Wild Strawberry "DR. FOWLER'S"

This grand remedy has been on the market for over 65 years, and is, without a doubt, the best known remedy for all Bowel Complaints.

If an unscrupulous druggist tries to talk you into taking any other preparation when you ask for "Dr. Fowler's" refuse to take it, but insist on the original and genuine. The cut of the wrapper shows you exactly what to get.

### RECENT DEATHS

Professor L. W. Titus

Great regret will be felt by many friends on learning of the deat) of Profesor Lemuel W. Titus, which occurred early this morning at his home in Paddock street. He was about 58 years of age, and is survived by his wife, one daughter, Miss Dorothy, two sons, Harry and Alvin, and four brothers and two sisters. Professor Titus will be a loss to musical circles about the city.

For years he has occupied a leading position in musical, ranks about St. John, and being possessed of a particularly fine voice, he was greatly in demand for concert and entertainment programmes. He was a capable teacher as well as singer, and has trained some of the leading singers in the city.

Think How Long You've Treated The death of Isabel Burrell, wife of George Burrell, occurred at her home, Harvey Station, on Monday morning. Mrs. Burrell was about sixty years of age and had resided at Harvey for over twenty-seven years. Besides her husband she is survived by one son and two daughters. The funeral was held on That Pet Corn How many 'times you've pared it.

How many useless treatments have you tried to get relief?

Yet that corn can be ended in two days. It can be taken out entirely, with no soreness, pain or trouble.

Blue-jay plasters do that. They are taking out a million corns each month.

All pain stops when you apply a Blue-jay. You forget the corn. In 48 hours take off the Blue-jay, and the corn comes out.

Don't use ancient treatments, for their day is done. Find out how Blue-jay acts. After that, you'll simply laugh at corns.

One package will convince you.

The superiority of these lenses lies in the deep curve of the lenses toward the eye. This deep curve allows the edges of the lenses to come close to the face while the centre bends away, thus preventing the lashes striking, and allowing a much larger field of vision than in the old style flat lenses.

A thrilling two part Selig story, "Wamba, Child of the Jungle," was the feature offering at the Gem Theatre yesterday, and it gave immense pleasure. to the patrons who saw it. well as the lighter sides when love and romance were prominent factors, were greatly enjoyed. This feature is being given again today.

There were also two Vitagraph playlets, "The Midget's Revenge," a comedy of a stage boarding house, and "Meeting Papa" another scream, both of which caused hearty laughter. Arthur P. Cameron and the orchestra each had an entertaining programme. Mr. Cameron, known as "the man from Yorkshire," is a comedian of no mean ability, and his funny songs have caught the fancy of the patrons at the Gem so that he has become very popular.

STIRRING RUNAWAY BUT NO DAMAGE IS DONE!

Nearly a Dash Into Plate Glass Front and a Gallop Through Warehouse Part of Programme

An exciting runaway occurred in the

An exciting runaway occurred in the North End this morning, when a horse owned by John McNutt of Bridge street, and which had been recently brought from the country, became alarmed by the tumult of the city streets and, dartthe tumult of the city streets and, darting down Victoria street, dragging a dump cart, dashed round the corner of Bridge street and sped on towards Main, crossing which the animal made right for a large plate glass window in the store of John McCann. Mr. McCann, who was standing near the window, stepped back, expecting to see the horse dash through the glass, but after coming up on the sidewalk and when within a foot of the window the animal suddenly swerved and passed the store door, on to Bridge street again. In doing so it denly swerved and passed the store door, on to Bridge street again. In doing so it came in contact with the wagon of the Fleischmann Yeast Co., tilting it to one side till it almost balanced itself on two side wheels, but it righted itself again while the horse harnessed to the wagon remained quietly standing.

Mr. McNutt's horse kept on going

down Bridge street towards one of the warehouses which it entered on the gallop and then dashed out through another door and was finally stopped by a young man on its way up Kennedy street hill.

After all no damage was done
