Ottawa, Ont. July 9th. 1923.

Dear Arthur:

I have your letter of the 4th. instant.

I am sending it to Doctor Tolmie at once. He has already left for Victoria. His purpose is to commence return on August 1st, and to spend sometime in British Columbia and the prairie provinces on the way. His appointment has been wonderfully well received throughout the country. He has, as you know, a strong Committee here who are responsible for his selection and for the success of our organization.

Yours very truly,

Arthur R. Ford, Esq.,
