ROSS GAINED FOUR SWIMMING TITLES

San Francisco Nator Hung Up Quartet of Records—Advance in Women's Caste

New York, Jan. 1.—Norman Ross, a young swimmer of the Olympic Club, San Francisco, was the sensation of the last swimming season, securing four titles—two indoors and two outdoors—and displacing last year's leader, Duke Kahamanoku of the Hawaiian Islands. The latter failed to make the journey to this country during the year, contenting himself with competition in his native land, and in one special event triumphed over Ross. This was held during a week's water carnival at Honolulu in September. Kahamanoku's only championship title of the year was the 100-yard straightaway event, which he won in the record time of 0:58. Ross came east for the 100 and 200 yard title events, but lost the former to Ted Cann, the New York A. C. star. He was successful and created a new record of 1:21.5 for a 75-foot pool. In making this record the San Francisco swimmer was credited with a new mark for the 200-yard distance. Ross then went to Detroit, where he captured the 200-yard championship in the record time of 6:05.5, clipping six seconds from the previous mark, held by Ludy Langer. The Olympic Club athlete also created a new record for the 400-yard swim, his mark of 1:16.5 being three seconds faster than the best previous mark. Ross' next important triumph was at Cincinnati, where he won the 100-yard back stroke race within one second of the record time. Then Ross went to Illinois, where he created a new record for the 100-meter distance in a special exhibition. In the women's branch of the sport a marked advance was made when swimmers taking up the sport in many cities throughout the country. Claire Galligan, the local champion, a member of the National Women's Life Saving League, Olga Dorfner of the Philadelphia Turngemeinde, and Dorothy Burns, Los Angeles A. C., were the most successful competitors of the season. Miss Dorfner won the 100 and 200 yard indoor national titles and the championship for 400 yards indoors. Miss Galligan captured the laurels in the 500-yard swim indoors, but made her best showing in the outdoor events, in which she gathered national titles at 80 yards and one mile. Miss Burns won the national title at fifty yards indoors and 100 yards back-stroke swim. The best performance of Miss Galligan was furnished in the 300-yard indoor title race. In this event she bettered the mark of Fanny Durak of Australia, which had stood many years. She also accounted for new marks at 400 yards and 400 meters in special races.

There does not seem to be much else for the women to do with a people who enjoy such a spirit as this than to do with such a nation what the police do with a man who goes insane—overpower and restrain him. That is what Europe and America is compelled to do with the lunatic-led Germans who follow their leaders from bad to worse, singing their hymns of hate.

The Germans have deliberately adopted the plan of striking at the very roots of the races against which they fight. They say war is war and they propose to make war logically. They say that the French children spared in 1870 are fighting them now and the same spirit is used against them now. They go further than that. Sound Advice  
THE best information obtainable at present indicates plentiful supplies of raw sugar for the year 1918, and, PROVIDED THAT SHIPS ARE AVAILABLE to transport the raw sugar, everybody should be able to obtain a reasonable supply.  
This is a great big "I" however, to overcome, and therefore it would be safer for consumers and dealers to make plans only for eighty to ninety per cent of last year's consumption.  
It will be well on in February before any large supplies of raw sugar reach Canada, and in the meantime the supply will be limited owing to the small stocks on hand.  
During 1917 this Company has operated its Refinery continuously, the only interruption being two days at Christmas time. We believe this record has not been equalled by any refinery in the United States or Canada.  
These sugars are available in three different grades, under the names of  
Light Yellow  
Brilliant Yellow  
Dark Yellow  
Such sugars as these have a pronounced flavour all their own that adds richness to everything for which they are used.  
Try "LANTIC OLD FASHIONED BROWN SUGAR" for Cooking and Cereals and on homemade bread for the kiddies. Its rich deliciousness and melting goodness will induce you to USE IT DAILY.  
For sale by all first class grocery stores in any quantity. The Red Ball Trade Mark appears on each 100 lb. bag and your grocer will be very glad to show you that the sugar you are getting is out of a "LANTIC" bag.  
We thank our friends, the people of Canada, for their generous approval of the quality of our Products and the liberal share of their patronage given us during the three years of our existence.  
We assure them that in the future the same high standard of quality will be maintained so that our Red Ball Trade Mark will always be recognized as the "SEAL OF PURITY".

Mask Removed. Petrograd, Jan. 2.—(Associated Press.) Petrograd newspapers are unanimous in declaring that the Germans and Austrians have, after one week, thrown off the mask and made it clear that the Central Powers do not want a real democratic peace. The Pravda says: "German imperialism is again beginning to show its claws."

Germany's apparent unwillingness to give Poland, Lithuania, Livonia, Courland and Estonia the privilege of free self-definition is the rock upon which the negotiations have split. Other peace conditions are ignored by the Bolshevik leaders, who say that Germany opposes the most vital principle underlying the Russian revolution.

In an interview with newspaper men Foreign Minister Trotsky said that peace negotiations probably would not be resumed at Breast-Litovsk as the Russians oppose stoutly the principle of annexation.

On Tuesday evening at a joint meeting of the central executive committee of the congress of soldiers' and workmen's delegates, representatives of the peasants' deputies, the Petrograd workmen's and soldiers' council and representatives of the general army congress for the demobilization of the army, a resolution was adopted unanimously declaring that the German peace terms were unjust and denounced Germany's attitude toward the Baltic provinces as tyrannical, and authorized the government to take steps to transfer future peace negotiations to a neutral country.

TROTSKY SAYS THAT RUSSIANS DECLINE THE GERMAN TERMS (Continued from page 1) Chairman Joffe of the Russian peace delegation today sent an official telegram to the chairman of the German, Austrian, Bulgarian and the Turkish delegations saying the Russian republic deems it necessary to conduct further peace negotiations on a neutral soil, and suggesting a transfer of the conference to Stockholm. The telegram declares that replies to the message are expected by Russia in Petrograd.

Articles one and two of the Austro-German terms submitted Dec. 12 (Dec. 28 new style), the message says, are in direct conflict with the principle of self-definition of nations insisted upon by the Russian peace delegation and supported by the Russian republic and the central executive committee of the congress of workmen's and soldiers' delegates.

German Decree. Washington, Jan. 2.—Extracts from German papers received here by cable contain boasts that the peace formula given the Russians by Von Kuchinman and Carnin mean nothing and have no binding force upon Germany. They agree that Germany never will give up certain of the lands she has conquered, but some of the editors suggest that what cannot be appropriated by violence may be taken by agreement. Sneering references are made to the "democratic peace" demanded by Russian delegates with the explanation that the German delegates have used the term only in a polite form.
