MOORE OPPOSES SECRET SCHEMES OF IMMIGRATION

Says Every Plan so Framed Will Be Regarded With Suspicion

RESISTANCE URGED TO RATE REDUCTION

Adds 200 Rail Shopmen Delegates at Meeting in Montreal

Canadian Press Despatch.
MONTREAL, March 22.—Cooking up in the dark of immigration schemes by the Canadian government without even letting parliament know the extent of the financial commitments of the Dominion was denounced by Tom Moore, president of the Trades and Labor Congress of Canada, on an address today to over 200 delegates representing 90,000 railway shopmen at the biennial convention of Division Four, Railway Employees' Division, American Federation of Labor here.

Mr. Moore declared that until there was open dealing on the question of immigration every scheme put forward by the government would be regarded with suspicion.

TOUCHES ON C. N. MATTERS.
Mr. Moore also touched on Canadian National Railways matters, focusing his attention on the question of freight rates, and whether or not these should be reduced at present. He told the

railway men in no uncertain terms that their interest in the freight rate question primarily lay as wage earners, not as consumers.
"It is to the interest of this organization and all organized workers to oppose a reduction of freight rates at this time."

CONDITIONS BETTER.

At the outset Mr. Moore spoke of the necessity of railway men directing their attention to the large questions confronting the country since he did not know of any men who were more affected by national conditions than the railway men. This year the convention was meeting under better circumstances than at the convention two years ago. In general financial conditions were better.

Both the Canadian Pacific Railway and the Canadian National Railroads showed increase gross tonnage and net earnings increases meant little unless they were being reflected in the wages and conditions of the men employed on the railroads. Touching on immigration as one of the foremost matters which should engage attention, Mr. Moore declared that there were men in the government who thought the mere fact of pouring people into the country would solve Canada's problem.

ANTI-FLU APPEAL ISSUED.

MONTREAL, March 22.—An appeal to citizens of Montreal to take all means in their power to prevent what might be an epidemic of grippe or flu was issued today by Dr. Eugene Gagnon, acting director of health.

Several furniture dealers and five lawyers recently contested for hours in the city court for the possession of a bed belonging to Mary Ware, colored. The bed had been seized on a judgment. It was worth about \$10.

LABOR MATTERS ARE TOLD OF TO SCOUTS

F. S. A. McMullin Gives Lecture of Interest in North End

F. S. A. McMullin delivered his first lecture for Boy Scouts on "Labor Organization and Labor Legislation" to Troop No. 11, St. Luke's, and Troop No. 14, Victoria Street Baptist, in the Victoria Street Baptist hall, last night, and about forty boys were present.

Mr. McMullin explained to the boys the principle of collective bargaining, the Factory Act, the Workmen's Compensation Act and the proposed Mothers' Allowance Act. He said that the real leaders of sane labor policies were the followers of Our Lord's teachings, had the good of all humanity at heart and were not Red or Bolshevik as sometimes supposed.

St. Luke's boys were in charge of Assistant Scout Master R. E. Adams and Victoria Street Baptist boys were in charge of Scout Master Edwin A. Howard and Assistant Scout Master L. G. Fincomb. Several other Scout leaders were present and expressed their appreciation of the lecture.

PIER IS RAIDED BUT PIRATES MISS LOOT

Overpower New York Guards, Rip Open Packages But Fail to Find Silk

NEW YORK, March 22.—Ten armed, masked men overpowered eight employees of the Ocean Terminal Company on Pier 74, North River, tied them to chairs in the office, smashed every packing case on the pier in a fruitless search for silks, and escaped in an unlighted motor boat.

Four guards, two coopers and two clerks were at work on the pier a little before daylight when one guard spied an unlighted motor boat emerge from the darkness. The boat was made fast at the slip before the guard could distinguish what was being done, and the ten men sprang on the pier. Two men overcame the guard and the eight remaining river pirates deployed to other sections of the pier, forcing the other guards and two coopers into the office, where the clerks were.

After all were made fast to chairs, the pirates cut the telephone wires. Three thugs remained on guard over the prisoners while the remainder, using the tools of the coopers, who had been repairing cases, ripped open boxes, barrels and bales in a search for silk. Not a single bolt was found, but in a half hour the pirates had torn open every case on the pier. Then, calling to their companions in the office, the seven men ran to the slip, got into their boat and moved away.

Bishop Found Guilty; Given Three Months

COPENHAGEN, Denmark, March 22.—The Rev. Dr. Anton Bast, Methodist Episcopal bishop of Scandinavia, was found guilty by a jury of the fraudulent conversion of 182,000 kroner (\$47,694) of charity funds. Bishop Bast was sentenced to three months imprisonment.

The bishop was exonerated on the second clause of the prosecutor's charges, that of making public appeals for charity based on "more or less shamelessly falsified accounts." He also was cleared on the third clause, of fraudulently converting to his own use \$50,000 kroner (\$12,410) belonging to the central mission.

Bishop Bast, a native of Finland, was first arrested in 1924 on charges of misappropriation of funds collected

Taking Good Ones From Government

WASHINGTON, March 23.—(United Press).—Uncle Sam is having great difficulty in keeping private business from obtaining his efficient and experienced employees.

Almost every day, some expert is taken from the government service by a private business firm which gives him better pay.

Figures recently submitted to Congress by Dr. Julius Klein, foreign trade head of the Commerce Department, showed that 44 of his "best men" quit the service during the last fiscal year to accept employment with outside organizations.
