

DO YOU SMOKE TOO MUCH?

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of the beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this stimulating influence on the heart and nervous system there is no remedy so equal as

WILBURNE

HEARTY AND NERVE PILLS
They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the bad results caused by the tobacco.

Mr. Frank Lewis, 71 Terrace Hill St., Bradford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop on me sometimes if I did not eat tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going, I should say, about 100 beats a minute. About three years ago I got a box of Wilburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 50 pounds in weight."

Price, 50c. a box at all druggists, or mailed direct on receipt of price to The T. Wilburn Co., Limited, Toronto, Ont.

bers of the latter body expressed the opinion that there should be more frequent conferences between the Senate and representatives of the student body in order that there be a better understanding.

A committee was appointed to consider the suggestion that teachers holding grammar school licenses who might be desirous of taking a degree at the University, be permitted to take an extra-mural course leading to examination upon work of the second year, the third and fourth years being taken in course at the University. The customary grants to athletes and debating were passed.
