Is This Democracy?

Free enterprise is the law of the jungle!

What is the big idea of building that big Hotel down town for when Alexander students are living in squalor? Is the hotel being built for these needy, depressed students?

NO!! WHY?? BECAUSE!!

Free enterprise is the law of the jungle!

There's Plenty To Go Around

Students will soon be writing examinations!

A certain percent of the students will fail their exams while otehrs will lead their classes and get high marks. They get high marks and they ALSO GET PRIZES!

WHY?

BECAUSE! That's why.

Why are the students at U. N. B. so blind and insensitive to the demands of their more needy students? This is a vital matter, and another flaw in our system of free enterprise. Students with high marks should have their marks averaged with students with low marks, and then there is equality of opportunity. Then priezs should be given to each student by imposing heavier taxes on the Senate. WHAT RIGHT HAS THE SENATE TO DODGE THEIR RESPONSIBILITY WHEN SOME STUDENTS ARE GOING WITHOUT PRIZES???

And Another Thing!!

The Amalgamated Alexander Union of Students have gone en strike! TRUE BUREAUCRACY will support this walk out, as it supports all strikes against Capitalists and Vested Interests and anybody else.

The A. A. U. S. want:

AT CHURCH

The people came. The prelude filled the church, And rose to meet the sun-lit Christ of might; His gentle head was crowned with coloured thorns; Each spike was haloed with a drop of light.

"Let us pray." - She heard and closed her eyes. Thy holy voice addressed the Holy Lamb. She heard no more. At bridge the coming day Should she serve hard-boiled eggs or deviled ham?

"Amen." He roused himself and stood to sing, But saw his flies and fishing-rod appear; The organ piped, and notes rose on the swell, And broke themselves aganist a frozen ear.

The holy man then read the holy text, But soon he saw his congregation nod; He turned his eyes away and looked above, And preached his sermon to a broken god.
