LADY BETTY ACROSS THE WATER

THE discovery of America by one of the most engaging, appealing and altogether delicious little English maids that ever "crossed the water." Everybody will be delighted to learn precisely how Lady Betty found us and what things in our life particularly struck her wide-open eyes and gave her food for fun and reflection. Evidently she did not find us all savages for there was one man — but we must not anticipate the charming story which is unfolded.

"She is a dear, delightful heroine with a love story to reveal, which is fresh, naive, and altogether charming; and the manner of its revealing is buoyant and gracious."
Chicago News.

Six illustrations in colors by Orson Lowell. \$1.50
