

THE LOCALITIES INTERESTED ARE
STRONGLY IN FAVOR OF THE
PROPOSED RAILWAY.

THE opinion of the Associated Boards of Trade of eastern British Columbia shows how the project is viewed in the localities directly interested. At the meeting held in Greenwood, B.C., February 28th, 1901, representing, as declared by the resolution, every town in the metalliferous portion of eastern British Columbia and every enterprise whose success depends on the development of mineral resources in that part of the Province the question was fully considered in all its bearings. Not only did the Associated Boards of Trade make a general declaration in favor of free trade in railways but they alluded specifically to the projected line from
