clock this afternoon when the question will again be considered. There was strenuous opposition to the project by Ald. Bullock and McGoldrick, who wished to defer consideration for three months.

A motion was also presented by Ald. Baxter to refer the matter to the general committee of the council but no action was taken on that.

The section of the treasury board's report recommending the appointment of five assessors instead of three as at present was referred to the general committee, after considerable discussion. As so much time was taken up with the discussion of the commission scheme, no other business was reached and today's session is likely to be a very busy one as there will also be the reports of other boards, the special committee on reorganization, the report of the joint committee on the application of R. D. Isaacs for assistance for a project to erect car works, and other matters.

There will also be consideration as to what action shall be taken in the matter of a suit brought by John A. Kane for wages due him for work on the Loch Lomond water extension.

A number of communications, including a petition from the engineers of the fire department for increase in wages; an application from John G. Cliff asking to be appointed district commissioner for Kings ward; a letter from the solicitors of Mrs. E. A. Best stating that they have been retained to take action against the city for injuries received by Mrs. Best by a fall on the wooden sidewalk in Rodney street west; and several others will have to be dealt with. The appointment of a chamberlain and directors of departments will also be taken up.

The report of the treasury board was considered. The sections dealing with the bills were passed without comment.

On the section recommending an increase of $100 in salary to John C. Chesley, chief clerk in the assessors' office, Ald. Frink said that he would have to vote against it as he considered they should call a halt so far as increasing salaries was concerned.

Ald. Bullock, in reply to Ald. Frink, said Mr. Chesley's salary with the $100 proposed would amount to $1,160.

Ald. Baskin agreed with Ald. Frink's view.

Ald. McGoldrick thought Mr. Chesley was entitled to the increase.

Ald. Frink moved, seconded by Ald. Baskin, that the section be struck out, but they were the only supporters and the section was adopted.

Ald. Baskin moved that the section recommending an increase of $120 a year to Geo. McKinney, of the chamberlain's staff be struck out. After some discussion the motion was lost, Ald. Baskin, Frink, Holder and Christie being the only ones in favor of it. The section was adopted.

The section recommending a grant of $3,000 to the exhibition passed without comment.

A recommendation that the ten year 5 per cent bonds for $325,000 recently purchased by J. M. Robinson & Sons be issued in the following denominations: 150 debentures of $100 each, 160 at $500 each and 230 at $1,000 each, was passed.

The sections recommending that the lower flat of city hall be wired for electric lighting, and that in future all applications of civic employes for increases of pay be made only through the heads of departments and dealt with at the June meeting, were adopted.

Ald. Frink explained that the latter section was recommended so that the present practice of putting in applications and buttonholing aldermen just prior to the elections each year would be done away with.

After disposing of the sections dealing with the assessors by referring them to the general committee, the aldermen entered into a lengthy discussion of Ald. Frink's resolution for a plebiscite on a commission form of civic government.

Ald. Frink in reply to Ald. Baxter said that under his proposition the commissioners would be elected by the people at large; that each commissioner would have charge of a department and be its chairman and these men would take up largely the work which is now assigned to directors, and they would not be commissioners in name but in deed and action.

The discussion will be resumed this afternoon.

The report of W. Walker Clark, chief of police, for 1907, was submitted to the common council yesterday but has not been taken up yet. In it the chief places his force as forty-one all told. Two patrolmen resigned during the year, one was discharged, three were appointed and six were suspended.

Reference was made to the increasing work of the department and the chief again asked for a police signal system and a patrol wagon and also establishment of the eight hour, three watch, system of duty. He also said harbor and waterfront protection is much needed. He hoped the fund for providing for aged members of the force would materialize.

The chief drew attention to the neglect of business men leaving their premises open at night and said that stores were found open and secured in 397 cases during the year.

He recommended as a matter of better police protection that the entrance to the winter port wharves be closed by fence and gates, thereby preventing the roughs and loafers from going on the same and being in the way of the workmen. This would also be of great assistance to the several watchmen who look after the respective wharves and warehouses and stop the feeling of liberty to a certain class to trespass on same."

Stolen property recovered by the department and restored to owners amounted to $4,000. In closing, the chief referred to the need of a pocket manual like one he compiled.

A table of arrests and causes is given. It shows 1,736 arrests, of which 1,077 were for drunkenness, sixty-four for profanity, eighty-four for stealing, forty-five for fighting, seventy-one for common assault. The greatest number of prisoners were between twenty and thirty years old—521; the smallest between eighty and ninety—two. There were 220 men and one woman given protection. Of the prisoners, New Brunswick claimed the most—929. The greatest number in any one month was in leafy June—151, the smallest in February—seventy-six.

In various offences 1,517 people were summoned to court. There were 234 telephone calls for police, 225 disturbances suppressed, 304 articles found in the streets, twenty lost children returned to parents.

There were fifty-three violations of the liquor act reported.

PATRONIZE HOME INDUSTRY.

Everyone who has the interest of the working men at heart should patronize home industry in this city. It should be remembered by thrifty housekeepers, and those who are about to have a home of their own, that parlor suits, couches, lounges, etc., are being manufactured by the Messrs. Amland Bros. Ltd., Waterloo street, on their own premises, and intending purchasers can rely on securing good, reliable workmanship in the above lines.

THE BEST YET.

A large crowd attended the Princess last evening, and pronounced the performance the best that has been in this city. Boni's Performing Dogs made a big hit.

DEATHS

Everybody Needs just such a tonic

as Abbey's Salt. It gently regulates stomach, liver and bowels—helps appetite and digestion—strengthens and invigorates the whole system. 147

Abbey's Effer-vescent Salt

The Lady Doctor's Husband is one that pleases the ladies, showing how a woman can rule a man if she goes the right way about it. A Somali Village is highly educational, it takes you on a trip to the Somaliland in Africa, showing the way they live and their customs.

Living Silhouettes and Funny Faces are two other first class subjects. Mr. Harry Newcombe sang Come Back to Old Manhattan Dearie; it was sung with great success by Emma Carus in the musical comedy with Lola from Berlin. It is of the catchy variety and was received with repeated encores from the audience. The above programme will be repeated today.

At the entertainment to be held in the Ludlow street United Baptist church this evening, the following will be among those taking part: Gilbert D. Davidson, St. John's popular banjoist; Mrs. Murray Long and Mr. Gordon Allan, soloists; Master Eldon Morrish, the well known boy soprano; Messrs. Wasson and Robertson and Miss Cowan, readers; Misses Retallick and Kinsman, pianists. Come and enjoy a pleasant evening. Admission only 10 cents.

ANOTHER POSITION.

Miss Hulda Wood, af Paradise Row, has been selected by the employment bureau of the Currie Business University, Ltd., to fill the position of stenographer for the Federal Life Assurance Co.

CHOIR BOYS AT DINNER

The boys of Trinity church choir held their annual dinner last evening in Scammel's restaurant. His Worship Mayor Sears presided in the absence of the rector and curate. About thirty lads were present and spent a very enjoyable time. The toasts were: The King, by the chairman; Trinity Church and Choir, Mr. Craig; Our Rector, James Humphrey. The mayor responded to by His Worship. Other speakers were Harold Humphrey, Bayard Trueman, Harold Wood, McL. Shaw and Mr. Scammell. Brownie Day and Robt. Dobson entertained with a dialogue and readings and solos were given by Jas. Humphrey, Robt. Dobson, Cecil Markham, Gordon Smith and Douglas Millidge.

George Moore

The death occurred about 11 o'clock last evening, at his residence on the Manawagonish Road, of George Moore, a well known resident of that district. Mr. Moore was 73 years of age and had been ill for some months. He leaves a wife, formerly Miss Jane Morrison, five sons and three daughters. The sons are: George, of west St. John; Thomas of this city; James and William, of Boston, and Frederick at home. The daughters are: Mrs. Bruce Wright, Mrs. John McMaster and Mrs. Benjamin Godsoe, all residing on Manawagonish Road. He also leaves two brothers: William, in Boston, and Thomas, in west St. John. The funeral will be held at three o'clock tomorrow from his late residence to Cedar Hill.

STEAMER IS HIGH AND DRY ON SHORE

Government Steamer Argus Badly Damaged in Sunday's Storm.

HALIFAX, N. S., Feb. 4—(Special)— High and dry on the Dartmouth shore with her funnel missing and badly damaged, the Dominion government quarantine steamer Argus which broke from her moorings in Sunday morning's fierce storm, and which was thought to have sunk, has been located.

The staunch little steamer was driven fully two miles from where she was moored and was in an exposed condition. Tugs were immediately sent to her assistance and attempted to pull her off but were unsuccessful, as the hausers parted and the work had to be abandoned until a more favorable opportunity.

ALD. PAYETTE WINS

He is Elected Mayor of Montreal Over Hon. Philippe Roy.

Montreal, Feb. 3—(Special)—Ald. Louis Payette was today elected Mayor of Montreal by a majority of 2,986 over Hon. Philippe Roy, after one of the liveliest contests which has taken place in Montreal for many years.

A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the Stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see. Sold by all Druggists.

Halifax, Feb. 3.—The following were damaged in last Saturday's storm: Steamer Argus torn from her moorings and stranded at Dartmouth; schooner Florence M. Smith, ashore at Fairview; schr Ceto ashore and badly damaged at Dartmouth; schr. Etta Vaughan, ashore near Brooklyn (N. S.), and may be a total wreck; schr. Lillian, ashore at Little Island, mouth of Lunenburg harbor; schooners Defender, Margaret E. Schwartz, brigt. Leo, and the schooners Acadia, Transvaal, and Mary Duff, all damaged at Lunenburg.
