one of the biggest week-ends of the college year will get underway.

A trainload of bodies is expected to arrive sometime shortly after

noon who will proceed with all great haste in an effort to overrun

the campus. To avoid such a futile attempt U.N.B. is sending 15 campus policemen to supplement the 20 Mount A. stalwarts in subduing the anmoals "from up the hill". There is certain to be an

# JOB HUNTING DISMAL ASPECTS IN FULL SWING

Job hunting by UNB seniors is now in full swing

From now until the Christmas recess, seniors have a chance to discuss employment possibilities in both government and industry Starting this week, no fewer than 13 organizations will send representatives to the campus to talk with prospective employees.

In addition, some companies have already completed their recruiting from the Class of 1959.

However, the hopes of less advanced students to receive summer work are not so bright. Among the organizations holding interviews before Christmas, only a few will talk to anyone but a senior, and even these few are interested only in students in their next-to-last year.

There are indications that more non-graduate job opportunities will open up in the New Year, a spokesman for the university's public relations office claimed last week.

For further details on inter- festivals should be listed. life is something that Mount A should aim at when they come to UNB on a football weekend? Their so-called spirit degenerates views scheduled so far, students are asked to check with the pubinto pure hoodlumism. Remember the McLaren Gates? Last lic relations office.

### **RCN** Appoints Mooers To 4 Year Term Here

Small things amuse smaller minds.

Seven men from the "lower deck" of the Royal Canadian Navy have been promoted to the rank of naval cadet and appointed to Canadian universities under the College Training Plan.

One of the new naval cadets is former Leading Seaman Douglas L. Mooers, 24, of Woodstock, N.B., who has been appoint-Montreal. ed to the Universoity of New Brunswick.

Others include: former Petty Officers Robert G. Mustard, 24, of London, Ont., to the University of British Columbia; Ronald tion and will continue his post-W. J. Hahn, 26, of Regina, to the University of British Columbia; graduate work on the same pro-Walter G. Henry, 24, of Chilliwack, B.C., to Queen's University, ject at the University of British and George Laverty, 28, of Edmonton, to the University of Alberta; Columbia. In addition to the former Able Seaman Michael J. Rafferty, 24, of Acton, Ont., to the University of Western Ontario, and Anthony T. Chernushenko, 22, he was also awarded a company of Edmonton and Toronto, to the University of Alberta.

The College Training Plan, similar to the Regular Officer ing the past summer. Each fel-Training Plan, provides an avenue of advancement to eligible young men from the fleet. These men are interviewed by a fleet selection board and, if necessary, are brought up to senior matriculation standard at the RCN Preparatory School at Esquimalt, B.C.

On successfully passing the preparatory school course they may be promoted to naval cadet for appointments at a Canadian services college or university. On completion of the four-year services college or university, they are promoted to the rank of Sublieutenant and are sent to a ship or establishment for naval training. While attending college, professional training is continued throughout the academic year and during the summer.
