Pain Across the Kidneys  
For Three Years.

**Suffered Great Agony.**  
**Could Not Stoop or Bend.**

No disease is so quiet and stealthy in  
its approach as kidney disease. That is  
why it is so dangerous. It may become  
deep-seated before you realize the danger.  
It is therefore of great importance to  
recognize the early warning symptoms,  
because in its early stage kidney disease  
is easily curable. Pain or dull ache in  
the back is one of the first signs. So are  
bladder pains, bearing-down pains, smart-  
ing sensation when urinating, frequent  
or suppressed urination, and gravel or  
sediment in the urine, etc. You cannot  
be well if your kidneys are not perform-  
ing their functions properly. In all  
ordinary cases of any derangement of the  
kidneys, a few doses of

**DOAN'S KIDNEY PILLS**  
will put the patient right; in old or  
chronic cases, the treatment should be  
persisted in.

Mr. Michael A. McInnis, Woodbine,  
Marion Bridge, N.S., tells of his ex-  
perience: "For the last three years I  
suffered great agony with pain across my  
kidneys, and was so bad that I could not  
stoop or bend. I consulted and had  
several doctors treat me, but I got none  
the better. On the advice of a friend I  
procured a box of that valuable life-  
giving remedy, Doan's Kidney Pills, and  
to my surprise and benefit I immediately  
became better. In my opinion Doan's  
Kidney Pills have no equal as a cure for  
any form of Kidney disease.

was in the Light Brigade.

Robert Loughheed, one of the partici-  
pants in the famous charge of the  
Light Brigade, died on Friday, Oct.  
28, in St. Michael's Hospital, Tor-  
onto. He has been living in Mus-  
koka for a number of years, but  
came to Toronto some time ago,  
and was taken to the hospital on  
Monday night suffering from inter-  
nal troubles. He was the Chief of  
Police of the West Indies at one  
time, and has received a medal from  
the Emperor of France, a presenta-  
tion from Queen Victoria and a let-  
ter from Lord Roberts, all of which  
were on account of conspicuous bravery.  
He was 84 years of age, and  
leaves a widow and a grown-up  
family.

\$100 REWARD \$100.

The readers of this paper will be  
pleased to learn that there is at  
least one dreaded disease that science  
has been able to cure in all its stages,  
and that is Catarrh. Hall's Cat-  
arrh Cure is the only positive cure  
now known to the medical fraterni-  
ty. Catarrh being a constitutional  
disease, requires a constitutional  
treatment. Hall's Catarrh Cure is  
taken internally, acting directly upon  
the mucous surfaces of the system,  
thereby destroying the foundation of  
the disease, and giving the patient  
strength by building up the constitu-  
tion and assisting nature in doing  
its work. The proprietors have so  
much faith in its curative powers  
that they offer One Hundred Dollars  
for any case that it fails to cure.

## Forests and National Prosperity.

As a living example of the conse-  
quences of deforestation we need sim-  
ply look to Spain, a country which cen-  
turies ago was rich in timber and agri-  
cultural products, a proud seafaring  
nation of world conquerors. Spain's  
decadence dates from the time when  
her timber supply became exhausted,  
her shipbuilding relaxed and her bar-  
ren, unprotected soil ceased to bear  
fruit.—Forum.

## WATER IN YOUR BLOOD.

Lots of people have thin, watery  
blood—they eat plenty but don't dig-  
est. When digestion is poor, food  
is not converted into nourishment—in  
consequence the body rapidly loses  
strength. To positively renew health,  
nothing equals Ferrozone. It excites  
sharp appetite, makes the stomach  
digest, forms life sustaining blood.  
Abundant strength is sure to follow.  
If you need more vitality, extra en-  
ergy, better nerves, then use Ferro-  
zone, the medical triumph of the age.  
Fifty cents buys a box of fifty choco-  
late coated Ferrozone tablets.

me to mind my own business, y'know!

business!

but anybody can help becoming stu-  
pid—than he was born.—Lady Helen

## PROVED IN MOUNT FOREST.

Every doctor in this town tried his  
best to relieve Mrs. J. Withom, of  
Asthma: none succeeded. "For  
years," she states, "I was a dreadful  
sufferer; nothing gave relief. At  
times I found it necessary to have  
all the doors and windows open to  
get my breath. When in despair I  
heard of Catarrhazine. I used it and  
now am perfectly cured." This  
proven beyond doubt that any case  
of Asthma is curable with Catarrh-  
azine. No remedy so pleasant, none  
so absolutely certain to thoroughly  
cure; try Catarrhazine yourself; it's  
guaranteed.

## AMERICAN BEAUTY CAKE.

One of the Finest New Confections  
Since Angel Food Came Out.

This cake is a clear light pink all  
the way through. It makes lovely loaf  
cake, loaf with white icing and deco-  
rated with American Beauty roses,  
made by pressing the light pink icing  
through the rose tube of a pastry bag.  
Baked in layers and put together with  
white icing, when sliced this cake is as  
pretty as a flower.

Four cupfuls of flour, sifted twice,  
and then measured; two level teaspoon-  
fuls of baking powder mixed in the  
flour, which must then be sifted the  
third time; two and a half cupfuls of  
sugar, one level cupful of butter, six  
drops of red fruit coloring, the whites  
of eight eggs, one teaspoonful of vani-  
lla extract. Cream the butter and  
sugar together until as light and foamy  
as whipped cream; drop the fruit col-  
oring, one drop at a time, and beat it  
through and through the butter and  
sugar; froth the whites until they will  
not slide from the dish when inverted,  
sift the flour into a mixing bowl and  
make the usual "well" or opening in  
the center. First work in the creamed  
butter and sugar and vanilla, working  
the flour down from the sides, adding  
milk, a little at a time, until all the  
flour is mixed in lightly. Then cut  
the whites in with the side of the  
spoon, through and through, by bring-  
ing the spoon up from the bottom side-  
wise. This folds the whites in the  
batter. Mix very lightly when putting  
in the whites.

Bake in a deep pan, filling it two-  
thirds full. Have the heat of the oven  
moderate, and when the cake takes on  
a golden tinge lay a thick paper over  
the top of the pan. When the cake  
leaves the sides and pipe it is done,  
and not until then. This is decidedly  
the best test. A look into the oven  
will show when the cake has slightly  
peeled away from the sides of the pan.

Baked in layer tins, the cake should  
be watched and as soon as done taken  
from the oven. A deep brown crust on  
the bottom detracts from the dainty  
appearance of layer cake when sliced.

Put the American Beauty cakes to-  
gether with white icing and apply a  
thick, smooth coat of white icing over  
the top and sides. Emboss with pink  
icing. This cake originated in my  
kitchen with an expert pastry cook of  
twenty years' experience.—Mrs. G. T.  
D. in Table Talk.

## FUR FASHIONS.

Garments of Many Materials,  
Accessories and Garnitures.

A twist of fashion's wheel brings up  
the short stole or cravat, a welcome  
change to some women from the heavy

AN ELABORATE HERMINE WRAP.

long stole. The becoming round box  
of old and familiar fashion also makes  
its appearance. Undoubtedly it has in  
many instances a quality of becoming-  
ness not always found in the flat stole  
lately in style. This will bring back  
the long haired and more wiry furs  
that were not well adapted to the flat  
effects.

Hermine continues to be a fashionable  
fur, and the elaborate, not to say fussy,  
schemes that are carried out in fur  
garments this season are well illus-  
trated in an ermine cape with long  
fronts trimmed with cord ornaments  
and long pendants and with wide lace  
frills.

Finger width bands of fur are seen  
and with the redingote style of coat  
may come back the old style of trim-  
ming, and the dressmakers will proba-  
bly make use of fur edgings even in  
evening gowns.

## Fashion's Echoes.

All the splendid dark purple shades  
are in favor.

Fur is to be used in profusion on ev-  
erything but the tailor made.

Dangling ornaments of various  
shapes and colors both in spangles and  
passementerie form the major part of  
the season's details in dress garniture.  
The French dressmakers fashion en-  
tire dresses of the dainty pompadour  
ribbons and filmy chiffon or lace. The  
skirt is of the lace or chiffon, with the  
bodice of the ribbon and directing  
contours of lace or silk.

In tailor made hats the smartest are  
of felt, fuzzy beavers, cloth, shirred  
tulle and small toques and turbans.  
The latter are built of velvet or lustrous  
ribbons.

The heavy satins of our grandmoth-  
ers' time are fashioned into the most  
striking evening gowns, while the  
heavy brocades form appropriate wraps  
to be worn over these beautiful cre-  
ations.

## HER SKIN WAS YELLOW.

"I had only to try Dr. Hamilton's  
Pills to appreciate their merit,"  
writes Miss Annie S. Bryce, of Wood-  
stock. "My system was out of order.  
My blood was weak and thin. I had  
a nasty, murky complexion. My skin  
was hard and dry. The first box of  
Dr. Hamilton's Pills made a complete  
change. I felt better at once. Health-  
ful color came into my face. In  
about three weeks I was cured." Dr.  
Hamilton's Pills effect an easy cure.

## Her First Dinner.

"Yes," said Newlitt, "my wife and  
I are housekeeping now. She prepared  
our first dinner last night with her own  
fair hands."  
"How was it?" asked Bachelor.  
"Well, the nuts and raisins were  
fine."

THE ROOT OF NEURALGIC HEAD-  
ACHE.

Is an irritable condition of the  
nerves caused by cold. Relief comes  
quickly from Nerviline, the great  
pain reliever of to-day. "I consider  
Nerviline a magical remedy for neu-  
ralgia," writes Mrs. E. G. Harris,  
of Baltimore. But I never worry if  
Nerviline is in the house. A few ap-  
plications never yet failed to kill the  
pain. I can also recommend Ner-  
viline for stiffness, rheumatism and  
muscular pains." In use nearly fifty  
years; try Nerviline yourself.

## A Long Way Around.

A man with a large family of daugh-  
ters on his hands may profit by the  
following suggestion: An old lady who  
had several unmarried daughters fed  
them largely on a fish diet because, as  
she ingeniously observed, "fish is rich  
in phosphorus, and phosphorus is use-  
ful in making matches."

Ghostly words frighten many people  
who are not afraid of germs. Yet  
the germ is a real danger. If this  
microscopic animalism could be mag-  
nified to a size in proportion to its  
deadliness it would show like a giant  
python, or fire breathing dragon.  
The one fact to remember is that  
the germ is powerless to harm the  
body when the blood is pure. It is  
far easier to keep the germ out than  
to drive it out after it obtains a hold  
in the system. Dr. Pierce's Golden  
Medical Discovery is the most pow-  
erful and perfect of blood purifying  
medicines. It increases the quantity  
as well as the quality of the blood,  
and enables the body to resist dis-  
ease, or to throw it off if disease has  
obtained a footing in some weak or-  
gan. Wherever the digestion is im-  
paired, the nutrition of the body is  
diminished, for the blood is made  
from the food which is eaten, and  
half digested food cannot supply the  
body with blood in quantity and  
quality adequate to its needs. For  
this condition there is no remedy  
equal to "Golden Medical Discovery."  
It cures ninety-eight out of every  
hundred persons who give it a fair  
trial. When there is constipation  
Dr. Pierce's Pleasant Pellets will  
promptly and permanently cure.

Some people deserve a lot of credit  
and others demand cash.

## MESSRS. C. RICHARDS &amp; CO.

Gents.—After suffering for seven  
years with inflammatory rheumatism  
so bad that I was eleven months con-  
fined to my room, and for two years  
could not dress myself without help,  
your agent gave me a bottle of MIN-  
ARD'S LINIMENT in May, 1897, and  
was so well pleased with the results,  
I procured more. Five bottles com-  
pletely cured me, and I have had no  
return of the pain for eighteen  
months. The above facts are well  
known to everybody in this village  
and neighborhood.

## WON HIM A FORTUNE.

How Genin Got Barnum to Advertise  
Him All Over the Country.

When Jenny Lind, the great Swedish  
singer, visited America in 1858 she not  
only won a fortune for herself, but  
made two men wealthy as well. One  
of them was Barnum, the showman.  
It was Barnum who brought her to  
America. He ventured all that he  
could raise in advertising the wonder-  
ful woman, and his successful manage-  
ment of her tour in this country lifted  
Barnum to grand business success.

But there was another man who got  
rich without having anything to do  
with the management of the Jenny  
Lind concert tour. It was Genin, the  
New York hatter. His name and busi-  
ness were advertised by Barnum where-  
ever the Jenny Lind concerts were ad-  
vertised, and it didn't cost Genin one  
penny for all of the advertising that  
Barnum did for him.

There was no hall in New York big  
enough to accommodate the crowds  
which attended the first concert in this  
country, so Castle Garden was fitted  
up for the purpose, and the seats were  
sold at auction. Now, Genin was an  
unknown hatter, although he was a  
good one. He went to the auction sale  
of seats at Castle Garden and outbid  
everybody. He ran up the price of the  
first ticket until some of his friends  
thought he was going crazy and tried  
to induce him to desist. But Genin  
was not crazy by any means. He kept  
on bidding until he finally got the first  
ticket for \$750. He had outbid the rich-  
est men in New York.

The next day and every day after-  
ward for many months it was an-  
nounced that "Genin, the New York  
hatter, had paid \$750 for the first Jen-  
ny Lind ticket."

And wherever Barnum advertised his  
concert he advertised that fact to show  
what a great attraction he was touring  
with. As a consequence Genin's hats  
were in demand all over this country,  
and he became enormously rich.

## COURTSHIP IN FRANCE.

Lovemaking Begins After the Wed-  
ding Bells Have Rang.

The word "courtship" has no equiv-  
alent in the French tongue, because the  
thing itself does not exist. Stolen  
kisses, even furtive kisses, may,  
of course, be indulged in, but only un-  
der a modified chaperonage, the half  
shut eye of parents or guardians. No  
young French lady would be permitted,  
for instance, to undertake a cycling ex-  
pedition with her future husband. Still  
less could she take train with him for  
the purpose of visiting relations in the  
country were the journey of half an  
hour's duration only. Lovemaking be-  
gins with the honeymoon.

For centuries, alike in the humblest  
as well as the highest ranks, matrimo-  
nial settlements have kept family pos-  
sessions together in France and en-  
riched village notaries!

No sooner was serfdom abolished  
than the peasants followed bourgeois  
example, dowering their daughters and  
securing the interest of their sons by  
law. In provincial archives exist many  
of these documents, the rustic bride's  
portion consisting of furniture, clothes,  
money and sometimes cattle or a bit  
of land. The archives of the Aube  
contain the marriage contract of a  
skilled day laborer (manouvrier) and a  
widow whose property was double that  
of his own. The deed secured him  
joint enjoyment and ownership. I can-  
not here, of course, enter into the in-  
tricacies of the French marriage laws.  
There is the regime dotal, which safe-  
guards the dowry of the wife. There is  
the regime de la communauté, which  
makes wedlock strictly a partnership  
as far as income and earnings are con-  
cerned. And there are minute regula-  
tions as to the provision for children  
and widows. The latter are always  
sacrificed to the former.—Cornhill.

## One of Them For the Company.

A well known comedian celebrated  
for his eccentricities boarded a street  
car the other day and duly paid his  
fare upon demand. After riding a block  
or so farther he produced another nickel  
and tendered the same to the pass-  
ing conductor.

The honest conductor refused the  
proffered coin, while the actor vehem-  
ently protested his desire to pay his  
fare.

"You have given me your fare al-  
ready," argued the man in uniform.  
"I know," responded the comedian,  
"but this is for the company."

Every one laughed excepting the dis-  
comfited conductor, who had omitted  
to register the first collection.

## Your Dear Old Mother.

Young man, did you ever put your  
arms around your dear old mother, who  
has loved and cared for you, and tell  
her that you love her and are grateful  
for the tears she has shed and the  
prayers she has offered for you? She  
may think that you love her without  
your assuring her that you do, but it  
costs you but little effort to tell her,  
and your words may bring more joy  
and sunshine to her heart than you  
ever dreamed of.—Exchange.
