

WHY MILK SHOULD BE PASTEURIZED

The pasteurization of all milk sold in St. John was urged in a report made by Dr. William Warwick, district medical health officer, to the sub-district board of health at its regular monthly meeting yesterday afternoon. Dr. Warwick's report was in the nature of a reply to the case made out by the delegation from the St. John Dairywomen's Association when it appeared before the board a few weeks ago to oppose the passage of any regulations that would make pasteurization compulsory.

In replying to the contention that pasteurization affected the quality of the milk, altering the cream line and affecting the vital properties (vitamines), Dr. Warwick maintained that scientific pasteurization did not appreciably affect milk in any of these ways. If the cream line was altered, he contended that that did not mean that the cream was not still there, and the very slight action on the vitamins was not so great as that brought about in milk which was kept from twenty-four to forty-eight hours.

"There is probably no one factor which would have a greater effect in reducing the high infant mortality rate than pasteurizing all the milk supply, for pasteurization makes milk safe," the report declared.

A special meeting of the board will be held at a later date for the further discussion of Dr. Warwick's report. John Kelly, chairman, presided at yesterday's meeting and there were present besides, Mrs. R. J. Hooper and T. M. Burns, secretary.

The usual monthly reports were received from the Victorian Order of Nurses on child welfare work; from Dr. T. Fred Johnston, food and dairy inspector; Miss S. Brophy, on tuberculosis work, and from Charles Gillis, LeBaron Jordan and Thomas E. Nugent, sanitary inspectors in the county. Four reports of tests made on the city water supply since the last meeting of the board,

ORGANIZATION OF PROTESTANT WOMEN

Details of the Toronto Plan
Which Has Been Referred
to in Despatches.

(Toronto Globe.)

A new organization, to be known as the Protestant Federation of Patriotic Women of Canada or the Protestant Women's Federation has just been organized, in order to bring together the women of the Protestant communions, "for the purpose of maintaining British institutions which guarantee civil and religious liberty to all citizens." The federation will comprise local branches, general council and executive board.

The Toronto branch, with a large membership, representing the different Protestant communions, was formed, with a provisional executive committee. This committee will also act as a dominion executive board and council for the purpose of organization.

The provisional executive committee is composed of the following:—
Chairman—Mrs. A. E. Gooderham.
Vice-Chairman—Mrs. Campbell Myers.
Secretary—Mrs. Walter Blackburn.
Treasurer—Mrs. Lincoln Hunter.

The conveners of the sub-committees are Lady Sifton, Mrs. G. Allan Arthur, Mrs. Donald McGillivray.

This committee is not quite complete as one or two nominees have not yet been communicated with.

Advisory board of men well qualified to assist the women in this work is in the process of formation. The St. Catharines branch is well under way, with about 500 women ready to join, under the leadership of Mrs. George H. Smith.

The objects of the federation are:—

(1) To provide an organization of women who will be prepared to take prompt and united action whenever the interests of Canada and the empire appear to demand it.

(2) To promote the study of the fundamental principles of the Protestant faith and their relation to the development and maintenance of religious liberty.

(3) To provide a common meeting ground for all women of the Protestant faith.

(4) To encourage all Protestant women to exercise the franchise in the best interests of our country.

(5) To foster a sound and intelligent tolerance of one another's conscientious religious convictions.

(6) To promote, within Canada, the study of questions affecting Canada and the empire.

(7) To arrange for lectures and addresses by competent persons on subjects of Canadian and imperial importance, and for the furtherance of the objects referred to in paragraph 2 herof, and to disseminate information and co-operate with kindred organizations for these purposes.

(8) To urge that the national anthem be taught and sung in all schools in Canada, and be used at all public services and public meetings.

(9) To urge that every public school be required to keep the Union Jack flying during the period in which the children are in attendance at such school, and that members of the federation display the Union Jack on all holidays and during events of national importance.

(10) To advocate a selected immigration policy, for the purpose of keeping out undesirable aliens, whose presence has proved a menace to the safety and well-being of Canada.

(11) To promote the use of the English language in the public schools of Canada.

(12) To advocate that public moneys be spent on public institutions only.

The Toronto Globe says editorially:—"A new organization calls itself the Protestant Federation of Patriotic Women of Canada. It is to be hoped they do not acquire the notion that they are the exclusive custodians of Protestantism and patriotism among Canadian women."
