

*Military District No. 10.**Winnipeg.*

Honorable Dr. J. O'Donnell,	President.
Dr. Lynch,	} Members.
Dr. Donald Henderson,	
Dr. Theigène Fafard,	

The cases to be investigated are divided into two classes:—

1st. Cases of militiamen who have received wounds or injuries, or have contracted disease on actual service, such as to incapacitate them wholly from following their usual trade or profession.

2nd. Cases of militiamen who have received wounds or injuries, or have contracted disease, on actual service, such as to incapacitate them for a time from following their usual trade or profession.

The Boards will take such evidence as may be produced, and will report their own opinions thereupon, either as to the total or partial disability of the claimant; if the disability is partial, the Board will state the amount of injury or incapacity under which the claimant is suffering at the date of the investigation, and its probable duration. The opinion of the Board will, of course, be based solely on the evidence which is embodied in the "Proceedings," which must be according to the form prescribed by the paragraph 1006 of the Regulations and Orders for the Militia, 1883.

The Board will assemble on such days as may in their opinion be necessary for the purpose of investigating the claims which are laid before them by the Deputy Adjutant General of their district. Each member of a Board will receive Surgeon's pay for the days he is present, and in the discharge of his duties on the Board. The claims for such pay to be certified by the President.

Each case is to be investigated separately. The "Proceedings" in each completed case are to be forwarded with as little delay as possible to the Deputy Adjutant General of the District, in order that they may be produced as evidence before the Board of Officers specified in paragraph 1008 of the Regulations and Orders, 1883.

By Command,

WALKER POWELL, Colonel,
Adjutant General of Militia,
Canada.
