BIBLE COMPETITION NO. 14.

IMPORTANT ANNOUNCEMENT,

Since preparing and publishing the conditions of the last Bible competition (No. 14) it has been found that the scheme, as elaborated, was not universally understood. To obviate this difficulty the publisher has arranged the competition somewhat differently, and simpulied it so that it might be more easily comprehended, and that none might be provented from participating in this distribution of presents through a failure to grasp the conditions. By referring to the advertisement in another column it will be seen that that the numbers and value of the prizes have been greatly increased. The list of rewards has been now arranged with almost prodigal liberality. The publisher desires that these who are subscribers, and those who will become such, may be participators in the benefits resulting from the investment of the expital now teing employed in this manner. In the preparation of the present plan, one great aim of the publisher has been to make those who enter the competition so thoroughly satisfied that they will forever hence be our enthusiastic admirers and friends. It ently, and simpufied it so that it might be our enthusiatic admirers and friends. It would doubtless have been money in the publisher's pocket had he allowed the competition, as at first propared, to stand, but when he found that there was the removest possibility of any not fully comprehe ding the scheme, he at once set about to remedy the difficulty. The result is seen in the list of magnificent rewards published in another column. These who have already competed in the competition will receive the prizes as previously announced, and will in no was suffer by the change made.
