The Land Army.

On the land, where there is no glory or excitement, and which does not mean "wearing a lilac sunbonnet and raking hay," there are 260,000 women, as compared to 90,000 before the war, when women's work was chiefly dairying and the like. Many village women volunteered to work four or six hours a day on neighboring farms, and there were 20,000 girls in the land army, working all the year and going anywhere. There are now four million additional acres under cultivation and 1,500,000 additional allotments. This will be one opening for the men who come back, and already thousands have been so placed. Women, too, must be given a chance to get land and go on with this work.

work.

The women who have gone into the armed forces number 60,000, the "Waacs," in connection with the army; the "Wrens," with the navy, and, with the air forces, because, though they belong to the winged forces, they do not fly the "Penguins." Women After the War.

BATTERIES

The Storage Battery With the Exclusive Machine Pasted Plates

Battery Repairs

Our U. S. L. Battery Service Station is now completely equipped with the necessary apparatus and electrical instuments for the care and repair of storage batteries of all makes, and in charge of expert battery men. We carry a full line of spare parts and make repairs promptly and at reason-able prices.

Winter Storage and Overhaul

Your storage battery requires special winter care Batteries stored wet in apparently good condition frequently develop trouble during the winter or soon after being placed in service in the spring. You can't determine the condition of the working parts without disassembling the battery. They deteriorate appreciably in acid, even though standing idle and properly cared for, and usually require overhauling annually.

We therefore store "dry" by a new process all batteries left with us—overhaul, wash, re-insulate, re-assemble, charge completely, then remove acid and seal them. We make only our regular overhauling charge of \$10.00, and store your battery free until next spring.

everywhere else," said Miss Fraser, then, coming to the "What are we going to do?" part of her speech. An American paper, she said, had amused her by speaking of the British political situation as "chaos."

"I suppose," she said, "that is the way it strikes a party paper when a country departs from party lines."

Miss Fraser prophesies a big coalition majority for Lloyd George, and, to the question "What about a Labor party?" says that a Labor government is a long way off. Many Labor men are going to support Lloyd George in the coalition.

The Ames Holden McCready factory at St. Hyacinthe, Que., entirely devoted to the production of work! shoes. Capacity 4,000 pairs per day.

Shoes for Canada's Workers

POR many years this company has studied the shoe needs of workmen in all lines of industry. The conditions under which work shoes are worn differ widely, and no single type of shoe will suit

all of them. Ames Holden McCready shoes for farmers, lumbermen, miners, mechanics, etc., are the result of special effort to produce exactly the type of shoe which will give the longest possible service together with the greatest comfort to each class. We are able to do this because of our large output, and the fact that A. H. M. shoes are sold in all sections of

Canada—not merely locally. It is worth remembering that there is an A. H. M. shoe for every purpose, for men, women and children, Incidentally, A. H. M. shoes bear the Union Label, which is a guarantee of the best factory conditions and the highest standards of workmanship.

A.H.M. War-Time Selections for Men, Women and Children offer special Service Value. Ask your dealer for them.

Belgium Needs Your Help MORE THAN EVER!

As Homes are Freed from Grasp of

Germans New Horrors Revealed. Belgium! Belgium!—the papers are full of heart-rending news-items from Belgium. Delirious with joy at being rescued from the hellish tyranny of the Germans, yet the

poor Belgians are in large measure in the last stages of want. Every cent you can send to them NOW will help to feed a famished patriot or clothe one whose meagre rags will never keep

out this winter's cold.

Raise Your Fund and Send It In! Perhaps you cannot spare as much as you would wish, but go around among your friends, plead Belgium's cause, collect all you can in every possible way, and turn it in QUICKLY to your

local Committee or to Headquarters. Picture these hungry and stricken people, of whom the Master said, "Inasmuch as ye have done it unto the least of these . . . ".

This is an imperative call for HELP!
