

TROUBLE WITH COBB IS ONLY NERVE STRAIN

Detroit, July 27.—That Ty Cobb, the great, is suffering from a nervous ailment which may wreck his brilliant career, and spoil the chances of the Detroit Tigers of capturing the American League pennant once more is the firm belief of many of Cobb's friends, and is causing great anxiety among the thousands of fans in this city. Such a calamity at this time would be a terrible blow to the pennant winning chances of the Tigers.

Since the Philadelphia series, when Cobb demonstrated by his marvellous work that he is the greatest of all players on the diamond, his friends have noticed that there is something radically wrong with him. Even the fans at the park have observed the apparent lassitude which Cobb displayed in his work during the last week. His speed has slackened perceptibly, and he seems to have lost the edge of the cusp and vim that have always characterized his work on the diamond.

It is feared that Cobb has overtaxed his strength. During the Philadelphia series he played like one possessed. He ran the bases in a daring and reckless manner that completely dumbfounded the Philadelphians. On the field he was in constant motion—seemingly a bundle of nerves.

Sunday morning while talking to a friend Mrs. Cobb made the remark that she was very much worried over the physical condition of her husband. Cobb is suffering from a bad summer cold, which seems to have gone through his entire system. In the games on Friday, Saturday and Sunday, Cobb's distress was apparent to the spectators in the stands. He has a constant racking cough. Frequently while standing in the outfield, he was seen to double up and grip his stomach as if in great pain.

Though under the constant care of Dr. Harry Tutbill and a private physician, Cobb's condition has not grown any better. He is naturally of a very nervous temperament, and it will not take a great deal to wreck his nerves in his present physical condition. It is possible that the Tiger star may be given a rest for a few days in order to recuperate.

A local physician, a friend of Cobb's, made the following remark after Saturday's game: "Ty Cobb looks as if he were worked out. The old-time spring in his step is missing and he moves as if his muscles were sore and stiff. I think Cobb needs a rest. He has played in every game this season, and the way he plays he uses up twice the amount of energy the ordinary player does. He has an iron constitution, or else he could not continue his speed all season.

"If Ty Cobb ever has a nervous breakdown, it will knock him all to pieces. Cobb is a bundle of nerves, and I think it is sheer nerve that keeps him up most of the time."

ORIOLES OUT OF THEIR ORBIT
Priest Johnson of the American League and five owners of major league clubs have expressed their opposition to any change at this time to Baltimore's baseball status and the Orioles will remain in the Eastern league for at least another year regardless of the outcome of Edward Hanlon's negotiations for the purchase of the Boston National league club.

This was made known when Mayor Preston announced that he had received six unfavorable replies to his letter asking for a conference of National and American club owners with a citizens' committee to consider the question of a big league team for Baltimore.

A HIGH PRICE
Talk about speculation, and people in the grain business taking chances, what about the management of the Pittsburgh National baseball team, when they paid \$25,000 for Pitcher O'Toole to the St. Paul club in the American association. They are surely taking a chance on the terms he is not to report to the club until the fall season is practically over. He is only young yet, too.

Instant Relief for Sore Feet

Sore Feet, Tender Feet, Swollen Feet, Feet Cured Every Time. TIZ Makes Sore Feet Well. No Matter What Ails Them.

Police men all over the world use TIZ. Police men stand on their feet all day and know what sore, tender, swollen feet really mean. They use TIZ because TIZ cures their feet right up, it keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emy Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold. Powders and other foot remedies close up the pores, TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does. TIZ cleans up every pore and glorifies the feet—no more limp again or draw up feet in pain and you'll forget about corns, bunions and callouses. You'll feel a new person. TIZ is made only by Walter Latimer Co., Windsor, Ont., and is for druggists at 25 c. per box.

HENLEY REGATTA INSTITUTION OF MORE THAN HALF A CENTURY

A striking feature of this year's Henley regatta was the appearance of a Maori crew, the men stripped to the waist and the women clad in a bright red garment. They would sport quickly for a time and then raise their paddles in the air with picturesque cries. The Maori were from the Maori village at the Coperton Exhibition at Shepherd's Bush.

London, July 28.—Henley Regatta was established at a public meeting of "The Regatta Association of Henley-on-Thames," held on March 20, 1859, with the business-like view, frankly stated in the first resolution "of procuring most beneficial results to the town." The institution of Henley regatta for this purpose marked an epoch in the history of boat races, indicating that rowing had now become a recognized national sport. Until the beginning of the last century, when boat racing came into favor at two Thames-side public schools, Eton and Westminster, this pastime had been considered suitable only for professional watermen.

The grand challenge cup, for which the people of Henley furnished the funds in 1859, and which has ever since remained the "blue ribbon" of amateur rowing, was given the form of the celebrated Warwick vase. It is supported by a shaft or stem, covered with burlesque, and a figure of Father Thames, with his arms and coronet, reclines on the neck of the cup. The handles are also formed of burlesque, and spring from heads of Thames and Isis, modelled after those by the Hon. Mrs. James on the keystones of Henley Bridge.

A large space left for inscriptions had become covered with names inside and out in 1896, when a new base was added for this purpose by the committee.

C. P. R. PROFITS AND GROWTH IN TRADE BIG REVELATION

Does Not Look Much Like Fear That Reciprocity Will Destroy East and West Trade—A Remarkable Record

(Montreal Witness).

Canadian Pacific Railway shares on Friday made a new high record in Wall street, at which price the stock is selling on an income basis of 4 per cent. This is the highest point ever reached by either of the three 10 per cent. rails of the New York list, Union Pacific, Canadian or Lehigh Valley, being 2 1/4 points above the record made by Lehigh in the spring of 1910, then a 6 per cent. stock, when it sold at 242 1/2, in anticipation of a "plum" dividend of \$27,485,000.

Since January, Canadian Pacific has advanced with but slight recessions over 20 points. Such appreciation in market value has as its basis the phenomenal development of the country traversed by its lines. Operating in excess of 10,000 miles of railroad, covering over 12,000,000 acres of land, running 67 steamships on the Atlantic, Pacific and the lakes, managing hotels, telegraph lines, and mail, Canadian Pacific's growth is indissolubly bound up with that of the Dominion.

Canadian Pacific is now in the select class of railroads with gross in excess of \$100,000,000 per annum. Gross business of increase last year, 29 per cent. The June figures, was approximately \$104,000,000, net \$83,500,000, and surplus for common dividends \$27,485,000, or 152 per cent. on \$180,000,000 of stock.

It is a striking feature in last year's operations, that the dividend was 100 per cent. of the 1910 dividend, notwithstanding the fact that last year \$180,000,000 of stock was drawing dividends compared with \$150,000,000 in the year before.

The normal rate of Canadian Pacific's expansion, normal because by no means as great as in 1910, is, as regards capital, about 20 per cent. a year. The road has shown an ability to earn almost the same rate in 1911 as in 1910 on an amount of stock \$30,000,000 greater. It is this potentiality of valuable stock rights, undoubtedly, that explains the present 4 per cent. income basis of the shares.

It should be remembered that this is the earning power of the railroad, which at the present rate is compelled to furnish but 7 per cent. of the regular 10 per cent. The other 3 per cent. is declared from the proceeds of the land sales. Thus, any explanation in the earning power of the land department is in addition to what has been figured on above.

The following table contains the principal items of the income account for the past three years, the estimate for 1911, being based on the 11 months' figures, and shows the tremendous development undergone by this company in recent years:

Table with 3 columns: Year, Gross, Net, Div. 1911, 1910, 1909. Rows include Gross, Net, Div. 1911, 1910, 1909, Prof. div., Surp. for com., P. C. on em., and Estimated on basis of 11 months' figures.

Another Tie Game. The games are becoming a habit in the Commercial League and another was added yesterday evening when the St. John's Stars by a score of 6-5. Batteries: St. John's, McQuerry and Doherty; Fort Howe, Foley and McKel.

Won From the Royals. In a fast and exciting game of baseball played on the Marston grounds yesterday afternoon, the St. John's railway employees succeeded in turning the tables on the Royal Hotel "champs" and handed them out a defeat to the tune of 9-8. This makes an even break between these teams and it is expected that a playoff will take place within the near future.

Time—2:35, 2:22, 2:23. The Ring. A Tame Affair. New York, July 27.—Cyclone Johnny Thompson, of Illinois, and Willie Lewis, pugilist, met in a popular decision draw, at the National Sporting Club tonight. Thompson was the aggressor throughout the fight, which was a tame affair.

Tommy Murphy a Winner. Albany, July 27.—Tommy Murphy, of New York, easily outpointed Battling Hurley of Passaic, N. J., in a ten round bout before the North End A. C. tonight. It was Murphy's first appearance since his defeat by Knockout Brown and at no time during the fight was he forced to extend himself.

Amagic. San Francisco, July 26.—Walter Pomeroy and George Bond, members of the Olympic Club, swam across the Golden Gate just as the entrance of the harbor in phenomenal time. Pomeroy crossed the mile of water in 24 minutes, 56 seconds, while Bond's time was 28 minutes. Arthur Cavill, the Austrian swimmer, who is the only other man that ever succeeded in swimming the mile, required one hour and eight minutes. Pomeroy and Bond managed to cross in a direct line at slack water.

FATHER OF 62 CHILDREN

This Was Centuries Ago But Some Modern Parents Have Had Big Families

In these days of declining families it is quite reassuring to read in the same column of a newspaper of one lady who, in fourteen years, has contributed twenty to the population; and of another who boasts as many descendants as there are days in a leap year, says Pearson's Weekly.

It is only a few months since we read of a woman at Antwerp who actually gave birth to six sons last year—three making her entrance together into the world in January, and three others following in December.

HOW MINING TIMBERS ARE USED IN CANADA

Mines to the number of 138 use considerable quantities of timber annually in their operations. Statistics of the amount used have been collected by the Forestry Branch of the Department of the Interior. Round (masawn) timber was used to the extent of \$2,848,000 lineal feet and cost an average of \$9.90 per thousand, timber was required for supports.
